Tobin, principal speaker; Lawrence Quilty, chairman of the dinner; Richard McSpevon, surveyor of customs, Port of New York Authority; rear, Mrs. Raymond McAndrew, president of Ulster County Women's Democratic Club; Fred C. Harder, candidate for county treasurer; John L. Schoonmaker, candidate for member of assembly; William F. Hagan, candidate for state senator and Attorney William A. Kelly, toastmaster. *(Freeman photo)*

Bigger Vote Registered Than Before

State's Election Boards in 62 Counties Give Figures; Service Votes to Tally 100,000

Nassau Is Tops

Populous Area Has Rise of 53 Per Cent Over 1948 Figure

Albany, N. Y., Oct. 22 (AP)—Three quarters of a million more New Yorkers registered for the presidential election Nov. 4 than ever before.

Registration in the state this year totaled 7,825,458—indicating a record turnout of about 7 million voters next month.

The figure is 780,000 over the mark of 7,044,676 set in 1948.

The Associated Press obtained the figures from election boards in each of the state's 62 counties. In addition, about 100,000 state residents in the armed forces are expected to mail ballots.

Only the voting will tell whether the unprecedented registration benefits the Democratic candidate, Gov. Adlai E. Stevenson of Illinois or the Republican nominee, Gen. Dwight D. Eisenhower.

In the 57 counties outside New York city, registration totaled 4,305,987. This is a boost of 577,140, nearly 15½ per cent over the mark of 3,728,847.

In normally Democratic New York, 3,519,471 persons registered, a jump of 203,642, or about 6¼ per cent, over the 3,315,829 four years ago.

Five Are Lower

Only five counties showed lower registrations than in 1948, and the drop was slight in each. All upstate Republican areas, the counties are Cayuga, Chenango, Livingston, Orleans and Wyoming.

The top registration—512,112, was in populous Nassau county, where Republican candidates usually receive a 70-30 edge. Registrations went up 179,643, a rise of about 53 per cent over the 1948 figure of 332,469.

Adjoining Suffolk county, another GOP stronghold on Long Island, registered 198,457, a boost of 44,380 or approximately 22 per cent.

Westchester county, a third Re-

Wicks of the New York State Senate, also chairman of the Ulster County Republican Committee; Assemblyman John Wadlin, Horace Boice, GOP candidate for county treasurer; Arthur Davis, assistant county attorney and Elliott Clark, driver in the caravan. *(Freeman photo)*

Eisenhower Then Goes to Hartford — Gives Major Speech Tonight at Troy

Gets Big Welcome

Police Say 100,000 Give Ike Ovation at Talk in Boston

En route with Eisenhower in the East, Oct. 22 (AP)—Dwight D. Eisenhower carried his near-the-finish drive for the presidency into Negro Harlem for the first time in his campaign today.

Addressing more than 250 Harlem civic leaders and 250 members of a choral group at a breakfast gathering in the Hotel Theresa, the GOP candidate declared:

"I do not intend to bring before you or before America an evil tongue. An evil tongue is found only in disappointed men. I'm no medicine man. I don't have all the answers."

Eisenhower said that "we must make our constitution live. We have to make these things live or our form of government makes no sense."

Stating that "the basic purpose of America is to provide a home for those people who love freedom more than anything else," the general added:

"We must always realize that there is a connection between a deeply felt faith in America and in man who is made to the image of his God."

The aim of the Republican party, he said, was to "make the United States shine brighter before the people of the world."

Goes to Hartford

The general and Mrs. Eisenhower spent about 40 minutes at the breakfast, then left by auto for LaGuardia Field to make a plane connection to Hartford, Conn.

The 62-year-old Republican candidate wasn't sparing himself or his staff as he fought for the 266 electoral votes needed for victory Nov. 4.

In a follow-up to his rousing reception yesterday in Boston, Eisenhower moved on Hartford, Conn., and Springfield and Pittsfield, Mass., as preliminary stops to a major speech tonight at Troy, N. Y.

The three states have a total of 69 electoral votes—New York 45, Massachusetts 16 and Connecticut 8. In the final days of the campaign, this area is a major battleground between Eisenhower and his Democratic opponent, Gov. Adlai E. Stevenson.

Last night both men were heard by the New York Herald Tribune Forum in New York city. Their talks were about as non-political as any such talks could be at this stage of the fiercely fought campaign.

Eisenhower swept through politically-doubtful Massachusetts yesterday to receive a thunderous welcome wherever he went—with Boston putting on the greatest demonstration he has received since he began campaigning.

100,000 Greet Him

Police estimated that up to 100,000 people—perhaps more—crowded into the streets and the Boston Common to give Eisenhower a roaring welcome. It was one of the biggest political demonstrations ever seen in the Irish and Roman Catholic center.

The demonstration, added to those he received in other cities, gave the Eisenhower command hope that the GOP candidate has a strong groundswell running in his favor in New England.

Eisenhower used the Boston appearance as a take-off point to blast "Godless communism" again with an indirect slap at the Democratic leadership in Washington.

He said his reasons for opposing communism aren't theoretical, and then added: "They are not based just on reading books by Marx and Lenin and Stalin. They were reinforced by some first-hand experiences with communism and Communists. And they were not of the Yalta or Potsdam kind, either."

Must Have Leadership

And he said: "If we are to win this deadly struggle with communism, we must have a leadership that can unite us behind great objectives—a leadership morally and spiritually strong."

Driving from Boston to Lynn, Mass.—where he boarded a plane for New York—Eisenhower was

Lewis Insists Miners Get Government-Cut Pay Raise

Long Strike Seems Ahead in Soft Coal Pits—Lewis Fires Barrages at Stabilization Officials, Wants $1.90 Wage Boost

Washington, Oct. 22 (AP)—A long coal strike—possibly extending past the presidential election—seemed in store today with John L. Lewis insisting his miners get all of a government-limited pay raise.

Lewis appears to have turned down a dead-end street by saying striking soft coal miners will return to work only when they get the full $1.90 daily pay raise his United Mine Workers Union had negotiated with the industry.

The government's Wage Stabilization Board (WSB) had shaved 40 cents from this total, saying only $1.50 was allowable under inflation-control policy. Mine owners say they can't violate the government order.

Reducing of negotiated pay raises by the WSB has happened many times in the past, with the unions always accepting the decisions, even though reluctantly.

Fires Bitter Words

But Lewis, in a letter to a chief industry negotiator yesterday, fired a bitter verbal barrage at WSB members and other stabilization officials and wound up by saying the miners will return to their jobs when they get the full $1.90 daily pay raise.

According to Lewis the WSB action was an "attempted thievery" of milk money from miners' babies.

There seemed no way out of the impasse. Either Lewis would have to yield and forget the 40 cents, something he clearly was in no mood to do, or the government would have to back down from its $1.50 limit decree. The mine owners were caught in the middle.

All this posed a problem for the Democratic administration in the home-stretch of the presidential campaign. It is generally considered bad politics to have a big strike in progress at election time. But any yielding to Lewis is bound to have wide repercussions.

Lewis has formally endorsed the Democratic nominee, Adlai Stevenson, but some officials feel he is proving to be something of a liability to Democratic electioneering.

Meanwhile, the strike engulfed virtually the entire industry. At least 325,000 miners were idle and thousands of additional workers were being furloughed by the coal-carrying railroads.

To Hear Arguments

Baltimore, Oct. 22 (AP)—Final arguments on the Grammer murder trial will be heard by Judge Herman M. Moser tomorrow.

Blood Material Is Polio 'Fireman'

Tests of Gamma Globulin Are Made Upon 55,000 Children in U. S.

By ALTON L. BLAKESLEE
(AP Science Reporter)

Cleveland, Oct. 22 (AP)—The first practical way to prevent much paralysis from polio—right now—was disclosed today.

A magical material from human blood, gamma globulin, gives pretty good protection.

The scientific proof came from dramatic tests on 55,000 U. S. children this summer and last. They took the experimental shots—and each got a lollipop to dry his tears from the shock of a needle.

There are drawbacks to this preventative. It is not a vaccine. It protects about five weeks, maybe more. By no means is it the final or best answer to halt polio.

But it could be a fireman to stop localized polio epidemics, saving many children, even adults, from paralysis.

This great stride was announced by Dr. William Mc D. Hammon of the University of Pittsburgh to the American Public Health Association.

Significant Protection

The shots gave really significant protection against all three types of polio virus that can cause human paralysis, Dr. Hammon said.

Gamma globulin—GG for an easy nickname—is a protein in your blood that carried antibodies against disease. If polio virus invades you, you create antibodies to fight it. Most of us have had mild polio we never even knew about, and the GG in our blood contains antibodies against one or more of the three types of polio virus.

GG from human blood was given to half of the 55,000 children. The other half got harmless, useless shots of gelatin, which looked exactly like the straw-colored GG liquid.

90 Were Paralyzed

Ninety of the 54,772 children later developed paralytic polio.

Of them, 64 were kids who had received the useless gelatin.

Twenty-six had gotten the GG shots, a really significant difference. It means that GG kept some youngsters from getting polio.

Some of the 26—maybe even all—may have had polio virus already invading their bodies before the GG could go to work. They might have escaped paralysis if they had received GG earlier.

Apparently, humans swallow polio virus. Within about a week, it goes from the intestines to the bloodstream, staying there four or five days before it starts invading nerves to cause paralysis.

In monkeys, GG given early enough hits and neutralizes the virus while it is still in the blood, before there are any signs of sickness. Results announced today show that the same protection can occur in humans. GG cannot do any good if it is given too late—after or about the time

Housing Forms Ready for Monday, To Open Next Year

Progress of Work Indicates Apartments Will Be Available Next February

Arthur A. Davis, Jr., chairman of the Kingston Housing Authority, said today that work on Colonial Gardens, the city's housing project in the Flatbush avenue area, is expected to be advanced sufficiently for first tenancy by the end of next January or early in February.

Application forms for tenancy will be available on and after Monday, Oct. 27, Davis said. They may be obtained from the housing authority office, third floor in the city hall, or by mail. The forms will be mailed to those who have already left their names at the local authority's office.

Few Tenants at Time

It is planned to admit tenants, a few at a time, as soon as working conditions on the project will permit, Davis said. It was hoped that the project would be ready for the first tenancy during December, but conditions now indicate this will not be possible.

The apartments will be three and a half and five and a half rooms in size and rents will range from $35 to $45.

The project is state-sponsored under the state housing commission's housing plan and will provide for nearly 100 families.

Garage Fire Doused

Firemen were called at 2:34 p. m., yesterday to quench a slight fire in the rear of a garage on the property of Edward Hillis, 154 Highland avenue. The blaze caused some damage to a base board. A call at 7:16 p. m., was for a grass fire in St. Mary's Park, off Foxhall avenue, and another at 8:48 p. m., was for a grass fire on the Ups and Downs, off West Chestnut street.

Taft Voices Confidence

Richmond, Va., Oct. 22 (AP)—Sen. Robert A. Taft says he's confident that "millions of southern Democrats" will vote for Dwight D. Eisenhower "because they, like Virginia's Sen. (Harry F.) Byrd, are opposed to President Truman's policies of all-powerful government domination."

Egg Tossed at Adlai

Elkhart, Ind., Oct. 22 (AP)—An egg was thrown at Gov. Adlai E. Stevenson today as the Democratic presidential nominee left Elkhart. Police detained a young, blonde woman for questioning.

Polls Might Close At 9 P.M. in State

Secretary of State Waits Upon Full Reports on Registration

Albany, Oct. 22 (AP)—The polls in New York state probably will be kept open an extra two hours, until 9 p. m., on Election Day because of the heavy registration of voters.

Under the state election law, Secretary of State Thomas J. Curran may extend the hours if registration exceeds 6 million persons. The polls open at 6 a. m.

Registration this year totaled nearly eight million.

Election officials in New York city announced as soon as registration was completed this month that polls there would be open until 9 p. m. this year. However, under the state election law, Curran is the only one with authority to extend the voting hours.

Voters got an extra two hours in 1944 and 1948.

Curran cannot issue his proclamation extending the voting hours until the State Department's Election Bureau compiles registration totals from all counties. This job may not be completed until Friday.

Council Adopts Ordinance To Raise Sewer Work Fund

Sum of $48,000 to Be Used on Clinton Ave. While Rest Goes to Greenkill

The Common Council adopted a bond and capital note ordinance to raise $59,523.75 for sewer repair work at a recessed meeting last night.

Of the total, $11,523.75 is for repair of a break in the sewer line on Greenkill avenue between Wilbur and Clinton avenues. This work has been completed.

The other $48,000 is for the rebuilding of a block of sewer line on Clinton avenue between Cedar and Henry streets. Recent breaks in both sections caused considerable damage and costly repair work.

The section of trunk line on Clinton avenue will be built with 24-inch extra strength tile pipe. A contract has been awarded for this work.

Of the $59,523.75 to be raised, $8,523.75 will be realized through issuance of capital notes pending sale of the bonds for the balance. First steps toward raising these sums were taken at the regular meeting Oct. 2, and last night's action was final on the measure.

The council adjourned to meet Nov. 10 because the next regular meeting date, Nov. 4 is Election Day. The aldermen are also scheduled to meet as a board of canvassers in the morning of Nov. 10. The only city office involved in this year's election is that of the ninth ward supervisor.

Bills Not Identified

Boston, Oct. 22 (AP)—Massachusetts State Police said today bills recovered from two ex-convicts held in New York could not be identified as part of $681,000 taken in an armored car looting in Danvers, Mass., last March. State police said they had received the information from New York police, but were awaiting fingerprints and photographs of the pair. Held in New York are Joseph Murphy and Eugene Mello, both 42 and both of New York. They were captured yesterday after an armored car driver noticed them trailing his truck carrying a million-dollar cash cargo. More than $4,600 was found in Mello's apartment and serial numbers were checked against those of bills taken in the Danvers looting.

Adlai Aims Barbs At McCarthy, Nixon

Says Two Voted Down Proposals to Stamp Out 'Ism' at Source

En route with Stevenson in Indiana, Oct. 22 (AP)—Gov. Adlai E. Stevenson declared today "the quackery of medicine men who claim to cure the disease with words of hate and loud accusations" cannot banish communism from America.

The Democratic presidential candidate swung into Indiana on his campaign eastward, with a blast at Republicans who have accused him of "coddling communism."

In a speech prepared for delivery on the University of Notre Dame campus, the Illinois governor said these same Republicans were among those who voted against "almost every proposal of the Democratic administration to destroy communism by pulling out—in America and the free world—the roots of poverty and ignorance and insecurity from which it grows."

Although he did not name them, it was obvious Stevenson was aiming his shafts at Sen. Joseph R. McCarthy of Wisconsin and Sen. Richard H. Nixon of California, the GOP vice presidential nominee.

Russell Gives Backing

Stevenson carried along on his whistle-stopping tour a fresh endorsement from Sen. Richard Russell of Georgia, one of the candidates he defeated for the party presidential nomination in Chicago last July.

Russell's praise of the nominee yesterday was calculated to offset in part in the south the previous announcement of Sen. Harry F. Byrd of Virginia that he could not support the Stevenson-Sparkman ticket.

Stevenson said in a statement he was encouraged by Russel's prediction of a Democratic victory, adding that he takes "even greater personal satisfaction from his generous estimate of my capabilities to provide successful leadership."

In his Notre Dame speech, Stevenson praised what he called the foresight of the Roman Catholic Church in opposing communism.

"Your church leaders have approached this disease, communism, not with a politician's bombast, but with the care and method of a doctor," he said.

"The effectiveness of anti-communism is measured not in words but in deeds—deeds of courage when the force of communism must be met by force; deeds of patience and sacrifice when Communist strength must be met by strength controlled by restraint; deeds of charity and generosity when the roots of communism may be best attacked by establishing social justice."

Stevenson said the record of the Democratic party parallels that of the Catholic Church and other faiths in the drive for social justice. He added he believes most Republicans have the same objective.

"But I do say that it seems to me high time that the leaders of the Republican party—or at least one wing of it—start realizing that their opposition to the pro-

(Continued on Page 13, Col. 7)

Comment Is Declined

New York, Oct. 22 (AP)—The New York State Crime Commission declined comment today on a report it has begun a probe of the New York City's Department of Corrections.

20 Per Cent Growth In Population Seen

Washington, Oct. 22 (AP)—The Department of Commerce predicts New York state's population will grow by 2,900,000 persons, or 20 per cent, by 1975.

The department forecast yesterday that the state's 1950 population of 14,830,192 would increase to 17,798,000 in 25 years.

It said the prediction was based on medium estimates drawn from high, medium and low population growth figures.

The report was prepared for the use of the New England-New York Inter-Agency Committee, a presidential group surveying resources and the outlook for the area.

Smaller Crops Are Predicted in State

Reduced Acreage, Drouth Are Held to Blame by Department

Albany, Oct. 22 (AP)—The State Crop Reporting Service predicts many vegetable crops will be smaller this year, because of reduced acreage and last summer's dry spell.

September rains came too late to be of much benefit to summer vegetables, the Crop Reporting Service said.

But yield prospects for late cabbage, carrots, celery and cauliflower were somewhat improved by rainfall last month, the service added.

The crop of canning beets is expected to reach 30,400 tons. This would be an 11 per cent drop from 1951, with 8 per cent fewer acres.

A crop of 170,200 tons of tomatoes for processing is indicated. This would be a drop of 10 per cent from the last year. Tomato acreage this year fell 1,500 acres below 1951's 20,000 acres.

Production of carrots probably will be 1,100,000 bushels, the smallest crop since 1947, and 23 per cent below 1951. Carrot acreage has dropped from 2,500 to 2,200.

A crop of 16,960,000 bushels of Long Island potatoes is foreseen, an increase of 18 per cent over last year. Acreage is up from 48,000 to 53,000.

Upstate, however, potato production probably will be only 12,220,000 bushels, a 10 per cent drop from last year. Potato acreage

Senator Wicks Says Truman Fears Victory By GOP and Disclosure of His Misdeeds

The following address was delivered by Senator Arthur H. Wicks, Ulster county Republican leader, over Station WKNY, Tuesday evening:

Only thirteen days remain until November 4th, that fateful day when the citizens of our country will elect the next president of the United States.

Because of the tremendous importance of that decision, I should like to talk to you tonight, not as a partisan political leader, but as a fellow citizen whom you have known for many years and one who has had long experience in politics and government.

The result of this critical election will vitally affect our country, and your future life, more drastically than many people realize.

Consider first the sad and disgraceful instances of graft and corruption in our national government which have been disclosed. These conditions have already completely impaired public confidence. Are we destined to reach such a state of moral bankruptcy that we as a nation will be unable to resist any enemy, either from within or without?

Not long ago, a newspaper reported a case of a child caught cheating in school. He tried to excuse his conduct by saying that he was not doing anything worse than the politicians did in Washington. To me, this is a tragic example of the effect that dishonesty in high places must ultimately have on the youth of our country. If the Democratic party is returned to power in this election, the American people will be putting their stamp of approval on the graft and corruption in the Democratic administration which has shocked the country.

Of course, the Korean war is another important issue. This election will decide whether we shall bring the war to a successful and victorious conclusion, or whether we shall continue to sacrifice the lives of American boys in an endless war. The Truman administration has involved us in a war that does nothing but drain our economy and the lifeblood of our youth.

The next president of the United States will be the commander-in-chief of our armed forces. Who is best equipped to deal effectively with Joe Stalin in negotiating a quick and successful settlement of the Korean war—a Chicago lawyer or the general who successfully led the mightiest crusade for liberty and freedom the world has ever known? There can be only one answer—General Eisenhower.

I am sure you all deplore the recent conduct of President Truman on his so-called "whistle stop" tour. For the first time in American history, a president of the United States, not himself a candidate, has traveled throughout the country, attempting to

(Continued on Page 5, Col. 2)

Tobin Denies Ike's Charge Prosperity in U.S. Due to War

Secretary of Labor Maurice J. Tobin, former member of the Massachusetts House of Representatives, ex-mayor of Boston and ex-governor of the state of Massachusetts, speaking before the members of the Ulster County Democratic Committee at the annual dinner at The Barn Tuesday evening, charged that a statement made by General Eisenhower in Illinois that the economic gains experienced in this country in recent years were due to existence of war conditions and were not due to "administrative ingenuity," were entirely false.

Tobin charged that General Eisenhower's cloistral life while he served in the army had prevented him from ascertaining or gaining the ability to deal with civil problems. He said that the "secure" life which the general lived following his graduation from West Point had not been conducive to gaining any broad view of economic problems.

Secretary Tobin, who was introduced by Thomas J. Plunket, chairman of the Ulster County Democratic Committee and candidate for district attorney of Ulster county, said in his tour over the northeastern portion of the country he had observed a "high spirit of democracy" and predicted "another 1932 in 1952."

Referring to the "dark days" which preceded the election of Franklin D. Roosevelt in 1932, Tobin said the administrative ingenuity of the Democratic party had been the cause of the country's return to prosperity and not "war economy" as the Republican candidate had charged.

In 1920 following World War 1, when President Woodrow Wilson had led the country to victory, the people sought fit to change to a Republican leadership in Wash-

Bigger Vote Registered Than Before

State's Election Boards in 62 Counties Give Figures; Service Votes to Tally 100,000

Nassau Is Tops

Populous Area Has Rise of 53 Per Cent Over 1948 Figure

Albany, N. Y., Oct. 22 (AP)—Three quarters of a million more New Yorkers registered for the presidential election Nov. 4 than ever before.

Registration in the state this year totaled 7,825,458—indicating a record turnout of about 7 million voters next month.

The figure is 780,000 over the mark of 7,044,676 set in 1948.

The Associated Press obtained the figures from election boards in each of the state's 62 counties. In addition, about 100,000 state residents in the armed forces are expected to mail ballots.

Only the voting will tell whether the unprecedented registration benefits the Democratic candidate, Gov. Adlai E. Stevenson of Illinois or the Republican nominee, Gen. Dwight D. Eisenhower.

In the 57 counties outside New York city, registration totaled 4,305,987. This is a boost of 577,140, nearly 15½ per cent over the mark of 3,728,847.

In normally Democratic New York, 3,519,471 persons registered, a jump of 203,642, or about 6¼ per cent, over the 3,315,829 four years ago.

Five Are Lower

Only five counties showed lower registrations than in 1948, and the drop was slight in each. All upstate Republican areas, the counties are Cayuga, Chenango, Livingston, Orleans and Wyoming.

The top registration—512,112, was in populous Nassau county, where Republican candidates usually receive a 70-30 edge. Registrations went up 179,643, a rise of about 53 per cent over the 1948 figure of 332,469.

Adjoining Suffolk county, another GOP stronghold on Long Island, registered 198,457, a boost of 44,380 or approximately 22 per cent.

Westchester county, a third Re-

Lewis Insists Miners Get Government-Cut Pay Raise

Long Strike Seems Ahead in Soft Coal Pits—Lewis Fires Barrages at Stabilization Officials, Wants $1.90 Wage Boost

Washington, Oct. 22 (AP)—A long coal strike—possibly extending past the presidential election—seemed in store today with John L. Lewis insisting his miners get all of a government-limited pay raise.

Lewis appears to have turned down a dead-end street by saying striking soft coal miners will return to work only when they get the full $1.90 daily pay raise his United Mine Workers Union had negotiated with the industry.

The government's Wage Stabilization Board (WSB) had shaved 40 cents from this total, saying only $1.50 was allowable under inflation-control policy. Mine owners say they can't violate the government order.

Reducing of negotiated pay raises by the WSB has happened many times in the past, with the unions always accepting the decisions, even though reluctantly.

Fires Bitter Words

But Lewis, in a letter to a chief industry negotiator yesterday, fired a bitter verbal barrage at WSB members and other stabilization officials and wound up by saying the miners will return to their jobs when they get the full $1.90 daily pay raise.

According to Lewis the WSB action was an "attempted thievery" of milk money from miners' babies.

There seemed no way out of the impasse. Either Lewis would have to yield and forget the 40 cents, something he clearly was in no mood to do, or the government would have to back down from its $1.50 limit decree. The mine owners were caught in the middle.

All this posed a problem for the Democratic administration in the home-stretch of the presidential campaign. It is generally considered bad politics to have a big strike in progress at election time. But any yielding to Lewis is bound to have wide repercussions.

Lewis has formally endorsed the Democratic nominee, Adlai Stevenson, but some officials feel he is proving to be something of a liability to Democratic electioneering.

Meanwhile, the strike engulfed virtually the entire industry. At least 325,000 miners were idle and thousands of additional workers were being furloughed by the coal-carrying railroads.

To Hear Arguments

Baltimore, Oct. 22 (AP)—Final arguments on the Grammer murder trial will be heard by Judge Herman M. Moser tomorrow.

Blood Material Is Polio 'Fireman'

Tests of Gamma Globulin Are Made Upon 55,000 Children in U. S.

By ALTON L. BLAKESLEE
(AP Science Reporter)

Cleveland, Oct. 22 (AP)—The first practical way to prevent much paralysis from polio—right now—was disclosed today.

A magical material from human blood, gamma globulin, gives pretty good protection.

The scientific proof came from dramatic tests on 55,000 U. S. children this summer and last. They took the experimental shots—and each got a lollipop to dry his tears from the shock of a needle.

There are drawbacks to this preventative. It is not a vaccine. It protects about five weeks, maybe more. By no means is it the final or best answer to halt polio.

But it could be a fireman to stop localized polio epidemics, saving many children, even adults, from paralysis.

This great stride was announced by Dr. William Mc D. Hammon of the University of Pittsburgh to the American Public Health Association.

Significant Protection

The shots gave really significant protection against all three types of polio virus that can cause human paralysis, Dr. Hammon said.

Gamma globulin—GG for an easy nickname—is a protein in your blood that carried antibodies against disease. If polio virus invades you, you create antibodies to fight it. Most of us have had mild polio we never even knew about, and the GG in our blood contains antibodies against one or more of the three types of polio virus.

GG from human blood was given to half of the 55,000 children. The other half got harmless, useless shots of gelatin, which looked exactly like the straw-colored GG liquid.

90 Were Paralyzed

Ninety of the 54,772 children later developed paralytic polio.

Of them, 64 were kids who had received the useless gelatin.

Twenty-six had gotten the GG shots, a really significant difference. It means that GG kept some youngsters from getting polio.

Some of the 26—maybe even all—may have had polio virus already invading their bodies before the GG could go to work. They might have escaped paralysis if they had received GG earlier.

Apparently, humans swallow polio virus. Within about a week, it goes from the intestines to the bloodstream, staying there four or five days before it starts invading nerves to cause paralysis.

In monkeys, GG given early enough hits and neutralizes the virus while it is still in the blood, before there are any signs of sickness. Results announced today show that the same protection can occur in humans. GG cannot do any good if it is given too late—after or about the time

Housing Forms Ready for Monday, To Open Next Year

Progress of Work Indicates Apartments Will Be Available Next February

Arthur A. Davis, Jr., chairman of the Kingston Housing Authority, said today that work on Colonial Gardens, the city's housing project in the Flatbush avenue area, is expected to be advanced sufficiently for first tenancy by the end of next January or early in February.

Application forms for tenancy will be available on and after Monday, Oct. 27, Davis said. They may be obtained from the housing authority office, third floor in the city hall, or by mail. The forms will be mailed to those who have already left their names at the local authority's office.

Few Tenants at Time

It is planned to admit tenants, a few at a time, as soon as working conditions on the project will permit, Davis said. It was hoped that the project would be ready for the first tenancy during December, but conditions now indicate this will not be possible.

The apartments will be three and a half and five and a half rooms in size and rents will range from $35 to $45.

The project is state-sponsored under the state housing commission's housing plan and will provide for nearly 100 families.

Garage Fire Doused

Firemen were called at 2:34 p. m., yesterday to quench a slight fire in the rear of a garage on the property of Edward Hillis, 154 Highland avenue. The blaze caused some damage to a base board. A call at 7:16 p. m., was for a grass fire in St. Mary's Park, off Foxhall avenue, and another at 8:48 p. m., was for a grass fire on the Ups and Downs, off West Chestnut street.

Taft Voices Confidence

Richmond, Va., Oct. 22 (AP)—Sen. Robert A. Taft says he's confident that "millions of southern Democrats" will vote for Dwight D. Eisenhower "because they, like Virginia's Sen. (Harry F.) Byrd, are opposed to President Truman's policies of all-powerful government domination."

Egg Tossed at Adlai

Elkhart, Ind., Oct. 22 (AP)—An egg was thrown at Gov. Adlai E. Stevenson today as the Democratic presidential nominee left Elkhart. Police detained a young, blonde woman for questioning.

Polls Might Close At 9 P.M. in State

Secretary of State Waits Upon Full Reports on Registration

Albany, Oct. 22 (AP)—The polls in New York state probably will be kept open an extra two hours, until 9 p. m., on Election Day because of the heavy registration of voters.

Under the state election law, Secretary of State Thomas J. Curran may extend the hours if registration exceeds 6 million persons. The polls open at 6 a. m.

Registration this year totaled nearly eight million.

Election officials in New York city announced as soon as registration was completed this month that polls there would be open until 9 p. m. this year. However, under the state election law, Curran is the only one with authority to extend the voting hours.

Voters got an extra two hours in 1944 and 1948.

Curran cannot issue his proclamation extending the voting hours until the State Department's Election Bureau compiles registration totals from all counties. This job may not be completed until Friday.

Council Adopts Ordinance To Raise Sewer Work Fund

Sum of $48,000 to Be Used on Clinton Ave. While Rest Goes to Greenkill

The Common Council adopted a bond and capital note ordinance to raise $59,523.75 for sewer repair work at a recessed meeting last night.

Of the total, $11,523.75 is for repair of a break in the sewer line on Greenkill avenue between Wilbur and Clinton avenues. This work has been completed.

The other $48,000 is for the rebuilding of a block of sewer line on Clinton avenue between Cedar and Henry streets. Recent breaks in both sections caused considerable damage and costly repair work.

The section of trunk line on Clinton avenue will be built with 24-inch extra strength tile pipe. A contract has been awarded for this work.

Of the $59,523.75 to be raised, $8,523.75 will be realized through issuance of capital notes pending sale of the bonds for the balance. First steps toward raising these sums were taken at the regular meeting Oct. 2, and last night's action was final on the measure.

The council adjourned to meet Nov. 10 because the next regular meeting date, Nov. 4 is Election Day. The aldermen are also scheduled to meet as a board of canvassers in the morning of Nov. 10. The only city office involved in this year's election is that of the ninth ward supervisor.

Bills Not Identified

Boston, Oct. 22 (AP)—Massachusetts State Police said today bills recovered from two ex-convicts held in New York could not be identified as part of $681,000 taken in an armored car looting in Danvers, Mass., last March. State police said they had received the information from New York police, but were awaiting fingerprints and photographs of the pair. Held in New York are Joseph Murphy and Eugene Mello, both 42 and both of New York. They were captured yesterday after an armored car driver noticed them trailing his truck carrying a million-dollar cash cargo. More than $4,600 was found in Mello's apartment and serial numbers were checked against those of bills taken in the Danvers looting.

Adlai Aims Barbs At McCarthy, Nixon

Says Two Voted Down Proposals to Stamp Out 'Ism' at Source

En route with Stevenson in Indiana, Oct. 22 (AP)—Gov. Adlai E. Stevenson declared today "the quackery of medicine men who claim to cure the disease with words of hate and loud accusations" cannot banish communism from America.

The Democratic presidential candidate swung into Indiana on his campaign eastward, with a blast at Republicans who have accused him of "coddling communism."

In a speech prepared for delivery on the University of Notre Dame campus, the Illinois governor said these same Republicans were among those who voted against "almost every proposal of the Democratic administration to destroy communism by pulling out—in America and the free world—the roots of poverty and ignorance and insecurity from which it grows."

Although he did not name them, it was obvious Stevenson was aiming his shafts at Sen. Joseph R. McCarthy of Wisconsin and Sen. Richard H. Nixon of California, the GOP vice presidential nominee.

Russell Gives Backing

Stevenson carried along on his whistle-stopping tour a fresh endorsement from Sen. Richard Russell of Georgia, one of the candidates he defeated for the party presidential nomination in Chicago last July.

Russell's praise of the nominee yesterday was calculated to offset in part in the south the previous announcement of Sen. Harry F. Byrd of Virginia that he could not support the Stevenson-Sparkman ticket.

Stevenson said in a statement he was encouraged by Russel's prediction of a Democratic victory, adding that he takes "even greater personal satisfaction from his generous estimate of my capabilities to provide successful leadership."

In his Notre Dame speech, Stevenson praised what he called the foresight of the Roman Catholic Church in opposing communism.

"Your church leaders have approached this disease, communism, not with a politician's bombast, but with the care and method of a doctor," he said.

"The effectiveness of anti-communism is measured not in words but in deeds—deeds of courage when the force of communism must be met by force; deeds of patience and sacrifice when Communist strength must be met by strength controlled by restraint; deeds of charity and generosity when the roots of communism may be best attacked by establishing social justice."

Stevenson said the record of the Democratic party parallels that of the Catholic Church and other faiths in the drive for social justice. He added he believes most Republicans have the same objective.

"But I do say that it seems to me high time that the leaders of the Republican party—or at least one wing of it—start realizing that their opposition to the pro-

Comment Is Declined

New York, Oct. 22 (AP)—The New York State Crime Commission declined comment today on a report it has begun a probe of the New York City's Department of Corrections.

20 Per Cent Growth In Population Seen

Washington, Oct. 22 (AP)—The Department of Commerce predicts New York state's population will grow by 2,900,000 persons, or 20 per cent, by 1975.

The department forecast yesterday that the state's 1950 population of 14,830,192 would increase to 17,798,000 in 25 years.

It said the prediction was based on medium estimates drawn from high, medium and low population growth figures.

The report was prepared for the use of the New England-New York Inter-Agency Committee, a presidential group surveying resources and the outlook for the area.

Smaller Crops Are Predicted in State

Reduced Acreage, Drouth Are Held to Blame by Department

Albany, Oct. 22 (AP)—The State Crop Reporting Service predicts many vegetable crops will be smaller this year, because of reduced acreage and last summer's dry spell.

September rains came too late to be of much benefit to summer vegetables, the Crop Reporting Service said.

But yield prospects for late cabbage, carrots, celery and cauliflower were somewhat improved by rainfall last month, the service added.

The crop of canning beets is expected to reach 30,400 tons. This would be an 11 per cent drop from 1951, with 8 per cent fewer acres.

A crop of 170,200 tons of tomatoes for processing is indicated. This would be a drop of 10 per cent from the last year. Tomato acreage this year fell 1,500 acres below 1951's 20,000 acres.

Production of carrots probably will be 1,100,000 bushels, the smallest crop since 1947, and 23 per cent below 1951. Carrot acreage has dropped from 2,500 to 2,200.

A crop of 16,960,000 bushels of Long Island potatoes is foreseen, an increase of 18 per cent over last year. Acreage is up from 48,000 to 53,000.

Upstate, however, potato production probably will be only 12,220,000 bushels, a 10 per cent drop from last year. Potato acreage

Senator Wicks Says Truman Fears Victory By GOP and Disclosure of His Misdeeds

The following address was delivered by Senator Arthur H. Wicks, Ulster county Republican leader, over Station WKNY, Tuesday evening:

Only thirteen days remain until November 4th, that fateful day when the citizens of our country will elect the next president of the United States.

Because of the tremendous importance of that decision, I should like to talk to you tonight, not as a partisan political leader, but as a fellow citizen whom you have known for many years and one who has had long experience in politics and government.

The result of this critical election will vitally affect our country, and your future life, more drastically than many people realize.

Consider first the sad and disgraceful instances of graft and corruption in our national government which have been disclosed. These conditions have already completely impaired public confidence. Are we destined to reach such a state of moral bankruptcy that we as a nation will be unable to resist any enemy, either from within or without?

Not long ago, a newspaper reported a case of a child caught cheating in school. He tried to excuse his conduct by saying that he was not doing anything worse than the politicians did in Washington. To me, this is a tragic example of the effect that dishonesty in high places must ultimately have on the youth of our country. If the Democratic party is returned to power in this election, the American people will be putting their stamp of approval on the graft and corruption in the Democratic administration which has shocked the country.

Of course, the Korean war is another important issue. This election will decide whether we shall bring the war to a successful and victorious conclusion, or whether we shall continue to sacrifice the lives of American boys in an endless war. The Truman administration has involved us in a war that does nothing but drain our economy and the lifeblood of our youth.

The next president of the United States will be the commander-in-chief of our armed forces. Who is best equipped to deal effectively with Joe Stalin in negotiating a quick and successful settlement of the Korean war—a Chicago lawyer or the general who successfully led the mightiest crusade for liberty and freedom the world has ever known? There can be only one answer—General Eisenhower.

I am sure you all deplore the recent conduct of President Truman on his so-called "whistle stop" tour. For the first time in American history, a president of the United States, not himself a candidate, has traveled throughout the country, attempting to

(Continued on Page 5, Col. 2)

Tobin Denies Ike's Charge Prosperity in U.S. Due to War

Secretary of Labor Maurice J. Tobin, former member of the Massachusetts House of Representatives, ex-mayor of Boston and ex-governor of the state of Massachusetts, speaking before the members of the Ulster County Democratic Committee at the annual dinner at The Barn Tuesday evening, charged that a statement made by General Eisenhower in Illinois that the economic gains experienced in this country in recent years were due to existence of war conditions and were not due to "administrative ingenuity," were entirely false.

Tobin charged that General Eisenhower's cloistral life while he served in the army had prevented him from ascertaining or gaining the ability to deal with civil problems. He said that the "secure" life which the general lived following his graduation from West Point had not been conducive to gaining any broad view of economic problems.

Secretary Tobin, who was introduced by Thomas J. Plunket, chairman of the Ulster County Democratic Committee and candidate for district attorney of Ulster county, said in his tour over the northeastern portion of the country he had observed a "high spirit of democracy" and predicted "another 1932 in 1952."

Referring to the "dark days" which preceded the election of Franklin D. Roosevelt in 1932, Tobin said the administrative ingenuity of the Democratic party had been the cause of the country's return to prosperity and not "war economy" as the Republican candidate had charged.

In 1920 following World War 1, when President Woodrow Wilson had led the country to victory, the people sought fit to change to a Republican leadership in Wash-

Jobless Korea Vets Entitled to Fees

Jobless veterans discharged since the start of the Korean conflict are now eligible for unemployment insurance benefits, it has been announced by Donald Moore, state veteran counselor, and Howard Shurter, director of the Ulster County Veterans Service Agency, 32 Main street.

Claims may be filed at the local office or at any of the branches established for the convenience of veterans in Ellenville, Highland, Kerhonkson and Saugerties.

Moore and Shurter said the new Korean GI Bill's unemployment allowance provisions which are now in effect provides for the state of New York, through its state's industrial commissioner, to pay $26 a week for 26 weeks to unemployed veterans who saw service after June 27, 1950. New York state is then reimbursed by the federal government.

They also pointed out that in order to collect this insurance, the veteran must be unemployed through no fault of his own, but must be able to work and not refuse any suitable job. He is required to have an honorable discharge, to have seen 90 days of continuous service except for a service-incurred disability and must not be receiving mustering out pay in the same week he collects unemployment insurance.

It was also noted that Korean veterans cannot collect this federal unemployment benefit until they exhaust any state unemployment benefits due them.

MODENA

Modena, Oct. 21—Mrs. Grace Alsdorf entertained relatives from Staten Island, during the past week. On Wednesday Mrs. Alsdorf accompanied her guests on a motor trip through the Catskill mountains, via Tannersville, Windham, etc. en route to Rip Van Winkle Trail. The party continued on to Kingston, and thence to New Paltz where they visited at the home of Mr. and Mrs. Clifford Alsdorf.

Miss Patricia Green of Savilton was a recent guest of Miss Joan Ann Hartney.

Mrs. Lester A. Wager, Kathleen and Lester Wager, Jr., were visitors in Kingston, Friday.

Mrs. Harry Roosa was a dinner guest of her grandmother, Mrs. Martha Steer in Walden, Wednesday.

Mrs. Solie Bernard and children, Sharon Lee and Donald of Poughkeepsie, Mrs. Ernest Keeping and daughter Susan of Gardiner and Mrs. Bessie Gerow of New Paltz were visitors at the home of Mr. and Mrs. Freston Paltridge last weekend.

Mr. and Mrs. Dimitrius Xenakis of New York were guests of Mr. and Mrs. Tony Mouzithras Sunday.

Mr. and Mrs. Royal C. Davis of Lloyd, frequent visitors here, are spending several days at their camp near Minerva in the Adirondacks.

Mr. and Mrs. Curt Eldred, Mr. and Mrs. James Denton of Highland were visitors in town on Sunday.

Mrs. Albert Molson has employment at Helmont Mills in this locality.

Mr. and Mrs. James Palen and family entertained company at their home Sunday.

Three Convicted In West Shokan Still Operations

New York, Oct. 22 (Special)—Three men charged with operating a still at West Shokan which defrauded the government of $1,000,000 in taxes, were convicted by a Federal Court jury here Tuesday after an eight-day trial.

Scheduled to appear for sentence before Federal Judge Sylvester J. Ryan on October 31 are Vito Giallo, of 17 Prospect street, Brewster, N. Y., Joseph C. Juliano of West Berlin, N. Y., and Antonio Valenti of Brooklyn.

The jury acquitted Sam Schifano, Jr., of New York of the charges, and those against Carlo M. de Julius, of Guttenberg, N. J., were dismissed during the trial because of lack of evidence.

The still operation was carried on at a West Shokan farm from April, 1949, until it was raided by Alcohol Tax Unit agents and state police on February 15, 1950. Estimates of the money lost by the government were made by officials on the basis of the still's capacity and the time it was in operation.

Three men seized at the time of the raid, Joseph Bosco of Saugerties, Frank Lango and Frank Cutugno of Brooklyn, have pleaded guilty to the charge and also will be sentenced on October 31.

Assistant U. S. Attorney Julian A. Frank said two of the remaining men are either in jail or awaiting trial on different charges and will be tried on the still charge at a later date.

The last man is currently in the navy and will not be prosecuted at this time. All three are from New York or Connecticut.

World Production of Sugar

The world production of sugar is about 35 million tons annually. That is enough to fill a box the size of a football field and 6 miles high.

FATHER JOHN'S MEDICINE

Gives TWO important benefits. First it gives prompt relief of cough and throat irritation due to colds by its soothing effect on the throat. Second, it helps build resistance to colds caused by lack of vitamin A. Get Father John's Medicine today and get results.

Gals go for BUSTER BROWN'S Casual Slip-on Eye-catcher

Cute as a button she'll be in these moccasin-style loafers. There's style in their rich tan leather. A gay dash to the matching straps and buckles. But don't let their ladylike looks fool you. These shoes would stand up to a Tomboy. Tough, weather-wise Avonite soles. A trim snugness that clings and caresses from toe to heel. In short, practical . . . but just ever so pretty! Bring your daughter in today.

COMMUNISTS IN GOVERNMENT

General Eisenhower has demonstrated that he knows our stake in the future is threatened today by communism. He has emphasized that if we can solve the problem of communism and national security, then lesser threats to our way of life will tend to solve themselves.

No picture of Washington would be complete without attention to the sinister aspect of Communists in government. But despite the fact that experts have estimated that secrets stolen by these Communists and other spies speeded Russia's atomic development by at least a year, President Truman has dismissed this vital problem by calling it a "red herring."

Stevenson's stand in the case of Alger Hiss, who was finally convicted of perjury for saying he had not turned over secret State Department documents to the Communists, is well known.

Why is it that some of these people in our national government who decry extremes of method in digging out Reds fail to show equal indignation toward the Communist threat?

We wonder how much evidence of real Communist purpose and character men of this sort must have to be convinced. By any measure the Reds have proved their inhumanity, their ruthless urge to conquest and their complete duplicity.

Communism is our deepest peril and nothing else matches this menace to our individual and collective liberties.

President Roosevelt recognized Russia, a thing Republicans had refused to do, and Soviet agencies opened organizational and espionage offices throughout the United States. Communists, heartened by Acting Director of the Budget Paul Appleby's declaration that a government employe "has just as much right to be a member of the Communist Party as he has to be a member of the Democratic or Republican Party," entered government employment.

When Communist trials were finally held in 1949, President Truman said the current rash of trials, spy probes and loyalty investigations were being prompted by a natural desire for headlines.

There is a big job to be done in Washington. So was the landing in Normany, which carried our flag to Berlin.

General Eisenhower did that job. He can do the big job in Washington.

CONTEMPTIBLE RACKET

The Chinese Communists have been practicing a vicious extortion racket with Chinese in the United States as its victims. Appeals for money are mailed to the American Chinese with the warning that unless it is sent promptly loved ones in the old country will be punished or killed. A San Francisco trading firm was recently indicted for aiding in the racket by forwarding such money to Hong Kong whence it made its way into Communist China.

That any government could be a party to such a criminal activity seems almost unbelievable. Trading on love of men for their families is despicable. That the Chinese government should actually instigate such extortion is an indication of the type of men who are now in control of it.

Chinese leaders in this country, cooperating with government officials, have urged that such pleas for money be ignored. There is no assurance that paying the sums asked for will gain mercy for those in China and one successful extortion encourages another. Only when the mobsters are shaken from power will people under their heels be able to know security.

In addition to soybeans, Red China got $740,000 worth of U. S. cotton and $212,000 worth of American fats and oils in 1950. Maybe some of it has been used against us in Korea.

Interest in the election must, of course, wait till more important matters are out of the way—the world series, for example.

The worker who doesn't know the difference between opportunities and difficulties will hardly stumble over either.

'These Days'

By GEORGE SOKOLSKY

IT'S TIME FOR A CHANGE

One of the by-products of the present campaign is the variety of suggestions for changing our system of nomination and election. The proposals represent a normal reaction to a system which has become outmoded by the increase of population in the large cities and by radio and television.

The critics of the present methods of nomination and election usually disregard two factors which are of very great importance:

1. That the nomination of a candidate is strictly a party matter in which the general public can have no voice, if the two-party system is to continue;

2. That elections are, by the Constitution, within the province of each state, to be conducted by each state by whatever method the state chooses.

Any proposal for a change therefore has to take in these restrictions. The two-party system is a valuable institution because by this means dictatorship and tyranny are prevented and the dangers from demagoguery are supposed to be limited. Were there no two-party system, President Truman could have remained in office until he was removed by revolution, as is the practice in countries where a dictatorship is usual; or, he could appoint his successor, as Stalin is doing in Soviet Russia.

The heart of the two-party system is the selection of a candidate by a party convention, the delegates to which are chosen by partisans in each state, according to local rules. The employment of a national primary, which has been suggested, would place a limitation upon the rights of the states. It would be tantamount to holding two elections. As a matter of fact, the primary is already too costly to candidates.

Television has, in many respects, made the party convention appear to be ridiculous. The desire of some delegates to ask for a roll-call so that they can be made visible to the home folks has proved so wasteful of time and has focused attention on the poor quality of the delegations. Unless the secret ballot on voting machines is instituted in the convention, the people will lose confidence in the method altogether.

Another suggestion that has recently been advocated is permanent registration and the two-day election. Permanent registration actually exists in many places. I have now registered and voted in the same election district for 14 years. Each time, I have answered the same questions to the same clerks. This year I waited one hour on line to answer those same questions.

As to two-day voting, that would be useful in the big cities. In some states, the idea is bound to be rejected as unsuited to the circumstances of the place and the people. For instance, in the township of Sandisfield in Massachusetts, where I also live, there are only 300 families. The voting can be done in a few hours. Much of America is like that.

In the big cities, voting is becoming a real hardship because of the delay. A two-day election could be useful, if so devised that the ballots could be cast swiftly and that voters did not postpone their participation to the last moment of the second day.

On the other hand, there would have to be a universal agreement among the election officials of the 48 states, among newspapers and the radio, that no results would be published until the polls had finally been closed in every part of the country. It would be wrong to permit the first day's vote to influence the second day's vote.

Unfortunately there are many who still believe that they like to vote for the winner, which is to stultify the election to a horse race. Such people would be influenced by premature results.

Even without two-day voting, it would be preferable if results were announced two or three days after election day, but that idea will not prove popular. The people want to know the results. In the big cities, the two-day vote would only be practical if a moratorium were declared on election news for the two-day period. Otherwise, the news itself would become a device of electioneering.

Surely, our elections are too complex and too expensive. When this one is over, little thought will be given to this subject until 1956. Yet, something serious ought to be done to reform nominations and elections before then.

That Body of Yours

By JAMES W. BARTON, M.D.

TREATMEN OF ACNE—PIMPLES

Over the years I have written many articles on acne (pimples) because there is always a new group of girls, boys and young adults whose lives are made miserable by having pimples on face, neck, and chest just at the time in their lives when they want to look their best.

For many years there was no known cause of pimples, but the fact that pimples appeared at or near the age of puberty (12 to 14 in girls and 14 to 16 in boys) and remained until the age of 25 to 30 was a sign that pimples had something to do with the sex glands. Thus, just a few years ago one investigator was able to cause pimples on a clear skin by injecting a sex extract.

I have written from time to time about the value of viosterol, starting with 10 drops daily by mouth for two weeks, then 20 drops daily for four weeks, then 10 daily for two moreweeks; that is eight weeks treatment in all. Many patients have been helped by this treatment. Other forms of treatment are vitamins, and cutting down on candy and rich foods.

In the Journal of the American Medical Association, Dr. Helen Dexter, University of Cincinnati, emphasizes that for routine office treatment, the essential or necessary matters on which to question and advise patients with acne are "aggravating factors, such as diet, cosmetic and postural habits — sitting and standing; emotional tension; use of certain drugs, and occupational exposure to oil and grease. The following treatment proved practical and effective in 100 clinic patients with acne vulgaris and should be applicable in any office."

As to diet. Avoid chocolate, cola drinks, and excessive eating of nuts and heavily fried foods.

Patients were warned to keep hands away from the face as heat of hand aggravates the condition. Psychic (emotional) factors were carefully considered and efforts made to relieve sources of tension.

Patients whose work necessitated contact with grease and oil were advised to take great care in their scrub-up after work and to wash thoroughly two or three times daily. Use of an electric razor was advised as it is less irritating.

For treatment of the acne direct, patients were instructed to apply soap to affected areas twice in succession each morning and night. The skin was first moistened with water as hot as could be tolerated, then with light rubbing lather was applied with a soft cloth, left on for 30 to 60 seconds, and finally the skin rinsed with hot water. The object is to remove the sebum (oil) with hot water and soap and then, by applying cold water, to lessen the amount of oil on skin till the drug used on the skin could be applied. Immediately after cold rinse, a medicant of 2 per cent resorcinal, 8 per cent sulphur and 11 per cent alcohol in a flesh-tinted, non greasy base, is applied. All 100 patients were cured or greatly helped.

Acne—Pimples

Read Dr. Barton's helpful booklet on "Acne—Pimples," which you may obtain by sending 25 cents, to cover cost of handling and mailing, to The Bell Syndicate, Inc., in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y.

There Must Be a Better Way Than This!

AS PEGLER SEES IT

By WESTBROOK PEGLER

The civil rights issue is a premeditated fake which few of us understand. I suspect that General Eisenhower does not fully realize what the civil rights program really is or know that it was hatched up by a group of Marxian Socialists and thrust upon us at the 1948 Democratic convention in Philadelphia by the Socialist organization called Americans for Democratic Action.

The deal was so raw that Harry Truman at first refused to accept the ADA's so-called civil rights plank. But, after the party was stuck with him, apparently a certain loser, and he was stuck with the nomination, Truman said, in effect "what have I got to lose?" And so accepted the fraud and campaigned for it. To his own surprise Truman won, but not on the civil rights program, which attracted almost no interest in that campaign.

Many of us think this program has one simple, innocent purpose of putting down "prejudice" by force of law. That is not the case at all. The true purpose is to destroy the very marrow of the whole Constitution. It would extend the authority of the big government in Washington right into the villages. It would throw local police cases into the federal courts, it would give the big government police authority over local elections. And it would compel an individual employer to hire a certain individual no matter how bad the worker's reputation might be.

The committee which drew up the civil rights program frankly admitted in its official report that its recommendations probably were unconstitutional. But it said the venture was worth trying on the chance that the present Supreme Court, packed with political partisans of the Democratic party, would distort the Constitution. Or if this court wouldn't, a future Supreme Court would be more likely to.

If you will read this report you will agree that this is true.

When I read the remarks of some campaign orators, including General Eisenhower, I suspect that they have not really studied the report. Of course, Truman and Stevenson have read it, but this stuff is their political line and they do not gag at a few lies. Knowing what concentration it takes to understand the document and remembering how many letters and long distance calls it required for me to uncover the secret deals behind the scheme, I am reasonably sure that General Eisenhower has not been able to make an independent study. He has been busy with many things abroad and these domestic plots are new business to him and very tricky.

This program would permit the federal government to move into any law-abiding town and inflict punitive fines and personal damages on all the citizens for failing to prevent a lynching. It would inflict humiliation. It is a hateful law designed to humble the pride of the small-town southern people.

It would punish any town which is the scene of a rope-lynching but it would take no notice of the guilt of a town which was the scene of a terrible massacre, such as Herrin, Ill., where 26 men were shot and beaten to death by union terrorists after they had surrendered under a white flag. Such a horror would not be a lynching under this civil rights program. It specifies that no killing which is incidental to a "labor disturbance" is a lynching within the meaning of the law.

Many victims of single rope-lynchings have been unmistakably guilty of a terrible crime. But not one victim of any union mob ever was accused or even suspected of any violation of any public law. The victims of rope-lynching were denied the right to a fair trial but the good citizens who have been killed by union mobs were not even triable because they were as innocent as any person who is reading this column at this moment.

In a Georgia hamlet last year the CIO tried to persuade the local workers in a textile plant to join its union. They declined. Strangers then drifted into town and one day a gang of them upset a car in which an innocent, law-abiding woman was driving to her job. Her neck was broken and she died. But her death wasn't a lynching. As far as the civil rights program was concerned, that poor woman slipped on the soap in her bathtub and broke her neck, you might say.

A few months later, a Negro detective for the National Association for the Advancement of Colored People in Florida was killed by a bomb that blew up his house. His wife was killed too. They were murdered. The crime was no less heinous for the fact that two chief executives of NAACP in recent years have had flagrant records of association with Communist fronts. The NAACP has no mandate from our Negro fellow citizens and many eminent Negroes repudiate and oppose it.

The NAACP was implicated in the Josephine Baker hoax at the Stork Club, which recently exploded into an expose when this old globe-trotting kootch-dancer appeared as the darling of the Peronistas in Buenos Aires. The NAACP seems willing to raise a racial row if only to make publicity. Its chief propagandist, Walter White, made the tactical error of boasting last year that he, personally, was the one who needled Truman into appointing the President's Committee on Civil Rights which drafted the formal program now in controversy. But the great Negro population of our country never has recognized the NAACP or White as their agent.

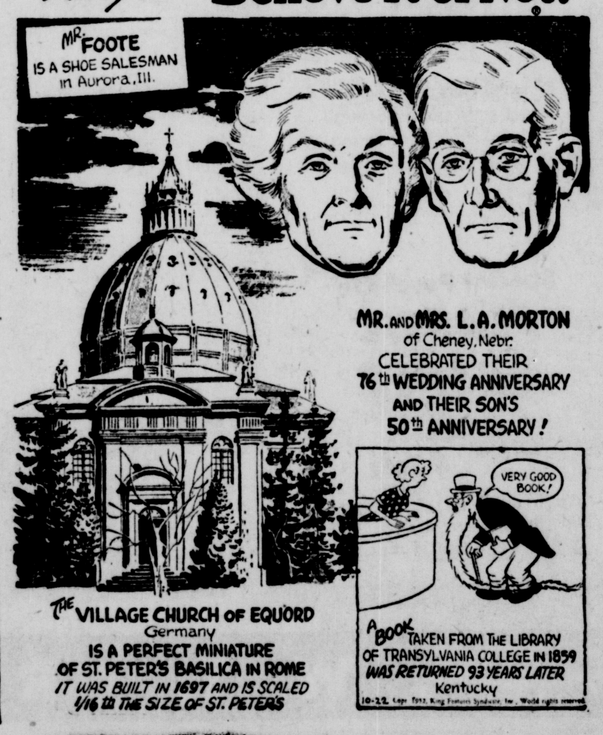

Eleanor Roosevelt and the NAACP raised a great row over the Florida dynamiting and hollered for the FBI, which came a'running.

But they said not a word about the Georgia woman. The FBI took no interest.

This calculated heartlessness is not consistent with the character of our Negro fellow citizens. A majority of them might indorse a federal law against lynching but they would never agree to exempt lynchings done by union goons. That exception is the tipoff which shows that this program was not promoted by the Negroes themselves.

Ripley's Believe It or Not!

Today in Washington

Secretary of Army Pace Says Military Service Will Affect 30,000,000 Americans

By DAVID LAWRENCE

Washington, Oct. 22—With all the charges and countercharges, the truth finally emerges—that the American people are confronted with a basic issue in this campaign. It comes from the lips of the secretary of the army, Frank Pace, Jr., who has just said in a public speech:

"As much as we would like to believe otherwise, we must assume that world conditions will require us to maintain a comparatively large military establishment for some time. Counting the 3,600,000 men and women in the armed forces and the normal yearly turn over, it is reasonable to expect some 10,000,000 of the nation's young people will experience military duty in the foreseeable future. Considering their influence on their immediate families and friends, probably upwards of 30,000,000 Americans will be affected directly or indirectly by their military service."

No other single issue affects so many voters.

More than two years have gone by since the fighting started in Korea. More than 120,000 Americans have been killed or wounded or are missing. No declaration of a state of war has been made by the Congress as provided in the constitution.

No effective program of psychological warfare designed to weaken the hold of the Moscow government on its satellites has been presented by the Democratic administration.

No program of relations with our allies has been developed whereby other nations will share equitably the burden of manpower needs in Korea and elsewhere in the world. This is a failure of American leadership in the United Nations.

The Democratic presidential nominee has offered no program except that of continuous war in Korea. A war of attrition extending ten years or more is what may lie ahead—that's the schedule, to be sure, on which military planning for manpower is realistically based.

The South Korean armies could be trained and equipped to take over much of the burden and the Chinese Nationalists and other volunteer troops could assist, but the Democratic administration refuses to allow friendly Chinese to help, even though China is a member of the UN.

The great danger is that drifting and vacillating policies will produce conditions such as caused Hitler to miscalculate American purposes and intentions. Another world war could ensue after appeasement tactics at Panmunjom, just as it ensued after the appeasement at Munich in 1938.

The administration says the Russians understand only "strength" but the mobilization of Asians to present a strong opposition to communism in the Far East, as suggested by General Eisenhower, is derided and denounced by both President Truman and Governor Stevenson.

The Republican campaign managers will be badly fooled if they allow themselves to be duped by the Truman-Stevenson strategy, which seems to emphasize as important whether the "Old Guard" will influence General Eisenhower on domestic policies or whether the "isolationists" in the Republican party will be dominant on foreign policy.

These are mere devices to draw attention away from the basic issue, which is the "war mess." Actually, General Eisenhower's speeches when he was president of Columbia are exactly along the line of his speeches today. He hasn't changed his basic philosophy, and the talk about his alleged "compromises" is just campaign bunkum.

As for "compromises," the Democrats have a few skeletons in their closet. The most disastrous compromise—the one that helped bring on World War 2—was the tragic way in which, just to get votes at the Democratic national convention in 1932, Franklin D. Roosevelt repudiated publicly his 1920 position in favor of the League of Nations and then followed it up in 1933 by causing the dissolution of the International Economic Conference at London which might have laid plans to hold Europe together against the rise of Hitler. That "compromise" for political expediency cost American lives, whereas the alleged "compromise" of Eisenhower on one or two domestic issues—which has by no means been proved—could not possibly do the American people the injury that World War 2 inflicted.

Governor Stevenson, of course, has "compromised" and shifted in a campaign sense. He did not favor repeal of the Taft-Hartley Act before he was nominated. He now does. He did not favor a compulsory Fair Employment Practices Commission before he was nominated. He now does. He did not hesitate to acknowledge the mistakes in Korea before he was nominated, but now he defends the Truman-Acheson policies.

These are the pressures of a domestic campaign, but they cannot erase the big issue before the people—whether America is to be committed to endless war in Korea and to a program of appeasement that may embolden the aggressor to march again.

GOP Opposition, Money Woes, Plague Southern Democrats

BY PETER EDSON
NEA Washington Correspondent

Washington (NEA) — Republican hopes of winning several Southern states in the presidential race are buoyed up by a couple of new factors in Dixie politics.

The first is that the regular Southern Democratic organizations have never had any opposition from the Republicans before. Democratic leaders don't know what to do with this opposition, and they're running scared. Any little show of Eisenhower enthusiasm is blown up to the proportions of a major catastrophe and causes a yell to Washington for help.

The second factor is that because of the dispute over tidelands oil, a lot of the big money from Texas and Louisiana oil men in particular is going to the Republicans. In years past it has always gone to the Democrats. That makes the Democratic campaign in the South, harder to wage. Instead of taking money out of the South, the Democrats this year are having to pour it in. And they haven't much to pour.

* * *

Latest size-up on how the campaign is going: There's nothing to smear but smear itself.

* * *

Sen. Robert F. Kerr of Oklahoma, who wanted the Democratic presidential nomination for himself, has finally gotten over his disappointment and gone campaigning for the Stevenson-Sparkman ticket in the Southwest, peddling his usual line of medicine-show wisecracks. Here's one he pulled at Waco, Tex.:

"Senator Nixon said last Saturday night that he had to win this election, so he would be in a position to drive from Washington all the second-rate crooks. I guess he meant those who took in less than $18,000."

* * *

U. S. Communist Party will cut the sorriest figure of its 32-year history in this year's elections. Eighty of the party's top leaders have been indicted by the U. S. government for violation of the Smith act. This law, aimed against those seeking to overthrow the American form of government, was held constitutional in 1951. Thirty-one Reds have been convicted under this act and 13 more are on trial in Hawaii and Pennsylvania.

In addition, the U. S. Commie party is on the run financially. The Daily Worker is indulging in one of its periodic appeals for funds to keep going. And the party treasury has been drained by the year-long fight against registration before the Subversive Activities Control Board. In addition to whatever fees were paid the party lawyers, Vito Marcantonio and John Abt, they had to buy 14,000 pages of testimony transcript at 40 cents a page, which cost them $5600. They're screaming about it.

* * *

All during the campaign, the Republicans have been beating Democratic presidential candidate Adlai Stevenson over the head for this pre-convention statement:

"I have no ambition for the nomination. I have no fitness, temperamentally, mentally, or physically for the job. I just don't want to be nominated."

But now, at the end of the campaign, Republican National Committee headquarters has come up with a printed statement that, Ike's real thoughts run like this:

"'For myself, I certainly don't want to be President of the United States. I did not so much seek the office — my thought is that many people who thought the nation needed a change sought me, and perhaps a leadership not predicated upon political partisanship.'"

* * *

Political maneuvers often backfire, but it's unusual when they backfire twice—once each way. That's what happened in the statement by the 23 Columbia University professors who criticized California Sen. Dick Nixon's $18,000 extra expense fund as a "vicious example."

Defenders of Senator Nixon were quick to point out that nine of the 23 professors were listed in files of the House of Representatives Un-American Activities Committee.

To this the critics of Senator Nixon promptly replied in effect, "Columbia University! Oh, yes! Isn't that the school that General Eisenhower was president of? Is he the man who is going to root the left-wingers out of government? Why didn't he root them out of the Columbia faculty, to show how it could be done?"

* * *

There will be at least 69 new

(Continued on Page 5, Col. 7)

Twenty and Ten Years Ago

Oct. 22, 1932—The final city registration was 15,193.

The Kingston High School football team defeated Middletown 6-2

Miss Ann Dohrmann and Joseph Maroldt were married at Highland.

Miss Gertrude W. Terwilliger of Pine street and Eric A. Roundburg of Boston were married at the home of the bride.

Albert C. Brown died at his Saugerties home.

Oct. 22, 1942—Harold Grumme, president of the Kingston Venetian Blind Co., leased the first floor of his building to Dixon & Ripple, a brush manufacturing concern from Newark, N. J.

The U. S. Civil Service Commission announced an examination would be held to fill the position of postmaster at Tillson.

Local officials planned a parade for 85 inductees scheduled to leave here for Camp Upton Oct. 27.

Four persons were fatally injured when cars driven by air raid wardens collided at Ashokan during a blackout test.

So They Say...

Mr. O'Dwyer's presence continues to be damaging to Mexican-American relations.
—Mexico City merchant Carlos Solulas, commenting on the American ambassador to Mexico, William O'Dwyer.

* * *

It is particularly agreeable to me that in this late date in my life I can pass from a profession of destruction to one of construction.
—Gen. Douglas MacArthur.

* * *

I don't know what to expect from army life, but I guess few other fellows do, either, when they're inducted.
—Arthur Weinfeld, America's one-millionth draftee.

Questions — Answers

Q—What country inaugurated an old-age pension program?
A—Germany in 1889.

* * *

Q—What American helped establish the Canadian postal system?
A—Benjamin Franklin.

* * *

Q—Did the United States retain Corregidor after the Philippines gained their independence?
A—No.

COMMUNISTS IN GOVERNMENT

General Eisenhower has demonstrated that he knows our stake in the future is threatened today by communism. He has emphasized that if we can solve the problem of communism and national security, then lesser threats to our way of life will tend to solve themselves.

No picture of Washington would be complete without attention to the sinister aspect of Communists in government. But despite the fact that experts have estimated that secrets stolen by these Communists and other spies speeded Russia's atomic development by at least a year, President Truman has dismissed this vital problem by calling it a "red herring."

Stevenson's stand in the case of Alger Hiss, who was finally convicted of perjury for saying he had not turned over secret State Department documents to the Communists, is well known.

Why is it that some of these people in our national government who decry extremes of method in digging out Reds fail to show equal indignation toward the Communist threat?

We wonder how much evidence of real Communist purpose and character men of this sort must have to be convinced. By any measure the Reds have proved their inhumanity, their ruthless urge to conquest and their complete duplicity.

Communism is our deepest peril and nothing else matches this menace to our individual and collective liberties.

President Roosevelt recognized Russia, a thing Republicans had refused to do, and Soviet agencies opened organizational and espionage offices throughout the United States. Communists, heartened by Acting Director of the Budget Paul Appleby's declaration that a government employe "has just as much right to be a member of the Communist Party as he has to be a member of the Democratic or Republican Party," entered government employment.

When Communist trials were finally held in 1949, President Truman said the current rash of trials, spy probes and loyalty investigations were being prompted by a natural desire for headlines.

There is a big job to be done in Washington. So was the landing in Normany, which carried our flag to Berlin.

General Eisenhower did that job. He can do the big job in Washington.

CONTEMPTIBLE RACKET

The Chinese Communists have been practicing a vicious extortion racket with Chinese in the United States as its victims. Appeals for money are mailed to the American Chinese with the warning that unless it is sent promptly loved ones in the old country will be punished or killed. A San Francisco trading firm was recently indicted for aiding in the racket by forwarding such money to Hong Kong whence it made its way into Communist China.

That any government could be a party to such a criminal activity seems almost unbelievable. Trading on love of men for their families is despicable. That the Chinese government should actually instigate such extortion is an indication of the type of men who are now in control of it.

Chinese leaders in this country, cooperating with government officials, have urged that such pleas for money be ignored. There is no assurance that paying the sums asked for will gain mercy for those in China and one successful extortion encourages another. Only when the mobsters are shaken from power will people under their heels be able to know security.

In addition to soybeans, Red China got $740,000 worth of U. S. cotton and $212,000 worth of American fats and oils in 1950. Maybe some of it has been used against us in Korea.

Interest in the election must, of course, wait till more important matters are out of the way—the world series, for example.

The worker who doesn't know the difference between opportunities and difficulties will hardly stumble over either.

'These Days'

By GEORGE SOKOLSKY

IT'S TIME FOR A CHANGE

One of the by-products of the present campaign is the variety of suggestions for changing our system of nomination and election. The proposals represent a normal reaction to a system which has become outmoded by the increase of population in the large cities and by radio and television.

The critics of the present methods of nomination and election usually disregard two factors which are of very great importance:

1. That the nomination of a candidate is strictly a party matter in which the general public can have no voice, if the two-party system is to continue;

2. That elections are, by the Constitution, within the province of each state, to be conducted by each state by whatever method the state chooses.

Any proposal for a change therefore has to take in these restrictions. The two-party system is a valuable institution because by this means dictatorship and tyranny are prevented and the dangers from demagoguery are supposed to be limited. Were there no two-party system, President Truman could have remained in office until he was removed by revolution, as is the practice in countries where a dictatorship is usual; or, he could appoint his successor, as Stalin is doing in Soviet Russia.

The heart of the two-party system is the selection of a candidate by a party convention, the delegates to which are chosen by partisans in each state, according to local rules. The employment of a national primary, which has been suggested, would place a limitation upon the rights of the states. It would be tantamount to holding two elections. As a matter of fact, the primary is already too costly to candidates.

Television has, in many respects, made the party convention appear to be ridiculous. The desire of some delegates to ask for a roll-call so that they can be made visible to the home folks has proved so wasteful of time and has focused attention on the poor quality of the delegations. Unless the secret ballot on voting machines is instituted in the convention, the people will lose confidence in the method altogether.

Another suggestion that has recently been advocated is permanent registration and the two-day election. Permanent registration actually exists in many places. I have now registered and voted in the same election district for 14 years. Each time, I have answered the same questions to the same clerks. This year I waited one hour on line to answer those same questions.

As to two-day voting, that would be useful in the big cities. In some states, the idea is bound to be rejected as unsuited to the circumstances of the place and the people. For instance, in the township of Sandisfield in Massachusetts, where I also live, there are only 300 families. The voting can be done in a few hours. Much of America is like that.

In the big cities, voting is becoming a real hardship because of the delay. A two-day election could be useful, if so devised that the ballots could be cast swiftly and that voters did not postpone their participation to the last moment of the second day.

On the other hand, there would have to be a universal agreement among the election officials of the 48 states, among newspapers and the radio, that no results would be published until the polls had finally been closed in every part of the country. It would be wrong to permit the first day's vote to influence the second day's vote.

Unfortunately there are many who still believe that they like to vote for the winner, which is to stultify the election to a horse race. Such people would be influenced by premature results.

Even without two-day voting, it would be preferable if results were announced two or three days after election day, but that idea will not prove popular. The people want to know the results. In the big cities, the two-day vote would only be practical if a moratorium were declared on election news for the two-day period. Otherwise, the news itself would become a device of electioneering.

Surely, our elections are too complex and too expensive. When this one is over, little thought will be given to this subject until 1956. Yet, something serious ought to be done to reform nominations and elections before then.

That Body of Yours

By JAMES W. BARTON, M.D.

TREATMEN OF ACNE—PIMPLES

Over the years I have written many articles on acne (pimples) because there is always a new group of girls, boys and young adults whose lives are made miserable by having pimples on face, neck, and chest just at the time in their lives when they want to look their best.

For many years there was no known cause of pimples, but the fact that pimples appeared at or near the age of puberty (12 to 14 in girls and 14 to 16 in boys) and remained until the age of 25 to 30 was a sign that pimples had something to do with the sex glands. Thus, just a few years ago one investigator was able to cause pimples on a clear skin by injecting a sex extract.

I have written from time to time about the value of viosterol, starting with 10 drops daily by mouth for two weeks, then 20 drops daily for four weeks, then 10 daily for two moreweeks; that is eight weeks treatment in all. Many patients have been helped by this treatment. Other forms of treatment are vitamins, and cutting down on candy and rich foods.

In the Journal of the American Medical Association, Dr. Helen Dexter, University of Cincinnati, emphasizes that for routine office treatment, the essential or necessary matters on which to question and advise patients with acne are "aggravating factors, such as diet, cosmetic and postural habits — sitting and standing; emotional tension; use of certain drugs, and occupational exposure to oil and grease. The following treatment proved practical and effective in 100 clinic patients with acne vulgaris and should be applicable in any office."

As to diet. Avoid chocolate, cola drinks, and excessive eating of nuts and heavily fried foods.

Patients were warned to keep hands away from the face as heat of hand aggravates the condition. Psychic (emotional) factors were carefully considered and efforts made to relieve sources of tension.

Patients whose work necessitated contact with grease and oil were advised to take great care in their scrub-up after work and to wash thoroughly two or three times daily. Use of an electric razor was advised as it is less irritating.

For treatment of the acne direct, patients were instructed to apply soap to affected areas twice in succession each morning and night. The skin was first moistened with water as hot as could be tolerated, then with light rubbing lather was applied with a soft cloth, left on for 30 to 60 seconds, and finally the skin rinsed with hot water. The object is to remove the sebum (oil) with hot water and soap and then, by applying cold water, to lessen the amount of oil on skin till the drug used on the skin could be applied. Immediately after cold rinse, a medicant of 2 per cent resorcinal, 8 per cent sulphur and 11 per cent alcohol in a flesh-tinted, non greasy base, is applied. All 100 patients were cured or greatly helped.

Acne—Pimples

There Must Be a Better Way Than This!

AS PEGLER SEES IT

By WESTBROOK PEGLER

The civil rights issue is a premeditated fake which few of us understand. I suspect that General Eisenhower does not fully realize what the civil rights program really is or know that it was hatched up by a group of Marxian Socialists and thrust upon us at the 1948 Democratic convention in Philadelphia by the Socialist organization called Americans for Democratic Action.

The deal was so raw that Harry Truman at first refused to accept the ADA's so-called civil rights plank. But, after the party was stuck with him, apparently a certain loser, and he was stuck with the nomination, Truman said, in effect "what have I got to lose?" And so accepted the fraud and campaigned for it. To his own surprise Truman won, but not on the civil rights program, which attracted almost no interest in that campaign.

Many of us think this program has one simple, innocent purpose of putting down "prejudice" by force of law. That is not the case at all. The true purpose is to destroy the very marrow of the whole Constitution. It would extend the authority of the big government in Washington right into the villages. It would throw local police cases into the federal courts, it would give the big government police authority over local elections. And it would compel an individual employer to hire a certain individual no matter how bad the worker's reputation might be.

The committee which drew up the civil rights program frankly admitted in its official report that its recommendations probably were unconstitutional. But it said the venture was worth trying on the chance that the present Supreme Court, packed with political partisans of the Democratic party, would distort the Constitution. Or if this court wouldn't, a future Supreme Court would be more likely to.

If you will read this report you will agree that this is true.

When I read the remarks of some campaign orators, including General Eisenhower, I suspect that they have not really studied the report. Of course, Truman and Stevenson have read it, but this stuff is their political line and they do not gag at a few lies. Knowing what concentration it takes to understand the document and remembering how many letters and long distance calls it required for me to uncover the secret deals behind the scheme, I am reasonably sure that General Eisenhower has not been able to make an independent study. He has been busy with many things abroad and these domestic plots are new business to him and very tricky.

This program would permit the federal government to move into any law-abiding town and inflict punitive fines and personal damages on all the citizens for failing to prevent a lynching. It would inflict humiliation. It is a hateful law designed to humble the pride of the small-town southern people.

It would punish any town which is the scene of a rope-lynching but it would take no notice of the guilt of a town which was the scene of a terrible massacre, such as Herrin, Ill., where 26 men were shot and beaten to death by union terrorists after they had surrendered under a white flag. Such a horror would not be a lynching under this civil rights program. It specifies that no killing which is incidental to a "labor disturbance" is a lynching within the meaning of the law.

Many victims of single rope-lynchings have been unmistakably guilty of a terrible crime. But not one victim of any union mob ever was accused or even suspected of any violation of any public law. The victims of rope-lynching were denied the right to a fair trial but the good citizens who have been killed by union mobs were not even triable because they were as innocent as any person who is reading this column at this moment.

In a Georgia hamlet last year the CIO tried to persuade the local workers in a textile plant to join its union. They declined. Strangers then drifted into town and one day a gang of them upset a car in which an innocent, law-abiding woman was driving to her job. Her neck was broken and she died. But her death wasn't a lynching. As far as the civil rights program was concerned, that poor woman slipped on the soap in her bathtub and broke her neck, you might say.

A few months later, a Negro detective for the National Association for the Advancement of Colored People in Florida was killed by a bomb that blew up his house. His wife was killed too. They were murdered. The crime was no less heinous for the fact that two chief executives of NAACP in recent years have had flagrant records of association with Communist fronts. The NAACP has no mandate from our Negro fellow citizens and many eminent Negroes repudiate and oppose it.

The NAACP was implicated in the Josephine Baker hoax at the Stork Club, which recently exploded into an expose when this old globe-trotting kootch-dancer appeared as the darling of the Peronistas in Buenos Aires. The NAACP seems willing to raise a racial row if only to make publicity. Its chief propagandist, Walter White, made the tactical error of boasting last year that he, personally, was the one who needled Truman into appointing the President's Committee on Civil Rights which drafted the formal program now in controversy. But the great Negro population of our country never has recognized the NAACP or White as their agent.

Eleanor Roosevelt and the NAACP raised a great row over the Florida dynamiting and hollered for the FBI, which came a'running.

But they said not a word about the Georgia woman. The FBI took no interest.

This calculated heartlessness is not consistent with the character of our Negro fellow citizens. A majority of them might indorse a federal law against lynching but they would never agree to exempt lynchings done by union goons. That exception is the tipoff which shows that this program was not promoted by the Negroes themselves.

Secretary of Army Pace Says Military Service Will Affect 30,000,000 Americans

By DAVID LAWRENCE

Washington, Oct. 22—With all the charges and countercharges, the truth finally emerges—that the American people are confronted with a basic issue in this campaign. It comes from the lips of the secretary of the army, Frank Pace, Jr., who has just said in a public speech:

"As much as we would like to believe otherwise, we must assume that world conditions will require us to maintain a comparatively large military establishment for some time. Counting the 3,600,000 men and women in the armed forces and the normal yearly turn over, it is reasonable to expect some 10,000,000 of the nation's young people will experience military duty in the foreseeable future. Considering their influence on their immediate families and friends, probably upwards of 30,000,000 Americans will be affected directly or indirectly by their military service."

No other single issue affects so many voters.

More than two years have gone by since the fighting started in Korea. More than 120,000 Americans have been killed or wounded or are missing. No declaration of a state of war has been made by the Congress as provided in the constitution.

No effective program of psychological warfare designed to weaken the hold of the Moscow government on its satellites has been presented by the Democratic administration.

No program of relations with our allies has been developed whereby other nations will share equitably the burden of manpower needs in Korea and elsewhere in the world. This is a failure of American leadership in the United Nations.

The Democratic presidential nominee has offered no program except that of continuous war in Korea. A war of attrition extending ten years or more is what may lie ahead—that's the schedule, to be sure, on which military planning for manpower is realistically based.

The South Korean armies could be trained and equipped to take over much of the burden and the Chinese Nationalists and other volunteer troops could assist, but the Democratic administration refuses to allow friendly Chinese to help, even though China is a member of the UN.

The great danger is that drifting and vacillating policies will produce conditions such as caused Hitler to miscalculate American purposes and intentions. Another world war could ensue after appeasement tactics at Panmunjom, just as it ensued after the appeasement at Munich in 1938.

The administration says the Russians understand only "strength" but the mobilization of Asians to present a strong opposition to communism in the Far East, as suggested by General Eisenhower, is derided and denounced by both President Truman and Governor Stevenson.

The Republican campaign managers will be badly fooled if they allow themselves to be duped by the Truman-Stevenson strategy, which seems to emphasize as important whether the "Old Guard" will influence General Eisenhower on domestic policies or whether the "isolationists" in the Republican party will be dominant on foreign policy.

These are mere devices to draw attention away from the basic issue, which is the "war mess." Actually, General Eisenhower's speeches when he was president of Columbia are exactly along the line of his speeches today. He hasn't changed his basic philosophy, and the talk about his alleged "compromises" is just campaign bunkum.

As for "compromises," the Democrats have a few skeletons in their closet. The most disastrous compromise—the one that helped bring on World War 2—was the tragic way in which, just to get votes at the Democratic national convention in 1932, Franklin D. Roosevelt repudiated publicly his 1920 position in favor of the League of Nations and then followed it up in 1933 by causing the dissolution of the International Economic Conference at London which might have laid plans to hold Europe together against the rise of Hitler. That "compromise" for political expediency cost American lives, whereas the alleged "compromise" of Eisenhower on one or two domestic issues—which has by no means been proved—could not possibly do the American people the injury that World War 2 inflicted.

Governor Stevenson, of course, has "compromised" and shifted in a campaign sense. He did not favor repeal of the Taft-Hartley Act before he was nominated. He now does. He did not favor a compulsory Fair Employment Practices Commission before he was nominated. He now does. He did not hesitate to acknowledge the mistakes in Korea before he was nominated, but now he defends the Truman-Acheson policies.

These are the pressures of a domestic campaign, but they cannot erase the big issue before the people—whether America is to be committed to endless war in Korea and to a program of appeasement that may embolden the aggressor to march again.

GOP Opposition, Money Woes, Plague Southern Democrats

BY PETER EDSON
NEA Washington Correspondent

Washington (NEA) — Republican hopes of winning several Southern states in the presidential race are buoyed up by a couple of new factors in Dixie politics.

The first is that the regular Southern Democratic organizations have never had any opposition from the Republicans before. Democratic leaders don't know what to do with this opposition, and they're running scared. Any little show of Eisenhower enthusiasm is blown up to the proportions of a major catastrophe and causes a yell to Washington for help.

The second factor is that because of the dispute over tidelands oil, a lot of the big money from Texas and Louisiana oil men in particular is going to the Republicans. In years past it has always gone to the Democrats. That makes the Democratic campaign in the South, harder to wage. Instead of taking money out of the South, the Democrats this year are having to pour it in. And they haven't much to pour.

* * *

Latest size-up on how the campaign is going: There's nothing to smear but smear itself.

* * *

Sen. Robert F. Kerr of Oklahoma, who wanted the Democratic presidential nomination for himself, has finally gotten over his disappointment and gone campaigning for the Stevenson-Sparkman ticket in the Southwest, peddling his usual line of medicine-show wisecracks. Here's one he pulled at Waco, Tex.:

"Senator Nixon said last Saturday night that he had to win this election, so he would be in a position to drive from Washington all the second-rate crooks. I guess he meant those who took in less than $18,000."

* * *

U. S. Communist Party will cut the sorriest figure of its 32-year history in this year's elections. Eighty of the party's top leaders have been indicted by the U. S. government for violation of the Smith act. This law, aimed against those seeking to overthrow the American form of government, was held constitutional in 1951. Thirty-one Reds have been convicted under this act and 13 more are on trial in Hawaii and Pennsylvania.

In addition, the U. S. Commie party is on the run financially. The Daily Worker is indulging in one of its periodic appeals for funds to keep going. And the party treasury has been drained by the year-long fight against registration before the Subversive Activities Control Board. In addition to whatever fees were paid the party lawyers, Vito Marcantonio and John Abt, they had to buy 14,000 pages of testimony transcript at 40 cents a page, which cost them $5600. They're screaming about it.

* * *

All during the campaign, the Republicans have been beating Democratic presidential candidate Adlai Stevenson over the head for this pre-convention statement:

"I have no ambition for the nomination. I have no fitness, temperamentally, mentally, or physically for the job. I just don't want to be nominated."

But now, at the end of the campaign, Republican National Committee headquarters has come up with a printed statement that, Ike's real thoughts run like this:

"'For myself, I certainly don't want to be President of the United States. I did not so much seek the office — my thought is that many people who thought the nation needed a change sought me, and perhaps a leadership not predicated upon political partisanship.'"

* * *

Political maneuvers often backfire, but it's unusual when they backfire twice—once each way. That's what happened in the statement by the 23 Columbia University professors who criticized California Sen. Dick Nixon's $18,000 extra expense fund as a "vicious example."

Defenders of Senator Nixon were quick to point out that nine of the 23 professors were listed in files of the House of Representatives Un-American Activities Committee.

To this the critics of Senator Nixon promptly replied in effect, "Columbia University! Oh, yes! Isn't that the school that General Eisenhower was president of? Is he the man who is going to root the left-wingers out of government? Why didn't he root them out of the Columbia faculty, to show how it could be done?"

* * *

There will be at least 69 new

(Continued on Page 5, Col. 7)

So They Say...

Mr. O'Dwyer's presence continues to be damaging to Mexican-American relations.
—Mexico City merchant Carlos Solulas, commenting on the American ambassador to Mexico, William O'Dwyer.

* * *

It is particularly agreeable to me that in this late date in my life I can pass from a profession of destruction to one of construction.
—Gen. Douglas MacArthur.

* * *

I don't know what to expect from army life, but I guess few other fellows do, either, when they're inducted.
—Arthur Weinfeld, America's one-millionth draftee.

Questions — Answers

Q—What country inaugurated an old-age pension program?
A—Germany in 1889.

* * *

Q—What American helped establish the Canadian postal system?
A—Benjamin Franklin.

* * *

Q—Did the United States retain Corregidor after the Philippines gained their independence?
A—No.

Versatile Grain

Native Peruvian Indians use quinoa, one of the few grains that can flourish in the high altitudes of the Andes, as a feed, food, and beverage.

Manual Going Out

Albany, N. Y., Oct. 22 (AP)—The state has begun distribution of its two-volume 1952 legislative manual, a reference source of basic information of federal, state and local governments. The secretary of state started issuing 16,000 copies of the 1,405-page manual yesterday.

Uses of Sugar

Less than half the sugar consumed in the United States goes directly into home kitchens, most of it being used first by food manufacturers.

Senator Wicks Says

arouse class against class, religion against religion, and race against race, in the most amazing and abusive exhibition our nation has ever seen.

In every minute of every day he has violated the eighth commandment which says: "Thou shalt not bear false witness against thy neighbor." Truman has uttered the most contemptible and false libels about General Eisenhower—the same General Eisenhower selected by President Roosevelt to head the European crusade which crushed Hitler and the same General Eisenhower to whom Truman offered the Democratic presidential nomination in 1948.

You should ask yourself: Why has Truman for the past two months neglected his important post as President of the United States in these critical times to travel throughout the country to engage in this campaign of vilification and slander? He is desperately seeking Governor Stevenson's election in the hope that this will forever prevent a full public disclosure of the misdeeds of his administration.

Frankly, the once great Democratic party, now controlled by socialists and left-wingers, has forfeited the loyalty and support of all patriotic American citizens.

I am daily receiving evidence that thousands of patriotic Democrats can no longer stomach the actions of their party and are this year voting the Republican ticket—many for the first time. These good citizens realize that a great Republic like ours must die once its public morality and national honor has sunk to the level that brings disintegration.

Yes, my friends, there are many issues in this campaign. But there is one issue which alone disqualifies the Democratic administration from continuing in office. And that issue is communism in government.

To understand the danger to America from this Red menace, one must look back at the Russian empire of 40 years ago. Russia was then a weak nation under the Czars. In 1917, during the Russian Revolution, a small band of Bolsheviks captured control of the Russian government. By 1940 this small number of ruthless Communists had "liquidated" all Russians who stood in their way.

Since 1940, in 12 short years, Russia has swallowed up countless nations and enslaved them behind the Iron Curtain. Listen to this list of lost nations: Estonia, Lithuania, Latvia, Poland, half of Germany, half of Austria, Hungary, Bulgaria, Rumania, Czechoslovakia, Albania, half of Korea, Manchuria and all of continental China.

Russia today has enslaved 800 million people. They are working night and day to expand Communist enslavement. They are stirring up trouble in India, with its hundreds of millions; in Japan, in France and Italy, in South America and here in our beloved America. In England, those in the Socialist Labor party who love Russia and hate America are daily becoming more powerful. Communists are trying to get control of the teeming millions in Indo-China, Malaya, Indonesia and the Philippines.

This ever-expanding Soviet empire is coming closer and closer to our homes. Our chains are being forged. Their clanking can be heard in the hills of Korea. America must awake to the danger!

It threatens the safety and security of our country.

You might well ask, "Why did Red Russia make these tremendous gains in the last 12 years?"

Well, it all started in 1932, when a Democratic administration gave diplomatic recognition to Russia. The United States, by recognizing Russia, did more to advance the cause of communism than Karl Marx was able to do in his entire lifetime.

Agents Invade America

Since that day, thousands of Russian agents invaded America. They found their way into labor unions, on college faculties, in Communist front organizations of all kinds and even in some religious groups. Hundreds of Communists and fellow-travelers joined the Democratic party and the splinter parties which have helped elect the last two Democratic prsidents. The Democratic politicians took them in, coddled them, gave them jobs in the government and played ball with them to get their votes. They got their votes but at a terrible cost to all of us.

Many Communists and Communist sympathizers found their way into important, policy-making posts in the federal government.

You are all familiar with the shocking revelations of traitors selling or giving our secrets to Red Russia—even our secret of the atom bomb, and of subversive employes in the State Department who sold their country down the river to Russia under the leadership of our present secretary of state, Dean Acheson. The national conventions of both the American Legion and Veterans of Foreign Wars demanded that Acheson be fired out of the government because of his Communist ties. Despite these demands, Truman has refused to turn his back on Acheson.

The story of Alger Hiss, the Amerasia case, the sellout of China to Red Russia—these and many other sordid examples of treachery are known to all. Our secretary of state, Acheson, has long been known for his friendship with Soviet Russia. He even invited the Russians to witness our atom bomb tests in Bikini!

Fee of $50,000

In 1946, Acheson approved a 90 million dollar loan to the Communist controlled government of Poland. Acheson's law firm, of which Donald Hiss, a brother of Alger Hiss, was a member, got a fee of $50,000 for representing the Reds in getting this loan.

And what do you suppose this 90 million dollars of our American money was used for? It was used to organize and equip the Red secret police who keep the Polish patriots in subjection.

My friends, in discussing communism in our government, let me remind you that all of the disclosures that were made—disclosures that shocked the entire country—were made by congressional committees, whose chairmen were Democrats and the majority of whose members were Democrats.

Only last week, Senator Herbert O'Connor, a Democrat of Maryland, demanded that Secretary of State Acheson fire the Communists who are working for the United States in the secretariat of the United Nations. A leading New York newspaper on October 18, 1952, estimated that one-third of the 377 Americans representing our government in the United Nations, are Communists.

Ladies and gentlemen, no true American can longer be indifferent to this giant Communist conspiracy which is attempting to strangle our government.

Truman called the charge against Alger Hiss a "Red herring." He has always denied that Communists are in the government.

Stevenson is following the party line. He also denies that there are Communists in the government. He also follows the party line of attacking and smearing Senator McCarthy of Wisconsin, one of the nation's most courageous and effective enemies of communism.

Stevenson was a character witness for Alger Hiss.

Reds Will Vote Adlai

There is no question but that every Communist, every socialist, every left-winger in the country will vote for Stevenson.

My friends, on Election Day you will get the opportunity you have been waiting for—to vote in favor of ridding our national administration of Communist influence.

You can't expect the Democratic party, as now constituted, to do it, because they are the ones who put the Communists where they are—in high posts in the government.

You can't trust the future of our country to those who have failed us in the past.

My friends, this is not a contest between two candidates for president or between two political parties.

This campaign is a contest between Americanism and the creeping paralysis of communism.

For Ike and Nixon

There is one way—and only one way—to clean the Communists out of our national government and that is by electing Eisenhower and Nixon.

This is the great, fundamental issue of this campaign.

My friends, in recent years we in this country have been led astray by materialists who would buy our souls with dollars and take us away from God.

Faith in Almighty God is a weapon the Red hucksters of atheism, materialism and communism will never understand, and one which they will never learn to combat. Faith, combined with new national political leadership, is the only combination that will save America.

EAT ANYTHING WITH FALSE TEETH!

If you have trouble with plates that slip, rock, cause sore gums—try Brimms Plasti-Liner. One application makes plates fit *snugly without powder or paste*, because Brimms Plasti-Liner hardens permanently to your plate. Relines and refits loose plates in a way no powder or paste can do. Even on old rubber plates you get good results six months to a year or longer. YOU CAN EAT ANYTHING! Simply lay soft strip of Plasti-Liner on troublesome upper or lower. Bite and it molds perfectly. *Easy to use*, tasteless, odorless, harmless to you and your plates. Removable as directed. Money back if not completely satisfied. *Ask your druggist!*

BRIMMS PLASTI-LINER THE PERMANENT DENTURE RELINER

Polio Cases Decrease

Albany, N. Y., Oct. 22 (AP)—The number of new cases of polio in the 57 counties outside New York city last week dropped 18.5 per cent from the previous week, the State Health Department said today. Seventy-four new cases were reported. This compared with 91 for the previous week, and 39 in the corresponding week last year. The number of new cases has been declining gradually from week to week for some time, and this year's polio outbreak appears to have passed its peak. A total of 1,338 cases has been reported since Jan. 1. This compares with 905 in the corresponding period last year. Last week Nassau reported 10 cases.

Child Health Clinic

A child health conference conducted by the Ulster County Health Department will be held Oct. 28 from 10 to 12 noon at the clinic rooms, 25 East O'Reilly street.

Business Men to Meet

The Central Business Men's Association will hold its regular monthly meeting Thursday at 8 p. m. at the offices of WKNY, Broadway.

Subject for Service

Atomic Thought and Creative Power is the subject for the mid-week service at the Old Dutch Church, corner of Wall and Main streets, Thursday at 7:30 p. m. These mid-week services are based upon Christ truth and are practical in nature. Problem-solving is featured. They are inter-racial and non-sectarian. The public is cordially invited.

Students' Movie Is Screened for Lions

A colored movie about the city of Kingston, produced by students at the Myron J. Michael School, was shown at the regular meeting of the Kingston Lions Club on Tuesday by Harry T. Gumaer, school principal.

The picture touched on Kingston's past, its growth, and its problems. Much of it was devoted to the city's 300th anniversary celebration, with a sequence showing the visit here of Queen Juliana of The Netherlands. Other "shots" showed new housing developments, construction of the Broadway railroad underpass, the Esopus Creek flood, and the opening of Little League Baseball.

The meeting was held at the Governor Clinton Hotel.

Jet aircraft are fueled with a synthetic chemical mixture that bears little resemblance to conventional fuels.

GOP Opposition

Representatives in the new Congress due to pre-election causes, plus a lot more Nov. 4 upsets. Of those members of the last Congress who won't be back next year, three died, 26 retired, six ran for governor of their home state, 12 ran for the Senate, eight were defeated in contests involving redistricting of states that lost one or more seats through reapportionment, and 14 were defeated in Southern state primaries where the nomination assures election in November.

Of these 69 congressmen, 19 were Republicans and 50 Democrats. This doesn't mean that the Republicans will make this much of a gain in the new Congress as nearly all of the Southerners will be replaced by other Democrats.

America's New ACTION CAR is Here Now!

All New! Brand New!

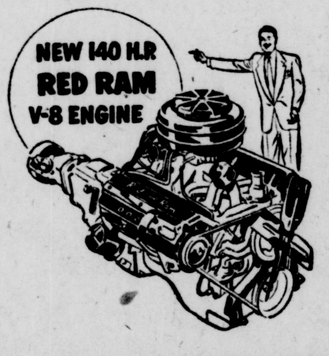

'53 Dodge

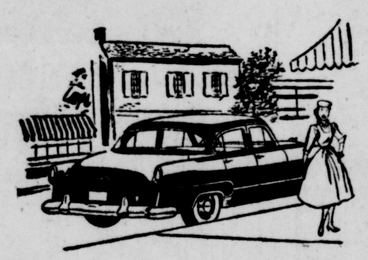

Thrilling Power Packed Beauty for Active Americans

Powered for ACTION!

Here is flashing acceleration, with magnificent *reserve power*, to master hill and highway. The new Dodge Red Ram V-Eight is the most efficient engine design in any American car!

New hemispherical combustion chamber squeezes more power from every drop of fuel. New "square" engine design, with short punch piston stroke, delivers power more smoothly, with less friction. The '53 Dodge is powered for *action*!

Styled for ACTION!

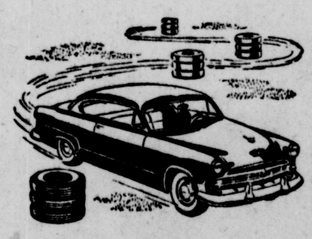

It's low, lithe and lovely, with no "bulges" to mar the trim perfection of its flowing lines. Yet there's more hip-room, head-room and elbow-room than ever inside!

Every styling detail represents "beauty with a purpose." Wide "Pilot View" curved windshield and wrap-around rear window improve visibility—Cargo-Carrier rear deck gives "continental" look, transcontinental carrying capacity! Jet Air-Flow hood feeds air to engine, adds style distinction.

Engineered for ACTION!

Here is a car "born to the road" . . . with amazing new safety and stability for highway driving and new Gyro-Torque Drive for nimble change of pace.

High-speed "cornering" tests demonstrate how the new Dodge "snugs down" on curves. New "Stabilizer" suspension cuts side-sway. New compact wheel base improves maneuverability. Oriflow ride control "levels the road."

The Newest, Nimblest Piece of Live Action on Four Wheels!

This is a Dodge year! Out of the vast resources and engineering know-how that have made Dodge a great name for 38 years comes this completely new, dramatically different kind of automobile:

The Action Car for Active Americans!

It is *powered* for action, *styled* for action, *engineered* for action . . . a Power-Packed Beauty tuned to the tempo of this active, on-the-go America.

It is a travel car, a traffic car, a pleasure car, a business car . . . easy to handle, responsive, sure-footed, ready to take you anywhere, anytime, in such style and comfort as you've never known.

A "Road Test" Ride is waiting for you. Learn what Dodge has done to put more adventure, more pleasure in driving. Discover a new concept of motor car enjoyment in the action-packed '53 Dodge!

Specifications and Equipment subject to change without notice.

NEW! Action Tailored to Your Driving Needs

2 GREAT ENGINES
RED RAM V-EIGHT
GET-AWAY "SIX"

4 GREAT DRIVES

There is no question but that every Communist, every socialist, every left-winger in the country will vote for Stevenson.

My friends, on Election Day you will get the opportunity you have been waiting for—to vote in favor of ridding our national administration of Communist influence.

You can't expect the Democratic party, as now constituted, to do it, because they are the ones who put the Communists where they are—in high posts in the government.

You can't trust the future of our country to those who have failed us in the past.

My friends, this is not a contest between two candidates for president or between two political parties.

This campaign is a contest between Americanism and the creeping paralysis of communism.

For Ike and Nixon

There is one way—and only one way—to clean the Communists out of our national government and that is by electing Eisenhower and Nixon.

This is the great, fundamental issue of this campaign.

My friends, in recent years we in this country have been led astray by materialists who would buy our souls with dollars and take us away from God.

Faith in Almighty God is a weapon the Red hucksters of atheism, materialism and communism will never understand, and one which they will never learn to combat. Faith, combined with new national political leadership, is the only combination that will save America.

Polio Cases Decrease

Albany, N. Y., Oct. 22 (AP)—The number of new cases of polio in the 57 counties outside New York city last week dropped 18.5 per cent from the previous week, the State Health Department said today. Seventy-four new cases were reported. This compared with 91 for the previous week, and 39 in the corresponding week last year. The number of new cases has been declining gradually from week to week for some time, and this year's polio outbreak appears to have passed its peak. A total of 1,338 cases has been reported since Jan. 1. This compares with 905 in the corresponding period last year. Last week Nassau reported 10 cases.

Child Health Clinic

A child health conference conducted by the Ulster County Health Department will be held Oct. 28 from 10 to 12 noon at the clinic rooms, 25 East O'Reilly street.

Business Men to Meet

The Central Business Men's Association will hold its regular monthly meeting Thursday at 8 p. m. at the offices of WKNY, Broadway.

Subject for Service

Atomic Thought and Creative Power is the subject for the mid-week service at the Old Dutch Church, corner of Wall and Main streets, Thursday at 7:30 p. m. These mid-week services are based upon Christ truth and are practical in nature. Problem-solving is featured. They are inter-racial and non-sectarian. The public is cordially invited.

Students' Movie Is Screened for Lions

A colored movie about the city of Kingston, produced by students at the Myron J. Michael School, was shown at the regular meeting of the Kingston Lions Club on Tuesday by Harry T. Gumaer, school principal.

The picture touched on Kingston's past, its growth, and its problems. Much of it was devoted to the city's 300th anniversary celebration, with a sequence showing the visit here of Queen Juliana of The Netherlands. Other "shots" showed new housing developments, construction of the Broadway railroad underpass, the Esopus Creek flood, and the opening of Little League Baseball.

The meeting was held at the Governor Clinton Hotel.

GOP Opposition

Representatives in the new Congress due to pre-election causes, plus a lot more Nov. 4 upsets. Of those members of the last Congress who won't be back next year, three died, 26 retired, six ran for governor of their home state, 12 ran for the Senate, eight were defeated in contests involving redistricting of states that lost one or more seats through reapportionment, and 14 were defeated in Southern state primaries where the nomination assures election in November.

Of these 69 congressmen, 19 were Republicans and 50 Democrats. This doesn't mean that the Republicans will make this much of a gain in the new Congress as nearly all of the Southerners will be replaced by other Democrats.

America's New ACTION CAR is Here Now!

All New! Brand New!

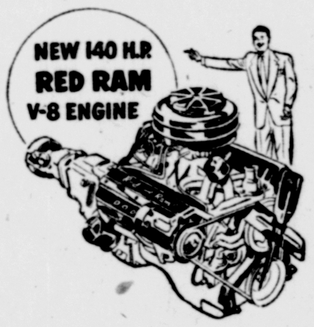

'53 Dodge

Thrilling Power Packed Beauty for Active Americans

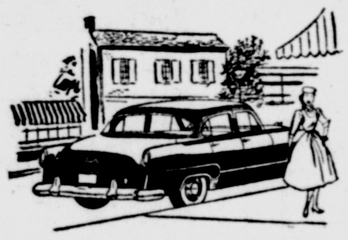

Powered for ACTION!

Here is flashing acceleration, with magnificent *reserve power*, to master hill and highway. The new Dodge Red Ram V-Eight is the most efficient engine design in any American car!

New hemispherical combustion chamber squeezes more power from every drop of fuel. New "square" engine design, with short punch piston stroke, delivers power more smoothly, with less friction. The '53 Dodge is powered for *action*!

Styled for ACTION!

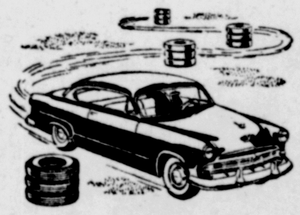

It's low, lithe and lovely, with no "bulges" to mar the trim perfection of its flowing lines. Yet there's more hip-room, head-room and elbow-room than ever inside!

Every styling detail represents "beauty with a purpose." Wide "Pilot View" curved windshield and wrap-around rear window improve visibility—Cargo-Carrier rear deck gives "continental" look, transcontinental carrying capacity! Jet Air-Flow hood feeds air to engine, adds style distinction.

Engineered for ACTION!

Here is a car "born to the road" . . . with amazing new safety and stability for highway driving and new Gyro-Torque Drive for nimble change of pace.

High-speed "cornering" tests demonstrate how the new Dodge "snugs down" on curves. New "Stabilizer" suspension cuts side-sway. New compact wheel base improves maneuverability. Oriflow ride control "levels the road."

The Newest, Nimblest Piece of Live Action on Four Wheels!

This is a Dodge year! Out of the vast resources and engineering know-how that have made Dodge a great name for 38 years comes this completely new, dramatically different kind of automobile:

The Action Car for Active Americans!

It is *powered* for action, *styled* for action, *engineered* for action . . . a Power-Packed Beauty tuned to the tempo of this active, on-the-go America.

It is a travel car, a traffic car, a pleasure car, a business car . . . easy to handle, responsive, sure-footed, ready to take you anywhere, anytime, in such style and comfort as you've never known.

A "Road Test" Ride is waiting for you. Learn what Dodge has done to put more adventure, more pleasure in driving. Discover a new concept of motor car enjoyment in the action-packed '53 Dodge!

Specifications and Equipment subject to change without notice.

SAVE MONEY feeding your dog!

YOU ADD ONLY WATER TO Dog-licious KASCO

Compare the cost! One pound of Kasco with moisture removed leaves 15 ounces of solid food. One pound canned dog food with moisture removed leaves only 4 ounces of solid food!

If you feed your dog meat, milk or any other extras, think what they cost.

Then figure how much *less* it costs to feed only Kasco Complete Dog Ration. That's because the "extras" have already been added to Kasco. Mix Kasco with water and your dog will have the finest dog-dinner ever! There is no better way to feed him so well at such a low cost.

AND NOW KASCO CONTROLS D.O. (DOGGY ODOR)

Kasco controls D.O. (Doggy Odor) from bad breath and body conditions. It contains chlorophyllin, miraculous deodorant to control objectionable doggy odors.

If your favorite store doesn't carry Kasco, write
KASCO MILLS, INC. WAVERLY, N. Y.

Dodge Announces All-New '53 Car

The most dramatic changes in the 38-year history of the Dodge passenger car will be unveiled here Thursday, October 23 when Dodge Division of Chrysler Corporation introduces its sensational 1953 "action car." The new, completely restyled Dodge with a powerful 140-horsepower Red Ram V-Eight engine goes on display in the showroom of Martin-Moran, Inc.

Sweeping changes in both styling and chassis features plus the unprecedented efficiency of the new engine were announced by the local dealers.

New beauty and a smooth flowing effect were achieved, the dealers declare by flavoring the lower, softer lines and increased glass area with a touch of continental design. These attractive styling changes are being offered in the entire 1953 Dodge line which consists of 10 different models.

The 140-horsepower Red Ram V-Eight engine is featured in the Coronet series, while the popular and dependable six cylinder engine is retained in the Meadowbrook and Meadowbrook Special series. The Wayfarer is not included in the 1953 Dodge lineup.

The highly-touted new Dodge Red Ram V-Eight engine is compact in size and light in weight. It produces more horsepower per cubic inch of displacement than any other automobile engine in volume production today.

Dodge's efficient new power plant is based on design principles used in high-output aircraft engines. Its horsepower is 140 at 4,400 r.p.m. Displacement is 241.1 cubic inches. It develops this high power output on regular grades of fuel despite its highcompression ratio of 7.1 to 1.

Outstanding features of the Red Ram V-Eight engine are its highly efficient hemispherical combustion chamber with centrally-located spark plug, an ingenious lateral valve arrangement, and a "square" design with exceptionally short stroke and large bore.

More than a dozen other major changes were listed by the local dealers.

"Body beautification and the Red Ram engine are definitely highlights of the all-new 1953 Dodge," they declared. "But there are many other significant features such as the wide choice of transmissions. And there is a new steering ease and maneuverability achieved by a more compact chassis design, a new suspension system and an improved steering mechanism."

Pound of Steak Offered

Malone, Oct. 22 (AP)—A pound of steak for a pint of blood. That's the offer butcher William Smith makes to persons who give blood at a Red Cross clinic here Thursday. The clinic will give donors certificates to be turned in at Smith's market for their steaks. Smith said he got the idea after his daughter, Shiela, 12, was saved by blood transfusions. The local quota is 168 pints. Smith figures the offer will cost him $175 in meat—at wholesale prices.

Columbus introduced sugar cane culture to the Americans.

ELLENVILLE NEWS

Ellenville, Oct. 21—The meeting of the Cook-Taylor Post 111, American Legion, will be held at Wallkill, Wednesday evening, Oct. 29. The Armistice Day ball will be held at the Wayside Inn in Ellenville on Saturday, Nov. 8. The 1953 membership got off to a fine start with 100 paid members in the first few weeks. All members are urged to vote in the coming election.

Nine paintings by Miss Adele Feinsilver, Ellenville High School senior and student of Gustave Cenci, are on display in Ellenville Public Library. Included in the exhibit are two winter scenes and seven portraits. Also on display are documentary records of the Ellenville Dutch Reformed Church.

Miss M. J. Riseley of 199 Wall street, Kingston, was a guest of Miss Margaret Newkirk, of North Main street, on Saturday and Sunday of last week, and on Monday and Tuesday following, she visited Mrs. Bert Goldsmith of Cragsmoor. Wednesday, Mr. and Mrs. Goldsmith motored to Kingston to take Miss Riseley home. Miss Riseley was a teacher in the Ellenville schools in the early nineteen hundreds.

The musical comedy, Aaron Slick of Punkin Crick by Lieutenant Beale Cormack, published by the Drama Guild, will be presented by the senior class of Ellenville High School in the large auditorium, Friday evening, Nov. 14.

Mr. and Mrs. Julius Wolf celebrated their 44th wedding anniversary Tuesday, Oct. 14, with a small dinner party at their home.

Ellenville police had a quantity of veal on their hands this week and despite today's high prices, were at a loss as to what to do with it. It all began on Friday morning when Officers Rand and Mance were informed that a calf was lying along Mountain road near the Dayton Smith property. Investigating they found the animal so badly hurt they took it to Abe Levine's slaughter house. No one has as yet appeared to claim the meat. Police believe the animal was thrown from a passing truck.

The Women's Council of the Reformed Church has changed the date of its regular meeting to Wednesday evening, Nov. 19.

Stanley Wainapel, son of Dr. and Mrs. David Wainapel, entertained 14 guests in celebration of his sixth birthday. Following a luncheon the group attended the movies.

The Rev. and Mrs. Francis McGuire entertained at a family dinner at their home on October 12 in honor of the 57th wedding anniversary of Mrs. McGuire's parents, Mr. and Mrs. William Stansfield of Middletown.

DuBois V. Weber of Howells took approximately 100 adults and young people of the community on a trip over the old Hudson and Delaware canal at the Ellenville Public Library last week. Illustrating his talk with a detailed model of an old canal boat, Mr. Weber gave a general description and history of the canal from the time it was completed in 1828. He said boats were 92 feet long and 14 feet wide and usually carried from 135 to 145 tons of coal on the one hundred mile trip from Honesdale, Pa., to Rondout. It took from 10 days to two weeks to make the entire trip, and coal then sold from $3 to $5 a ton. Mr. Weber described the several aqueducts which the canal traversed over the Lackawaxen, Neversink and Delaware rivers and explained the process of going through the locks. There were 1500 boats licensed to operate on the canal. Yearly, between mid-November and April first the canal was closed to navigation because of the weather and that period was the only time the young people from canal families attended school.

The monthly meeting of Ellenville Chapter Izaak Walton will be held November 22 at the club rooms at 6:30 p. m. Dinner will be prepared and served by Allen Potter and Elsworth McDole. Included in the regular business meeting will be a discussion of the accomplishments of the recent state convention held in Ellenville during September. After the meeting there will be entertainment under the direction of Mr. McDole and Seaborn Jones.

Can Revive Club

Oxford, Eng., Oct. 22 (AP)—Oxford University undergraduates can revive their banned jazz club, but no rug cutting. Officials lifted a prohibition against the club ordered last year. They told the members they must not dance at club meetings or drink liquor. The members also were reminded that the club's function was to "study the historical and sociological aspects of jazz."

Ultrafax is a word in electronics meaning high speed transmission of the written word.

Why Thousands of Doctors Prescribe Pleasant Tasting Pertussin FOR Bad Coughs DUE TO COLDS

PERTUSSIN acts *at once*. It not only relieves such coughing but also loosens phlegm and makes it easier to raise. PERTUSSIN is *safe* and *mighty effective* for both old and young. Pleasant tasting and inexpensive.

JACOBY ON BRIDGE

Be Very Cautious in Use of 'Safety Play'

By OSWALD JACOBY
Written for NEA Service

"We're having our annual tournament this weekend here in Pittsburgh," writes a correspondent, "so this might be a good time for you to discuss a hand from last year's tournament."

Today's hand poses a bridge player's riddle: When is a safety play not a safety play?

When this hand was played in last year's Pittsburgh tournament, many declarers won the first trick in dummy with the king of clubs, cashed the ace of hearts, and then led a small heart towards dummy. West naturally played low, and some of the declarers then made the "safety play" of finessing dummy's eight of hearts.

East won with the jack of hearts and returned a club, forcing out dummy's ace. West's last trump was drawn with dummy's king and South then began on the diamonds. Unfortunately, the diamonds failed to break, and South had to use his last trump to set up dummy's suit.

This left declarer with no way to dispose of dummy's losing club, so he eventually lost a club as well as a trump, for a one-trick defeat.

The successful declarers didn't bother with this dangerous "safety play." After winning the first trick in dummy with the king of clubs, they promptly cashed the ace and king of hearts. They then led out three top diamonds, permitting West to ruff if he wished to do so.

It didn't really matter what West did. South had two trumps left, and could ruff a diamond to set up that suit and still have a trump to take care of dummy's losing club.

The "safety play" in trumps would have been a good idea if the hand presented no other problem. It would have been the correct play, for example, if dummy had held five diamonds headed by the king-queen-jack.

In the actual hand, South had to decide whether to take out insurance against a 4-1 trump break or against a 4-2 diamond break. The bad break in diamonds was much more likely than the bad break in hearts, so declarer could not afford the luxury of a "safety play" in trumps.

Dodge Announces All-New '53 Car

The most dramatic changes in the 38-year history of the Dodge passenger car will be unveiled here Thursday, October 23 when Dodge Division of Chrysler Corporation introduces its sensational 1953 "action car." The new, completely restyled Dodge with a powerful 140-horsepower Red Ram V-Eight engine goes on display in the showroom of Martin-Moran, Inc.

Sweeping changes in both styling and chassis features plus the unprecedented efficiency of the new engine were announced by the local dealers.

New beauty and a smooth flowing effect were achieved, the dealers declare by flavoring the lower, softer lines and increased glass area with a touch of continental design. These attractive styling changes are being offered in the entire 1953 Dodge line which consists of 10 different models.

The 140-horsepower Red Ram V-Eight engine is featured in the Coronet series, while the popular and dependable six cylinder engine is retained in the Meadowbrook and Meadowbrook Special series. The Wayfarer is not included in the 1953 Dodge lineup.

The highly-touted new Dodge Red Ram V-Eight engine is compact in size and light in weight. It produces more horsepower per cubic inch of displacement than any other automobile engine in volume production today.

Dodge's efficient new power plant is based on design principles used in high-output aircraft engines. Its horsepower is 140 at 4,400 r.p.m. Displacement is 241.1 cubic inches. It develops this high power output on regular grades of fuel despite its highcompression ratio of 7.1 to 1.

Outstanding features of the Red Ram V-Eight engine are its highly efficient hemispherical combustion chamber with centrally-located spark plug, an ingenious lateral valve arrangement, and a "square" design with exceptionally short stroke and large bore.

More than a dozen other major changes were listed by the local dealers.

"Body beautification and the Red Ram engine are definitely highlights of the all-new 1953 Dodge," they declared. "But there are many other significant features such as the wide choice of transmissions. And there is a new steering ease and maneuverability achieved by a more compact chassis design, a new suspension system and an improved steering mechanism."

Pound of Steak Offered

Malone, Oct. 22 (AP)—A pound of steak for a pint of blood. That's the offer butcher William Smith makes to persons who give blood at a Red Cross clinic here Thursday. The clinic will give donors certificates to be turned in at Smith's market for their steaks. Smith said he got the idea after his daughter, Shiela, 12, was saved by blood transfusions. The local quota is 168 pints. Smith figures the offer will cost him $175 in meat—at wholesale prices.

Columbus introduced sugar cane culture to the Americans.

ELLENVILLE NEWS

Ellenville, Oct. 21—The meeting of the Cook-Taylor Post 111, American Legion, will be held at Wallkill, Wednesday evening, Oct. 29. The Armistice Day ball will be held at the Wayside Inn in Ellenville on Saturday, Nov. 8. The 1953 membership got off to a fine start with 100 paid members in the first few weeks. All members are urged to vote in the coming election.

Nine paintings by Miss Adele Feinsilver, Ellenville High School senior and student of Gustave Cenci, are on display in Ellenville Public Library. Included in the exhibit are two winter scenes and seven portraits. Also on display are documentary records of the Ellenville Dutch Reformed Church.

Miss M. J. Riseley of 199 Wall street, Kingston, was a guest of Miss Margaret Newkirk, of North Main street, on Saturday and Sunday of last week, and on Monday and Tuesday following, she visited Mrs. Bert Goldsmith of Cragsmoor. Wednesday, Mr. and Mrs. Goldsmith motored to Kingston to take Miss Riseley home. Miss Riseley was a teacher in the Ellenville schools in the early nineteen hundreds.

The musical comedy, Aaron Slick of Punkin Crick by Lieutenant Beale Cormack, published by the Drama Guild, will be presented by the senior class of Ellenville High School in the large auditorium, Friday evening, Nov. 14.

Mr. and Mrs. Julius Wolf celebrated their 44th wedding anniversary Tuesday, Oct. 14, with a small dinner party at their home.

Ellenville police had a quantity of veal on their hands this week and despite today's high prices, were at a loss as to what to do with it. It all began on Friday morning when Officers Rand and Mance were informed that a calf was lying along Mountain road near the Dayton Smith property. Investigating they found the animal so badly hurt they took it to Abe Levine's slaughter house. No one has as yet appeared to claim the meat. Police believe the animal was thrown from a passing truck.

The Women's Council of the Reformed Church has changed the date of its regular meeting to Wednesday evening, Nov. 19.

Stanley Wainapel, son of Dr. and Mrs. David Wainapel, entertained 14 guests in celebration of his sixth birthday. Following a luncheon the group attended the movies.

The Rev. and Mrs. Francis McGuire entertained at a family dinner at their home on October 12 in honor of the 57th wedding anniversary of Mrs. McGuire's parents, Mr. and Mrs. William Stansfield of Middletown.

DuBois V. Weber of Howells took approximately 100 adults and young people of the community on a trip over the old Hudson and Delaware canal at the Ellenville Public Library last week. Illustrating his talk with a detailed model of an old canal boat, Mr. Weber gave a general description and history of the canal from the time it was completed in 1828. He said boats were 92 feet long and 14 feet wide and usually carried from 135 to 145 tons of coal on the one hundred mile trip from Honesdale, Pa., to Rondout. It took from 10 days to two weeks to make the entire trip, and coal then sold from $3 to $5 a ton. Mr. Weber described the several aqueducts which the canal traversed over the Lackawaxen, Neversink and Delaware rivers and explained the process of going through the locks. There were 1500 boats licensed to operate on the canal. Yearly, between mid-November and April first the canal was closed to navigation because of the weather and that period was the only time the young people from canal families attended school.

The monthly meeting of Ellenville Chapter Izaak Walton will be held November 22 at the club rooms at 6:30 p. m. Dinner will be prepared and served by Allen Potter and Elsworth McDole. Included in the regular business meeting will be a discussion of the accomplishments of the recent state convention held in Ellenville during September. After the meeting there will be entertainment under the direction of Mr. McDole and Seaborn Jones.

Can Revive Club

Oxford, Eng., Oct. 22 (AP)—Oxford University undergraduates can revive their banned jazz club, but no rug cutting. Officials lifted a prohibition against the club ordered last year. They told the members they must not dance at club meetings or drink liquor. The members also were reminded that the club's function was to "study the historical and sociological aspects of jazz."

Ultrafax is a word in electronics meaning high speed transmission of the written word.

Why Thousands of Doctors Prescribe Pleasant Tasting
Pertussin FOR Bad Coughs
DUE TO COLDS

PERTUSSIN acts *at once*. It not only relieves such coughing but also loosens phlegm and makes it easier to raise. PERTUSSIN is *safe* and *mighty effective* for both old and young. Pleasant tasting and inexpensive.

JACOBY ON BRIDGE

Be Very Cautious in Use of 'Safety Play'

By OSWALD JACOBY
Written for NEA Service

"We're having our annual tournament this weekend here in Pittsburgh," writes a correspondent, "so this might be a good time for you to discuss a hand from last year's tournament."

Today's hand poses a bridge player's riddle: When is a safety play not a safety play?

When this hand was played in last year's Pittsburgh tournament, many declarers won the first trick in dummy with the king of clubs, cashed the ace of hearts, and then led a small heart towards dummy. West naturally played low, and some of the declarers then made the "safety play" of finessing dummy's eight of hearts.

East won with the jack of hearts and returned a club, forcing out dummy's ace. West's last trump was drawn with dummy's king and South then began on the diamonds. Unfortunately, the diamonds failed to break, and South had to use his last trump to set up dummy's suit.

This left declarer with no way to dispose of dummy's losing club, so he eventually lost a club as well as a trump, for a one-trick defeat.

The successful declarers didn't bother with this dangerous "safety play." After winning the first trick in dummy with the king of clubs, they promptly cashed the ace and king of hearts. They then led out three top diamonds, permitting West to ruff if he wished to do so.

It didn't really matter what West did. South had two trumps left, and could ruff a diamond to set up that suit and still have a trump to take care of dummy's losing club.

The "safety play" in trumps would have been a good idea if the hand presented no other problem. It would have been the correct play, for example, if dummy had held five diamonds headed by the king-queen-jack.

In the actual hand, South had to decide whether to take out insurance against a 4-1 trump break or against a 4-2 diamond break. The bad break in diamonds was much more likely than the bad break in hearts, so declarer could not afford the luxury of a "safety play" in trumps.

Local Death Record

Mrs. Elizabeth Peck

The funeral of Mrs. Elizabeth Peck, widow of John Peck who died Oct. 17 in Hartford, Conn., was held Tuesday at 1 p. m. from the home of her daughter, Mrs. Edward Feldmann in Flatbush. The Rev. Fred H. Deming officiated. Burial took place in Woodstock Cemetery.

Mrs. Anna Nagel

Funeral services for Mrs. Anna Nagel of the Peak road, Stone Ridge, were held at the George J. Moylan Funeral Home, Main street, Rosendale, Monday at 2 p. m. by the Rev. Albert H. Shultis. Burial took place in Stone Ridge Cemetery, where the Rev. Mr. Shultis read the committal.

Peter Krom

Funeral services for Peter Krom of High Falls were held Tuesday afternoon from the George J. Moylan Funeral Home, Main street, Rosendale. The Rev. Gerrett Timmer officiated. Burial took place in High Falls Cemetery where the Rev. Mr. Timmer conducted the committal service. Bearers were George Boughton, William Yeaple, Walter Duyme and Victor Purcell.

George B. Saunders

George B. Saunders, formerly of Wallkill, died in this city Tuesday after a long illness. Surviving are his wife, Augusta J. Saunders; two sons, Fred of Bergenfield, N. J. and George of Albany; a daughter, Mrs. Ernest O'Neil of Flushing, L. I.; six grandchildren and several nieces and nephews. Funeral will be held from the W. N. Conner Funeral Home, Inc., Friday at 11 a. m. Bural in Rosendale Plains Cemetery.

John Milbert

John Milbert of High Falls died at his home early Tuesday morning. A native of Latvia, Mr. Milbert had resided in High Falls many years. He is survived by his wife, Lina Randolph Milbert; a daughter, Mrs. Benita Sermolin and a son, William. Funeral services will be held Thursday at 2 p. m. from the George J. Moylan Funeral Home, Main street, Rosendale. Burial will be in Rosendale Plains Cemetery.

William J. Duffy

The funeral of William J. Duffy of 75 East Strand, who died Tuesday afternoon will be held Friday at 9 a. m. from the Jenson & Deegan Funeral Home, 15 Downs street, thence to St. Joseph's Church, where at 9:30 o'clock a high Mass of requiem will be offered for the repose of his soul. Burial will be in St. Mary's Cemetery. He is survived by a daughter, Mrs. Mary Doyle of Port Ewen; his mother, Mrs. Mary V. Duffy of 75 East Strand; a sister, Mrs. William J. Carpenter of Albany avenue extension; two brothers, Charles T. Duffy of Lake Katrine and John J. Duffy of Kingston. His father, William J. Duffy, died 12 years ago. Friends may call at the funeral home any time.

Bernhard Bohmer

Bernhard Bohmer of Ashokan died suddenly Tuesday at his home. Before retirement, Mr. Bohmer was general manager of a linen supply company in New York for many years. He is survived by his wife, Mrs. Mary Bohmer; three sons, Jack and Joseph, New York and Walter, Boston. Four grandchildren also survive. Funeral services will be held Friday at 8 p. m. from the Thomas C. Bible Funeral Home, 25-25 Westchester avenue, Bronx. Burial will take place Saturday in the Gate of Heaven Cemetery at Valhalla.

Marvin Q. Polhamus

Marvin Q. Polhamus, 67, of New Paltz, died early today at Kingston Hospital following a brief illness. He was born in Ohioville the son of the late David H. and Maria L. DeGroodt Polhamus. He resided in that vicinity his entire life. Mr. Polhamus is survived by a brother, Arthur, and a nephew, David. Funeral services will be held Friday at 2 p. m. from the Pine Funeral Home, New Paltz, with the Rev. Willet Porter, of the New Paltz Methodist Church, officiating. Burial will be in Lloyd Cemetery. Friends may call at the funeral home Thursday night.

John J. McKnight

John J. McKnight of Tillson died Tuesday night in Kingston following a long illness. He was a veteran of World War 1. Mr. McKnight is survived by his mother, Mrs. Mary Ryan McKnight; two sisters, Sarah and Anna McKnight, both of Tillson. The funeral will be held Friday at 9 a. m. from the George J. Moylan Funeral Home, Main street, Rosendale, thence to St. Peter's Church, Rosendale, where at 9:30 a. m. a high Mass of requiem will be offered for the repose of his soul. Burial will be in the Gate of Heaven Cemetery, Mt. Pleasant.

Mrs. Alvinette J. Gerlach

Funeral services for Mrs. Alvinette J. Gerlach of Sawkill Road were held Tuesday afternoon at the W. N. Conner Funeral Home, Inc., by the Rev. Ralph M. Houston, D.D., pastor of St. James Methodist Church. The services were very largely attended by relatives and friends. Floral tributes banked the casket. Monday evening Clinton Chapter, 445, OES, led by Worthy Matron Ferna E. Mullen, visited the funeral home and extended sympathy and condolence to the family. Mystic Court, 62, O of A, conducted ritualistic services for its deceased member, led by Charlotte Reynolds, royal matron. Bearers were Byron Gerlach, Kasper Gerlach, Raymond Trumpait and Raymond Bonestell. Burial was in Church of the Comforter Cemetery.

Blood Material Is

the virus starts attacking nerves.

The 90 paralytic polio cases means children who showed some signs of paralysis, at any time. Some recovered completely.

Had Some Effect

The GG shots had some sparing effect even among youngsters who did get paralysis. Within 30 days, half of the GG kids had recovered completely. In that same period, none of those getting gelatin had recovered completely.

In the first week after the shots were given, the GG had little, if any, noticeable effect. Nearly as many children getting GG developed polio as those getting gelatin.

But then came a sharp rise in protective effect.

In the second week, only three GG children got polio, against 23 gelatin. From the second through the fifth weeks, only six GG children developed paralytic polio, against 38 of those getting gelatin.

After five weeks, protective effect of the GG fades. The antibodies, in the GG, borrowed from someone else, are not permanent.

A more permanent way of getting antibodies is to use a vaccine that contains polio virus. In reaction to the virus, the human body might develop permanent antibodies. A first step toward such a real vaccine was announced Monday by Johns Hopkins scientists, who found that a vaccine produced antibodies in six Baltimore children.

Preliminary Report

Dr. Hammon presented a preliminary report on the GG findings, the largest human field trials ever conducted in medical history. It cost $1,000,000 in March of Dimes funds. It was made possible only by the courageous, unselfish cooperation of parents, townspeople and doctors in three areas of Texas, Iowa, and Utah.

In Provo, Utah, last summer, 5,767 children took part in the tests. They were two to eight years old.

Last July there were 33,137 children in the Houston (Harris county) area of Texas, aged one through six; and 15,868 youngsters, one through 11 years old, in the Sioux City area, combining Woodbury county and Dakota county, Nebraska.

No one knew which children were getting the GG, which were getting gelatin shots. Each injection vial looked the same, just bore a serial number that was marked on the child's history card.

One lone copy of these serial numbers — telling which shots were GG—was kept under lock in a New York office. Dr. Hammon and associates consulted this file Oct. 1, to check which children with paralysis had received what kind of shot. Fuller reports will be announced much later.

Never Full Answer

GG could never be a full answer to polio control.

A huge problem would be to get enough human blood donations to give very many shots. A pint of blood yields enough GG to give one child just one temporarily protective shot. Blood plasma, left over after taking out GG, still could be used for transfusions. But the public isn't yet donating anywhere near enough blood for Korea, civilian defense stockpiles, and day-by-day use in hospitals at home.

But Americans might give enough of their blood to supply GG for use in areas where polio breaks out. Children there could get the shots, to keep them from getting paralyzed, and put out the spreading fire of a polio epidemic.

The GG for these tests, supplied by the American Red Cross, came from blood collected during World War 2. It was GG pooled from the blood of many people from many geographical areas. This GG was known to contain antibodies against all three types of polio virus—Lansing, Leon and Brunhilde. Blood collected from people in one area might not have all three antibodies.

Critical Question

A critical question still to be answered is whether the children who were saved from paralysis still developed their own antibodies in reaction to the virus invasion. If they didn't, they could still be susceptible next year to attack from the same virus. If GG not only spared them from paralysis, but let them make their own antibodies, they will be self-protected for many years to come.

When a polio vaccine becomes available, the GG shot could be helpful. Use of the vaccine would be safer. The GG would give temporary protection until the vaccine stimulated you to make your own antibodies. That apparently takes a week to 12 days.

Co-authors of today's report are Drs. Lewis L. Coriell of Camden, N. J., Municipal Hospital; Paul F. Wehrle, U. S. Public Health Service, Christian R. Klimt Rockefeller Foundation, and Joseph Stokes, Jr., University of Pennsylvania.

Car in Which W. R. Clarke Died

This is the car in which Walter R. Clarke, Milton fruit grower, met death Tuesday afternoon, when it was in collision with a kerosene truck on Milton Turnpike two miles west of 9W state highway. *(Freeman photo)*

Walter R. Clarke Funeral Arranged

Funeral services for Walter R. Clarke, 66, prominent Milton fruit grower and president of the New York State Horticultural Society in 1931, will be held Friday at the Milton Methodist Church at 2 o'clock with the Rev. Stanley R. Jones, pastor, officiating, assisted by the Rev. Lester Hawes of Ossining. Burial will be in the Cedar Hill Cemetery, Middle Hope. Friends may call at the Sutton Funeral Chapel, Clintondale, between 7 and 9 p. m. Thursday.

Mr. Clarke was fatally injured Tuesday afternoon about 1 p. m. when he was thrown from the car he was operating along the Milton Turnpike two miles west of 9-W, when his car and a kerosene tank trunk owned by the G.L.F. Petroleum Distributors of Milton, operated by Leon M. Mehl, 19, Walden, were in collision.

Coroner's Report

Following an investigation by State Police from the Highland station, Coroner Ernest A. Kelly said it was apparent that Mr. Clarke had been traveling west on the Milton Turnpike when he came to an intersection. He turned his car into the "V" intersection to the right and then attempted to make a left turn back to the Milton Turnpike, evidently to return easterly. The truck which was also traveling westerly and the Clarke car came together and Mr. Clarke was thrown from his car. An autopsy performed by Dr. Herbert Derman and Dr. L. E. Sanford disclosed that Mr. Clarke suffered a crushed chest, compound fracture of the left arm and severe shock. Death was due to the injuries sustained, Coroner Kelly stated. At first it was believed Mr. Clarke may have suffered a heart seizure but Coroner Kelly said the inquest eliminated that theory.

Mr. Clarke was born in Milton, son of the late James R., and Jessie Lester Clarke, and had lived in Milton all his life. He attended local schools, Newburgh Free Academy and the Massachusetts Agricultural College and was a graduate of the Centenary Collegiate Institute of Hackettstown, N. J.

Prominent Methodist

Active in civic and religious affairs, he was a prominent leader in the Methodist Church throughout his life, interested in Sunday school work and the Migrant Mission Project. He served as president of the New York State Horticultural Society in 1931 and was a leader in the fruit industry in New York state.

In 1913 he married Ruth Birdsall, who survives. Also surviving are two sons, James and Leonard Clarke of Milton; two grandchildren, Walter Roe and Stephen W. Clarke, and one sister, Lulu Clarke of Milton.

He was a director of the First National Bank of Milton.

Huge Odds

The odds against all four persons in a bridge game holding perfect hands, 13 cards of one suit, are 2,235,197,406,366,368,301,599,999 to one, according to statisticians.

Zoning Hearing Takes Time of Joint Meeting

A scheduled joint meeting of the city's planning and zoning boards to discuss proposed amendments to the local zoning laws failed to materalize last night because the zoning board was obliged to devote full time to a hearing on a Jansen avenue zoning problem.

Attorney Joseph Avis, chairman of the zoning board, said both boards plan to discuss several amendments to the zoning laws before a new printing of the laws is made.

The amendments would deal with such problems as the location of junk yards in the city, certain phases of multiple dwelling requirements, problems pertaining to trailer camps and zones for prefabricated dwellings.

No other date was set for the joint meeting, but Avis indicated one will be held on special notice at some convenient date in the near future.

About 60 residents of the Jansen avenue-East Chester street area appeared before the zoning board in the Common Council chamber to oppose the occupancy by A. Kaplan Sons, of a building on Jansen avenue for the processing of burlap bags. The building was used formerly by the Coca Cola Bottling Co.

Adjourned to Oct. 28

The board is to decide whether a "non-conforming use" issue is involved, and adjourned the hearing until Oct. 28. The hearing which started at the conclusion of last night's recessed meeting of the Common Council, lasted two hours.

Attorney Charles Gaffney appeared for A. Kaplan Sons and Sherwood E. Davis represented the group opposed to the petition.

The planning board held a short meeting to act on matters preliminary to the forthcoming joint meeting.

Fisher Is Injured In Auto Accident

John Fisher, 38, of 80 Prospect street, was injured when he was struck by a station wagon operated by Anthony Poalillo, 49, of East Rutherford, N. J., at Broadway and East Chester street yesterday, city police reported.

Fisher's condition was reported as "fairly good" today at Kingston Hospital. Police said he suffered a possible fracture of the left wrist, possible fractured ribs, and multiple lacerations of the body, limbs and head.

A police report at 12:34 p. m. said the station wagon headed south on East Chester street, was turning left into Broadway. Fisher, a bus driver employed by the Kingston City Transportation Corp., was crossing Broadway. He was taken to the hospital by Arthur Kidd, of 58 VanBuren street, a bus driver for the same company. Kidd was riding in his own car near the scene of the mishap at the time.

Decision Is Reserved

Albany, N. Y., Oct. 22 (AP)—The Court of Appeals has reserved decision on bookmaker Harry Gross' plea that his 12-year jail sentence was excessive and unlawful. Gross, who has linked many New York city policemen to his gambling activities, is under sentence to serve one year on a conspiracy charge and 11 years on 65 counts of bookmaking, the Special Sessions court in New York directed that the terms be served consecutively.

No Extension Set On Voting Hours

No notice has been received at the Ulster County Board of Elections as yet on the extension of voting hours on Election Day to 9 p. m. Because of the heavy vote expected it is expected there will be an extension of the voting hours.

On Election Day all sale of alcoholic beverages will be prohibited during the hours the polls are open, except that in Ulster county sale of beverages by grocery stores for off premises consumption is not prohibited. Sale of alcoholic beverage by grocery stores is a matter of local option and the Ulster County Alcoholic Beverage Control Board has never prohibited sale by grocery stores, it was stated today at the local ABC office. Ulster county is one of a few counties in which grocery stores are not prohibited from selling on election day.

Hurley Votes Its School Budget and Elects Trustees

At a special meeting of Hurley School District 4 last night a budget of $41,749.78 was adopted and two trustees elected.

The budget of $39,749.78 submitted for consideration was increased $2,000 to provide an additional bus for transportation.

This was the second meeting of the year. The first, held in May, was declared invalid by the New York State Commissioner of Education.

During the discussion it was pointed out that only one bus was presently in use and that it had to make two trips to handle the pupil load. Children making the second trip have to wait approximately an hour after being dismissed from school, it was stated. The budget was amended to increase the item for transportation from $5,500 to $7,500.

Two Trustees Elected

Elected to the school board were William J. Hutton, who received 193 votes, and Elbert D. Ackerman with 190. Also running were Jay N. Vanderlyn, who received 162 votes, and Schuyler E. Weidner with 155.

The question of raising the tax rate gradually, beginning at the present time, or waiting for a year and then increasing it more substantially, was discussed, with conflicting views expressed, but no action was taken.

State Aid in January

It was pointed out that, due to delay in filing application, state aid would not be available until January 1. Discussion revealed the consensus to be that tax bills should be prepared immediately in order that funds might be obtained for school operation.

Edward Browne served as chairman of the meeting.

Has $472 Balance

Harry Skerritt, Jr., a trustee, said today that the bank balance in the Hurley School District as of Friday, Oct. 17, was $472, whereas last year at this time it amounted to 12 or 13 thousand dollars. Last year at this time the district had received $5,000 in state aid and had collected seven or eight thousand dollars in taxes, Skerritt stated.

Budget approval May 6 was declared illegal by the state commissioner of education on the ground that notice of the meeting had not been properly posted. The commissioner then ordered a special meeting which was held last night.

In the meantime, the district has received no state aid and has been unable to collect taxes.

Duffy Death Due To Natural Cause

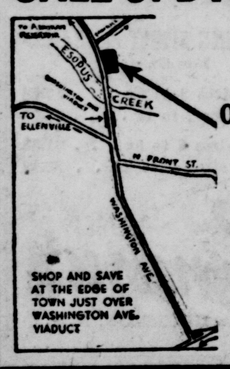

William J. Duffy, of East Strand, died Tuesday afternoon in the Ulster county jail where he was being detained pending appearance in City Court on a charge of public intoxication.

Following an autopsy performed by Dr. Herbert Derman and Dr. L. E. Sanford, Coroner Ernest A. Kelly returned a verdict of death due to "natural causes." The cause of death was described as "pulmonary edema."

Local Death Record

Mrs. Elizabeth Peck

The funeral of Mrs. Elizabeth Peck, widow of John Peck who died Oct. 17 in Hartford, Conn., was held Tuesday at 1 p. m. from the home of her daughter, Mrs. Edward Feldmann in Flatbush. The Rev. Fred H. Deming officiated. Burial took place in Woodstock Cemetery.

Mrs. Anna Nagel

Funeral services for Mrs. Anna Nagel of the Peak road, Stone Ridge, were held at the George J. Moylan Funeral Home, Main street, Rosendale, Monday at 2 p. m. by the Rev. Albert H. Shultis. Burial took place in Stone Ridge Cemetery, where the Rev. Mr. Shultis read the committal.

Peter Krom

Funeral services for Peter Krom of High Falls were held Tuesday afternoon from the George J. Moylan Funeral Home, Main street, Rosendale. The Rev. Gerrett Timmer officiated. Burial took place in High Falls Cemetery where the Rev. Mr. Timmer conducted the committal service. Bearers were George Boughton, William Yeaple, Walter Duyme and Victor Purcell.

George B. Saunders

George B. Saunders, formerly of Wallkill, died in this city Tuesday after a long illness. Surviving are his wife, Augusta J. Saunders; two sons, Fred of Bergenfield, N. J. and George of Albany; a daughter, Mrs. Ernest O'Neil of Flushing, L. I.; six grandchildren and several nieces and nephews. Funeral will be held from the W. N. Conner Funeral Home, Inc., Friday at 11 a. m. Bural in Rosendale Plains Cemetery.

John Milbert

John Milbert of High Falls died at his home early Tuesday morning. A native of Latvia, Mr. Milbert had resided in High Falls many years. He is survived by his wife, Lina Randolph Milbert; a daughter, Mrs. Benita Sermolin and a son, William. Funeral services will be held Thursday at 2 p. m. from the George J. Moylan Funeral Home, Main street, Rosendale. Burial will be in Rosendale Plains Cemetery.

William J. Duffy

The funeral of William J. Duffy of 75 East Strand, who died Tuesday afternoon will be held Friday at 9 a. m. from the Jenson & Deegan Funeral Home, 15 Downs street, thence to St. Joseph's Church, where at 9:30 o'clock a high Mass of requiem will be offered for the repose of his soul. Burial will be in St. Mary's Cemetery. He is survived by a daughter, Mrs. Mary Doyle of Port Ewen; his mother, Mrs. Mary V. Duffy of 75 East Strand; a sister, Mrs. William J. Carpenter of Albany avenue extension; two brothers, Charles T. Duffy of Lake Katrine and John J. Duffy of Kingston. His father, William J. Duffy, died 12 years ago. Friends may call at the funeral home any time.

Bernhard Bohmer

Bernhard Bohmer of Ashokan died suddenly Tuesday at his home. Before retirement, Mr. Bohmer was general manager of a linen supply company in New York for many years. He is survived by his wife, Mrs. Mary Bohmer; three sons, Jack and Joseph, New York and Walter, Boston. Four grandchildren also survive. Funeral services will be held Friday at 8 p. m. from the Thomas C. Bible Funeral Home, 25-25 Westchester avenue, Bronx. Burial will take place Saturday in the Gate of Heaven Cemetery at Valhalla.

Marvin Q. Polhamus

Marvin Q. Polhamus, 67, of New Paltz, died early today at Kingston Hospital following a brief illness. He was born in Ohioville the son of the late David H. and Maria L. DeGroodt Polhamus. He resided in that vicinity his entire life. Mr. Polhamus is survived by a brother, Arthur, and a nephew, David. Funeral services will be held Friday at 2 p. m. from the Pine Funeral Home, New Paltz, with the Rev. Willet Porter, of the New Paltz Methodist Church, officiating. Burial will be in Lloyd Cemetery. Friends may call at the funeral home Thursday night.

John J. McKnight

John J. McKnight of Tillson died Tuesday night in Kingston following a long illness. He was a veteran of World War 1. Mr. McKnight is survived by his mother, Mrs. Mary Ryan McKnight; two sisters, Sarah and Anna McKnight, both of Tillson. The funeral will be held Friday at 9 a. m. from the George J. Moylan Funeral Home, Main street, Rosendale, thence to St. Peter's Church, Rosendale, where at 9:30 a. m. a high Mass of requiem will be offered for the repose of his soul. Burial will be in the Gate of Heaven Cemetery, Mt. Pleasant.

Mrs. Alvinette J. Gerlach

Funeral services for Mrs. Alvinette J. Gerlach of Sawkill Road were held Tuesday afternoon at the W. N. Conner Funeral Home, Inc., by the Rev. Ralph M. Houston, D.D., pastor of St. James Methodist Church. The services were very largely attended by relatives and friends. Floral tributes banked the casket. Monday evening Clinton Chapter, 445, OES, led by Worthy Matron Ferna E. Mullen, visited the funeral home and extended sympathy and condolence to the family. Mystic Court, 62, O of A, conducted ritualistic services for its deceased member, led by Charlotte Reynolds, royal matron. Bearers were Byron Gerlach, Kasper Gerlach, Raymond Trumpait and Raymond Bonestell. Burial was in Church of the Comforter Cemetery.

No Extension Set On Voting Hours

No notice has been received at the Ulster County Board of Elections as yet on the extension of voting hours on Election Day to 9 p. m. Because of the heavy vote expected it is expected there will be an extension of the voting hours.

Blood Material Is

the virus starts attacking nerves.

The 90 paralytic polio cases means children who showed some signs of paralysis, at any time. Some recovered completely.

Had Some Effect

The GG shots had some sparing effect even among youngsters who did get paralysis. Within 30 days, half of the GG kids had recovered completely. In that same period, none of those getting gelatin had recovered completely.

In the first week after the shots were given, the GG had little, if any, noticeable effect. Nearly as many children getting GG developed polio as those getting gelatin.

But then came a sharp rise in protective effect.

In the second week, only three GG children got polio, against 23 gelatin. From the second through the fifth weeks, only six GG children developed paralytic polio, against 38 of those getting gelatin.

After five weeks, protective effect of the GG fades. The antibodies, in the GG, borrowed from someone else, are not permanent.

A more permanent way of getting antibodies is to use a vaccine that contains polio virus. In reaction to the virus, the human body might develop permanent antibodies. A first step toward such a real vaccine was announced Monday by Johns Hopkins scientists, who found that a vaccine produced antibodies in six Baltimore children.

Preliminary Report

Dr. Hammon presented a preliminary report on the GG findings, the largest human field trials ever conducted in medical history. It cost $1,000,000 in March of Dimes funds. It was made possible only by the courageous, unselfish cooperation of parents, townspeople and doctors in three areas of Texas, Iowa, and Utah.

In Provo, Utah, last summer, 5,767 children took part in the tests. They were two to eight years old.

Last July there were 33,137 children in the Houston (Harris county) area of Texas, aged one through six; and 15,868 youngsters, one through 11 years old, in the Sioux City area, combining Woodbury county and Dakota county, Nebraska.

No one knew which children were getting the GG, which were getting gelatin shots. Each injection vial looked the same, just bore a serial number that was marked on the child's history card.

One lone copy of these serial numbers — telling which shots were GG—was kept under lock in a New York office. Dr. Hammon and associates consulted this file Oct. 1, to check which children with paralysis had received what kind of shot. Fuller reports will be announced much later.

Never Full Answer

GG could never be a full answer to polio control.

A huge problem would be to get enough human blood donations to give very many shots. A pint of blood yields enough GG to give one child just one temporarily protective shot. Blood plasma, left over after taking out GG, still could be used for transfusions. But the public isn't yet donating anywhere near enough blood for Korea, civilian defense stockpiles, and day-by-day use in hospitals at home.

But Americans might give enough of their blood to supply GG for use in areas where polio breaks out. Children there could get the shots, to keep them from getting paralyzed, and put out the spreading fire of a polio epidemic.

The GG for these tests, supplied by the American Red Cross, came from blood collected during World War 2. It was GG pooled from the blood of many people from many geographical areas. This GG was known to contain antibodies against all three types of polio virus—Lansing, Leon and Brunhilde. Blood collected from people in one area might not have all three antibodies.

Critical Question

A critical question still to be answered is whether the children who were saved from paralysis still developed their own antibodies in reaction to the virus invasion. If they didn't, they could still be susceptible next year to attack from the same virus. If GG not only spared them from paralysis, but let them make their own antibodies, they will be self-protected for many years to come.

When a polio vaccine becomes available, the GG shot could be helpful. Use of the vaccine would be safer. The GG would give temporary protection until the vaccine stimulated you to make your own antibodies. That apparently takes a week to 12 days.

Co-authors of today's report are Drs. Lewis L. Coriell of Camden, N. J., Municipal Hospital; Paul F. Wehrle, U. S. Public Health Service, Christian R. Klimt Rockefeller Foundation, and Joseph Stokes, Jr., University of Pennsylvania.

Car in Which W. R. Clarke Died

This is the car in which Walter R. Clarke, Milton fruit grower, met death Tuesday afternoon, when it was in collision with a kerosene truck on Milton Turnpike two miles west of 9W state highway. *(Freeman photo)*

Walter R. Clarke Funeral Arranged

Funeral services for Walter R. Clarke, 66, prominent Milton fruit grower and president of the New York State Horticultural Society in 1931, will be held Friday at the Milton Methodist Church at 2 o'clock with the Rev. Stanley R. Jones, pastor, officiating, assisted by the Rev. Lester Hawes of Ossining. Burial will be in the Cedar Hill Cemetery, Middle Hope. Friends may call at the Sutton Funeral Chapel, Clintondale, between 7 and 9 p. m. Thursday.

Mr. Clarke was fatally injured Tuesday afternoon about 1 p. m. when he was thrown from the car he was operating along the Milton Turnpike two miles west of 9-W, when his car and a kerosene tank trunk owned by the G.L.F. Petroleum Distributors of Milton, operated by Leon M. Mehl, 19, Walden, were in collision.

Coroner's Report

Following an investigation by State Police from the Highland station, Coroner Ernest A. Kelly said it was apparent that Mr. Clarke had been traveling west on the Milton Turnpike when he came to an intersection. He turned his car into the "V" intersection to the right and then attempted to make a left turn back to the Milton Turnpike, evidently to return easterly. The truck which was also traveling westerly and the Clarke car came together and Mr. Clarke was thrown from his car. An autopsy performed by Dr. Herbert Derman and Dr. L. E. Sanford disclosed that Mr. Clarke suffered a crushed chest, compound fracture of the left arm and severe shock. Death was due to the injuries sustained, Coroner Kelly stated. At first it was believed Mr. Clarke may have suffered a heart seizure but Coroner Kelly said the inquest eliminated that theory.

Mr. Clarke was born in Milton, son of the late James R., and Jessie Lester Clarke, and had lived in Milton all his life. He attended local schools, Newburgh Free Academy and the Massachusetts Agricultural College and was a graduate of the Centenary Collegiate Institute of Hackettstown, N. J.

Prominent Methodist

Active in civic and religious affairs, he was a prominent leader in the Methodist Church throughout his life, interested in Sunday school work and the Migrant Mission Project. He served as president of the New York State Horticultural Society in 1931 and was a leader in the fruit industry in New York state.

In 1913 he married Ruth Birdsall, who survives. Also surviving are two sons, James and Leonard Clarke of Milton; two grandchildren, Walter Roe and Stephen W. Clarke, and one sister, Lulu Clarke of Milton.

He was a director of the First National Bank of Milton.

Huge Odds

The odds against all four persons in a bridge game holding perfect hands, 13 cards of one suit, are 2,235,197,406,366,368,301,599,999 to one, according to statisticians.

Zoning Hearing Takes Time of Joint Meeting

A scheduled joint meeting of the city's planning and zoning boards to discuss proposed amendments to the local zoning laws failed to materalize last night because the zoning board was obliged to devote full time to a hearing on a Jansen avenue zoning problem.

Attorney Joseph Avis, chairman of the zoning board, said both boards plan to discuss several amendments to the zoning laws before a new printing of the laws is made.

The amendments would deal with such problems as the location of junk yards in the city, certain phases of multiple dwelling requirements, problems pertaining to trailer camps and zones for prefabricated dwellings.

No other date was set for the joint meeting, but Avis indicated one will be held on special notice at some convenient date in the near future.

About 60 residents of the Jansen avenue-East Chester street area appeared before the zoning board in the Common Council chamber to oppose the occupancy by A. Kaplan Sons, of a building on Jansen avenue for the processing of burlap bags. The building was used formerly by the Coca Cola Bottling Co.

Adjourned to Oct. 28

The board is to decide whether a "non-conforming use" issue is involved, and adjourned the hearing until Oct. 28. The hearing which started at the conclusion of last night's recessed meeting of the Common Council, lasted two hours.

Attorney Charles Gaffney appeared for A. Kaplan Sons and Sherwood E. Davis represented the group opposed to the petition.

The planning board held a short meeting to act on matters preliminary to the forthcoming joint meeting.

Fisher Is Injured In Auto Accident

John Fisher, 38, of 80 Prospect street, was injured when he was struck by a station wagon operated by Anthony Poalillo, 49, of East Rutherford, N. J., at Broadway and East Chester street yesterday, city police reported.

Fisher's condition was reported as "fairly good" today at Kingston Hospital. Police said he suffered a possible fracture of the left wrist, possible fractured ribs, and multiple lacerations of the body, limbs and head.

A police report at 12:34 p. m. said the station wagon headed south on East Chester street, was turning left into Broadway. Fisher, a bus driver employed by the Kingston City Transportation Corp., was crossing Broadway. He was taken to the hospital by Arthur Kidd, of 58 VanBuren street, a bus driver for the same company. Kidd was riding in his own car near the scene of the mishap at the time.

Decision Is Reserved

Albany, N. Y., Oct. 22 (AP)—The Court of Appeals has reserved decision on bookmaker Harry Gross' plea that his 12-year jail sentence was excessive and unlawful. Gross, who has linked many New York city policemen to his gambling activities, is under sentence to serve one year on a conspiracy charge and 11 years on 65 counts of bookmaking, the Special Sessions court in New York directed that the terms be served consecutively.

Investor Forum

by

Harry C. France

The biggest problem in economic America centers about the purchasing power of the dollar. This problem envelops 155-million people. It stymies the actions and decisions of corporation executives, small business men, speculators and investors.

Here, for example, is a small corporation. One hundred thousand dollars is available for expansion. The three entrepreneurs count the cost of the operation; they survey the field with which they must compete should they go ahead with their plans; they analyze the tax burdens they will face if they are successful. And, after doing all this, they decide against the expansion. At the bottom of everything is a tricky dollar.

Or, here is a successful speculator in securities. He bought at Pearl Harbor time. Some of his gains are 1,000 per cent. He would like to cash some of them in. And capital gains taxes are not holding him back from doing this. But he is wondering what kind of a dollar America will have in 1953 and 1954.

Are unbalanced budgets still to be in the country then? And will deficit financing be the order of the day? If so, he will not take any profits. His indecision stems from the dollar's uncertain integrity.

Millions of investors also are sitting on the fence. They do not lack capital. Broadly speaking, they have confidence in economic America. But they are wondering if the dollar is going to get worse or better. The integrity of our money is one thing; the stability of our best managed corporations, another.

* * *

Now what I am driving at is this: today, when millions of people, having billions of dollars of cash and assets, are uncertain of tomorrow's dollar purchasing power, what should they do with their money?

Well, dollars are dollars; and property is property. Have some of both. Straddle the economic fence. What kind of property, one may ask? Sound, income producing property that enjoys good management. Property that can be bought in small units and that has instant marketability.

A well-run corporation circumvents dollar deterioration. The inflation that flows into money, causing costs and wages and taxes to rise, gets into prices. Thus, efficient enterprises protect their properties by charging more for their products.

Everybody knows, for example, that the price of automobiles has increased in recent years. This merely reflects the declining purchasing power of the dollar. Prices, wages, costs, taxes and dividends have kept pace with the inflation.

A leading corporation sold $4,701,000,000 products in 1948. Taxes were $360,000,000. Dividends were $210,000,000. Operating charges totaled about $3,700,000,000.

Last year (1951) sales were $7,465,000,000. Taxes were $1,141,000,000. Dividends were $363,000,000. Operating charges, $5,574,000,000.

Despite the inflation, this company is in an impregnable position. If costs, taxes and operating charges decline, prices also will slide off. A well-managed American corporation can adapt itself to inflation or deflation and still retain its economic integrity.

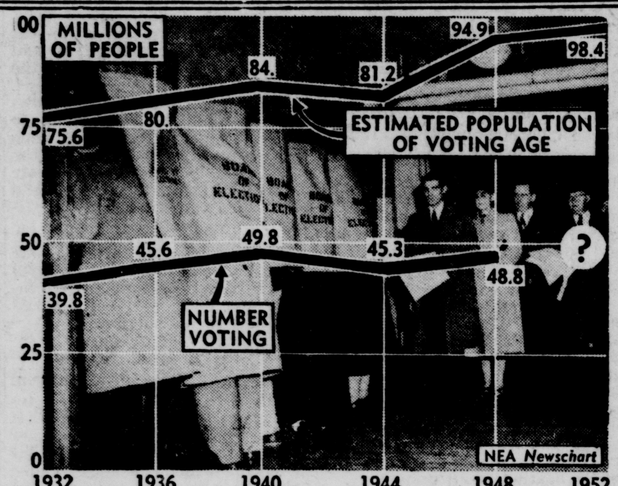

A person who owns one share of General Motors; General Electric; Chase National Bank; American Telephone and Telegraph; Standard Oil of New Jersey; Du Pont or any of the hundred leading enterprises, owns property. The price of this property will fluctuate with the gyrations of the economic forces underlying it.

But such property, always under good management, and producing goods and services indispensable to the well-being of 155,000,000, is something for fearful dollar holders to possess.

I have the greatest of confidence in the basic economic foundation of America. But I can't say the same thing for the future buying power of the dollar.

Buy and hold some sound property.

An arbor vitae hedge should be trimmed soon after it begins to grow in the spring.

GET OUT AND VOTE—Veteran political analysts expect an all-time record vote registration this year which should set a record for the number voting in an election. Above Newschart shows that population of voting age has increased much faster than the number actually voting since 1932. Due to the high registration this year experts estimate that between 55 and 60 million people will cast their ballot this year.

WALLKILL NEWS

Legion Auxiliary Names Committees

Wallkill, Oct. 21—Mrs. Walter Harris, president of the Ladies' Auxiliary, Rose-Sheeley Post 1034, American Legion, has announced the following committees for the year's work: Americanism, Florence Morehouse; American Legion Mountain Camp, Jeannette Sheeley; cancer control, Vivian McLean; community service, Pauline Auchmoody; constitution and by-laws, Eveleyn Lawson; coupons, Nettie Daley; Empire State news, Vera Prisco; finance, Vera Prisco, Anna Lown, Dorothy Wickes, Vivian McLean; Girls State, Sally Ross; historian, Gertrude Cameron; legislative, Grace Holland; membership, all executive officers; music, Olive Van Demark; National Security Commission, Vera Carman; Pan-American study, Kathryn Sowa; past president's parley, Dorothy Wickes; poppies, Edna Roach; radio and publicity, Olive Van Demark; chaplain and good cheer, Hazel Kaup; child welfare, Mary Decker; civil defense, Marie Flockheart; card party, Anna Masten; Cub Scouts, Dorothy Wickes; merchandising club, Dorothy Wickes.

The following delegates from the auxiliary were appointed to work with other organizations of the village in raising funds for the recreation program: Edna Roach, Dorothy Wickes, Mabel Almquist, Marie Flockheart. The Footlight Club is to give a play on November 14 and November 15 for the recreation fund.

It was decided that card parties this year would be held for a specific cause. The first will be held the last week in December in the community room at the Wallkill National Bank for rehabilitation work of the auxiliary. Later in the season another party will be held for the cancer fund.

The menu for the cafeteria supper to be held in the Legion rooms, election night, Nov. 4, will be announced next week. Servings will be from 5 o'clock until all are served.

Merchandising awards were made to Edna Roach, Mrs. George Druttman, Mrs. J. Merkel, Ida Lawson, Mary Decker and Evelyn Lawson.

Names and service addresses of all personnel in Korea are being sought by the auxiliary before November 1 so that all servicemen and women may receive their package in time for Christmas. Anyone knowing of a person in Korea is asked to contact Mrs. Malcolm VanDemark.

Conklin Party

Wallkill, Oct. 21—Wednesday evening, Oct. 15, the Merry Maids surprised Mrs. Harry Conklin, a former Merry Maid, at her home in honor of her birthday. Mrs. Conklin has been ill at home for some time and is always glad to see her friends. Present were Mrs. Claude Decker, Mrs. George Crist, Mrs. George Parliman, Mrs. Viola Jansen, Mrs. Arnold Lipsett, Mrs. Edwin Sheeley, Mrs. Clifford Caswell. Unable to be present were Mrs. Clifford Quick and Mrs. Walter Smith. Cards and refreshments were enjoyed. The guest of honor was presented with a birthday gift.

Caswells Feted

Wallkill, Oct. 21—Mr. and Mrs. Thomas Bellarosa were hosts at a surprise turkey dinner in honor of Mrs. Bellarosa's parents, Mr. and Mrs. Clifford E. Caswell, on Wednesday evening, Oct. 15. The occasion was Mr. and Mrs. Caswell's 31st wedding anniversary. The couple are popular in the village and interested in civic and community affairs. Mr. Caswell is employed by the Wallkill Farm Supplies and is clerk of the school board. They have three children, Mrs. Bellarosa, and two sons, Clifford and Blair Caswell. Present were the Caswells, Clifford and Blair Caswell, Mrs. George Sc.n, Mr. and Mrs. Emmet Conklin, Mrs. Eli Van Wagenen, Mr. and Mrs. Arnold Lipsett, Mr. and Mrs. Clifford Quick, Mr. and Mrs. Walter Smith, Barbara Smith, Mr. and Mrs. Macey Van Wagenen of Wallkill; Mrs. Aidah Billings of Pine Bush, a sister of Mrs. Caswell and Mr. and Mrs. Stanley E. Van Wagenen and daughter, Carole of Kingston.

Village Notes

Wallkill, Oct. 21—Mr. and Mrs. Harry Morehouse and Mr. and Mrs. Joseph Morris and two sons, Jeffrey and Charles were Sunday guests at the home of Mr. and Mrs. Wallace Palen and family of New Hurley.

Mr. and Mrs. Claud Decker, Mrs. Eli Van Wagenen, and Mrs. Nellie Roosa and Mrs. Louisa Parliman were guests Sunday at the home of Mrs. Viola Jansen.

Mr. and Mrs. John White and daughter Betty Ann spent the weekend at the home of Mrs. White's parents Mr. and Mrs. J. Messerschmitt of of Gardiner.

Mr. and Mrs. George Crist, Mr. and Mrs. George Parliman and Mr. and Mrs. Benjamin Kreiton were among guests at the Schoonmaker camp at Wolf Lake on Sunday.

Mr. and Mrs. Lester Terwilliger were guests Saturday evening at the home of Mr. and Mrs. Stanley E. Hill and daughter Barbara of Monroe.

Blames U. S. for Strike

Oak Hill, W. Va., Oct. 22 (AP)—"The first strike ever called by the government," is the way Sen. Joseph R. McCarthy refers to the walkout of some 322,000 soft coal miners. "It's the first time that the men and the companies have gotten together only to have government come in and call a strike," he said in a speech yesterday. The Wisconsin Republican was referring to a walkout by the miners after the Wage Stabilization Board cut 40 cents off the $1.90 daily wage increase they recently won. The pay hike was agreed to by the mine owners and John L. Lewis' United Mine Workers. McCarthy spoke at a $25-a-plate GOP fund raising luncheon at the White Oak Country Club.

Millions Handling Coal

About a million persons are engaged in the mining, selling and delivery of coal in the United States, including railroaders whose jobs are directly dependent upon the movement of coal.

Two Crewmen Die

New York, Oct. 22 (AP)—Two crewmen were reported dead in a fire early today in the engine room of the 6,600-ton freighter Fernfield at a Brooklyn pier. The blaze was under control about an hour after the first of two fire alarms was turned in. A fire boat as well as land apparatus responded. Fire headquarters reported that firemen wearing gas masks found two men dead in the engine room when they were able to make their way below.

Will Back Series

New York, Oct. 22 (AP)—Bishop Fulton J. Sheen's television series, "Life Is Worth Living," has won million-dollar backing. The Admiral Corporation announced last night it will sponsor the 26-week TV series starting Nov. 18 over a score or more Dumont TV network outlets.

In producing 264 million tons of coal since 1806, Missouri has used up about 1 per cent of her resources.

Investor Forum

by

Harry C. France

The biggest problem in economic America centers about the purchasing power of the dollar. This problem envelops 155-million people. It stymies the actions and decisions of corporation executives, small business men, speculators and investors.

Here, for example, is a small corporation. One hundred thousand dollars is available for expansion. The three entrepreneurs count the cost of the operation; they survey the field with which they must compete should they go ahead with their plans; they analyze the tax burdens they will face if they are successful. And, after doing all this, they decide against the expansion. At the bottom of everything is a tricky dollar.

Or, here is a successful speculator in securities. He bought at Pearl Harbor time. Some of his gains are 1,000 per cent. He would like to cash some of them in. And capital gains taxes are not holding him back from doing this. But he is wondering what kind of a dollar America will have in 1953 and 1954.

Are unbalanced budgets still to be in the country then? And will deficit financing be the order of the day? If so, he will not take any profits. His indecision stems from the dollar's uncertain integrity.

Millions of investors also are sitting on the fence. They do not lack capital. Broadly speaking, they have confidence in economic America. But they are wondering if the dollar is going to get worse or better. The integrity of our money is one thing; the stability of our best managed corporations, another.

* * *

Now what I am driving at is this: today, when millions of people, having billions of dollars of cash and assets, are uncertain of tomorrow's dollar purchasing power, what should they do with their money?

Well, dollars are dollars; and property is property. Have some of both. Straddle the economic fence. What kind of property, one may ask? Sound, income producing property that enjoys good management. Property that can be bought in small units and that has instant marketability.

A well-run corporation circumvents dollar deterioration. The inflation that flows into money, causing costs and wages and taxes to rise, gets into prices. Thus, efficient enterprises protect their properties by charging more for their products.

Everybody knows, for example, that the price of automobiles has increased in recent years. This merely reflects the declining purchasing power of the dollar. Prices, wages, costs, taxes and dividends have kept pace with the inflation.

A leading corporation sold $4,701,000,000 products in 1948. Taxes were $360,000,000. Dividends were $210,000,000. Operating charges totaled about $3,700,000,000.

Last year (1951) sales were $7,465,000,000. Taxes were $1,141,000,000. Dividends were $363,000,000. Operating charges, $5,574,000,000.

Despite the inflation, this company is in an impregnable position. If costs, taxes and operating charges decline, prices also will slide off. A well-managed American corporation can adapt itself to inflation or deflation and still retain its economic integrity.

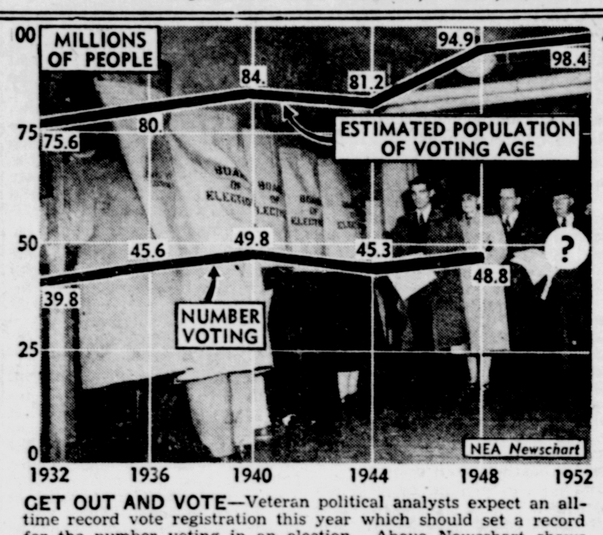

A person who owns one share of General Motors; General Electric; Chase National Bank; American Telephone and Telegraph; Standard Oil of New Jersey; Du Pont or any of the hundred leading enterprises, owns property. BALLANTINE BEER

P. Ballantine & Sons, Newark, N. J.

Faulty Timing of Advertising Target of Newspaper Drive

Faulty timing of advertising is currently costing U. S. retailers untold millions of dollars annually in additional sales and profits, according to Edward H. Burgeson, director of the Retail Department, Bureau of Advertising, American Newspaper Publishers Association, of New York city. "Far too much advertising," he said, "is planned by hunch, intuition, accident, and prejudice, as shown in numerous studies the Bureau has made in the past five years of the advertising practices of scores of retail stores."

Burgeson's statement accompanied the launching this week of an intensified nationwide drive by daily newspapers—in which the Kingston Daily Freeman is participating—to help retailers build volume and overcome the twin current problems of dangerously high operating costs and shrinking profits through advertising better timed to more nearly coincide with periods of peak consumer buying.

The drive was kicked off locally today with the unveiling of a new presentation designed to refocus the attention of Kingston's retailers on the fundamentals and mechanics of timing advertising for high turnover at full markup and maximum profits.

Entitled "Today More Than Ever Profits Hinge On Good Timing," the presentation is a special feature of the new 1952 edition of the "Annual Time Table of Retail Opportunities," now available to local retailers from the advertising department of The Freeman.

New Tool Insures Better Timing

The new presentation and the revised Annual Time Table were distributed by the Bureau of Advertising as a specially designed weapon to be used by newspaper staffs in every community in a mass attack on this problem of poor advertising timing.

It marks the first time that any advertising medium has made available to retailers on a nationwide scale and between the covers of a single publication both a presentation which establishes the reliability and importance of seasonal sales patterns as a guide to advertising timing, and a book of statistical facts which enables retailers to pin down these patterns on a regional basis.

Tells Story of Customers

The two-color, illustrated presentation graphically relates the story of how groups of people and entire markets buy merchandise seasonally—on a national and regional basis—and in the whole store, in various departments, and at commodity levels.

On the basis of the buying behavior of masses of people during preceding seasons, the presentation points to ways in which retail advertisers can reasonably forecast what people will buy—and when—in current and future seasons.

The new Annual Time Table marshals between its covers an imposing array of facts about seasonal sales and advertising patterns during the year 1951. These facts will help retailers determine what items to advertise each month, and when to start and peak advertising pressure behind each department and item.

Specifically, these facts include:

A seasonal breakdown of 1951 sales of more than 17 types of stores and 51 departments of department stores, in terms of the per cent of annual sales contributed by each month in the nation as a whole and in the 14th Federal Reserve District.

A breakdown of each month's sales of various commodity groups during 1951.

Data on the seasonal fluctuations in the newspaper advertising of 91 key commodities during 1951.

Tables comparing the relative amounts of advertising given to those key commodities during each month of 1951.

Scare Buying Traced

Another special feature of the new Annual is a section tracing the effects of scare-buying on sales in 12 departments of department stores during January and February of 1951. In this section, 1951 seasonal sales patterns are compared with those of 1949, the last year in which scare buying exerted no influence over retail sales.

Still another feature of the new Annual is a section outlining the four basic steps to be followed by retailers in achieving better-timed, more productive advertising.

Sources of the information published in the Annual include the major fact-finding organizations in the field of retailing today. They include: The Federal Reserve Board's reports of sales in 350 department stores located in all sections of the country; Department of Commerce analyses of seasonal sales in retail stores; and analyses conducted by George Neustadt, Inc., of retail advertising of 91 commodities, by all stores in all newspapers in nine key cities: New York, Chicago, Philadelphia, Detroit, Brooklyn, Cleveland, St. Louis, Pittsburgh and Washington.

Largest recorded hailstone was one that fell at Potter, Nebr., July 6, 1928, and weighed one and one-half pounds.

MOROCCO AND SPAIN LINKED BY URANIUM—The dotted line on the Newsmap above shows areas in Spain and Morocco where deposits of uranium ore have been found. Rich finds of the stuff that makes atom bombs have been found in the Strait of Gibraltar, and zeunerite, a uranium ore, has been found in the Granada-Loja area. According to a German technician, the Spanish Sierra Nevada Mountains hold large deposits of radioactive material. In Morocco the areas around Larache, Petitjean, and further south in the Atlas Mountains and near Ouarzazate all contain radioactive minerals. The Colomb-Bechar region abounds in similar metals and an American geologist thinks that the Timimoun area also contains many such minerals.

Jacoby on Canasta

Meld Fast if Foe Gets Pile

By OSWALD JACOBY
Written for NEA Service

"What is the best thing to do when the opponents win the first large discard pile?" asks a Long Beach correspondent. "Do we make our initial meld at once, or do we bide our time? And if you recommended biding, how long do we bide?"

In general, don't bide. Make your initial meld as soon as convenient—and maybe a little sooner. But keep the main goal in mind: you are planning to meld out as quickly as possible.

Let's examine the logic of this statement. When an opponent picks up a large discard pile, he will usually keep enough cards in his hand to assure control of the discard pile from then on. If you can't win the pile away from the enemy you'll take a beating unless you can meld out quickly. The longer the hand lasts, the worse beating you'll take.

What can you do to meld out quickly? One of you must make an initial meld in a hurry. Then at least one member of the partnership must get into melding-out position with all possible speed.

In an emergency situation of this kind it's always a sound idea to make the initial meld when you can do so with all natural cards. Even if you have to use one or two wild cards, it still doesn't hurt.

If you have to use several wild cards, however, let one turn or so go by; maybe your partner can make a more convenient initial meld if you give him the chance to do so.

You can't afford to wait very long. Your partner may misguess the cards that you have in your hand, and he may discard the very things that you would like him to save. The greater the chance that he will guess wrong, the more important it is for you to meld in a hurry.

Sometimes there is very little chance for your partner to guess wrong, and then you don't have to put down an initial meld. For example, suppose an opponent picks up a large discard pile and melds aces, kings, queens, and jacks.

Everybody has discarded fives, sixes, and sevens earlier in the hand. It is obvious that you and your partner must hope for the unmelded eights, nines, and tens.

Even in such a situation, however, it wouldn't pay to postpone an initial meld for very long. Your partner may be just short of the count, and he may be desperate for you to make the initial meld so that he can meld out immediately.

Mr. Jacoby is unable to answer individual questions on Canasta from readers. However, he will include the most frequently asked questions in his column.

Sinatra Got Angry

New York, Oct. 21 (AP)—Columnist Earl Wilson reported today in the New York Post that Frank Sinatra and Ava Gardner have separated after a spectacular quarrel in which the singer called police to put Ava, actress Lana Turner and other friends out of his Palm Springs, Calif., home. Wilson said Sinatra returned home after a television show Saturday night to find "his former girl friend (Lana) and his present wife (Ava) cutting him up." He reportedly became so indignant about the remarks that he summoned police. Sinatra has moved in with his friend, composer Jimmy Van Heusen, and Miss Gardner just "took off," Wilson said.

SAWKILL NEWS

Sawkill, Oct. 21 — The Sawkill Volunteer Fire Company held a regular monthly meeting at the firehouse Monday evening. During the week members volunteered their labor in the evenings to do finishing work inside and around the building.

The Sawkill Mothers' Club social Saturday evening was very successful. A large number of persons were present and everyone had a very enjoyable time. Refreshments were served.

Mr. and Mrs. S. Meyers had as their guest Saturday, John Griffin of New Jersey. Sunday, Mr. and Mrs. Joseph Myers and son Gregory of Kingston visited them. Mr. and Mrs. Paul Vanak returned to their home in Yonkers on Sunday after visiting her parents Mr. and Mrs. Myers.

Mrs. Francis Joy and daughters Marguerite and Laura and Mrs. Horace Brown and sons John and Thomas of Kingston spent Sunday in Brooklyn visiting their brother and sister-in-law, Mr. and Mrs. George Scheffer and family.

Miss Mary Ann Leahy Kingston, spent the weekend on Hallahan's Hill with her grandparents Mr. and Mrs. Frank Joy.

Mr. and Mrs. James Wrynn, Stephen and Susan, spent the weekend at their Hallahan's Hill home.

Mrs. Daniel Linden and Mr. and Mrs. Louis Canale, Brooklyn, spent the weekend at their home in the village.

Mr. and Mrs. Percy E. Jones of Mechanicville spent the weekend with his sister Mrs. L. Hover in upper Sawkill.

Mr. and Mrs. William Hulsair, Sr., spent Sunday with Mr. and Mrs. Donald Hulsair and family in Kingston.

Mr. and Mrs. O. Blackwell will celebrate their wedding anniversary on October 26.

The Sawkill Fire Company put out a stump fire near the Austin Brown home on the Sawkill road during the week.

Birthdays being celebrated include those of Leta and Lois Blackwell, October 10; Mrs. E. Missano, October 15; George Hulsair, October 18; Mrs. Francis Joy, October 20; Jon Herbert, October 22.

Mr. and Mrs. Herbert Roeber and family spent the weekend visiting her parents, Mr. and Mrs. Philip Froelich and family, Beth Page, L. I.

Mettacahonts

Mettacahonts, Oct. 21 — The Willing Workers will serve a roast beef supper at Mettacahonts Hall, Thursday, from 5:30 p. m. until all have eaten.

Mr. and Mrs. Ralph Kelder of Poughkeepsie and Mr. and Mrs. Roy Kelder were dinner guests of Mr. and Mrs. Stanley Kelder Sunday.

Mr. and Mrs. Charles Bell of Kingston were recent guests of their sister, Mrs. Jesse Osterhoudt and family.

Mrs. Jane Miller has been spending a few days at the home of Mrs. Mary Osterhoudt.

Mrs. M. Gates who underwent an operation at the Kingston Hospital returned home Saturday.

Mr. and Mrs. Stanley Kelder accompanied by Mr. and Mrs. Charles D. Osterhoudt enjoyed an auto trip Sunday.

There will be a Halloween party at Mettacahonts Hall, Tuesday, Oct. 28. All attending are asked to bring sandwiches or doughnuts.

Mrs. M. Rauch and son Richard who recently returned home spent the past weekend with relatives in New York.

Women Outnumber Men

New York, Oct. 21 (AP)—Women outnumber men on the voting lists in New York city, a check showed today. The board of elections said that of the 3,515,997 persons who registered this year to vote, 1,761,148 were women, and 1,754,849 were men:

Wonderful Way to Start the Day!
Well, there he goes, backing out into the challenge of an October morning—and there's no denying that he's off to a wonderful start.
You see, he's at the wheel of a Golden Anniversary Cadillac—and there's no greater lift to the spirits than the deep-throated whisper of a Cadillac engine.
It says inspiring things to the man at the wheel.
It tells him, first of all, that life must have gone rather nicely—to take him from where he was—to a place where he owns and enjoys a beautiful Cadillac. Pretty good precedent for a good day today!
It tells him, too—that wherever he drives in the day's activities—the Cadillac crest will pave the way for the respect of the people he encounters.
Yes—he feels pretty good as he turns into the highway, touches his toe to the sensitive throttle, and heads into the adventure of another day.
The miles go softly by . . . the occasional tick-tick of the electric clock reminds him that he's well ahead of time for his first appointment . . . and so he just settles back—relaxed and at ease. Nice, nice going!
Many men have told us that the drive to work in a Cadillac is the finest part of the day. Their heads are clear and their minds at ease as they roll serenely along—a wonderful time to think and plan.
Of course, this is only an *extra* value that comes with a Cadillac: comes in addition to comfort and safety—and dependability and long life—and all the other wonderful things that make this magnificent car the Standard of the World.
Why not come in and see us—and arrange to enjoy them all yourself?
We'd be happy to see you—any time.

Faulty Timing of Advertising Target of Newspaper Drive

Faulty timing of advertising is currently costing U. S. retailers untold millions of dollars annually in additional sales and profits, according to Edward H. Burgeson, director of the Retail Department, Bureau of Advertising, American Newspaper Publishers Association, of New York city. "Far too much advertising," he said, "is planned by hunch, intuition, accident, and prejudice, as shown in numerous studies the Bureau has made in the past five years of the advertising practices of scores of retail stores."

Burgeson's statement accompanied the launching this week of an intensified nationwide drive by daily newspapers—in which the Kingston Daily Freeman is participating—to help retailers build volume and overcome the twin current problems of dangerously high operating costs and shrinking profits through advertising better timed to more nearly coincide with periods of peak consumer buying.

The drive was kicked off locally today with the unveiling of a new presentation designed to refocus the attention of Kingston's retailers on the fundamentals and mechanics of timing advertising for high turnover at full markup and maximum profits.

Entitled "Today More Than Ever Profits Hinge On Good Timing," the presentation is a special feature of the new 1952 edition of the "Annual Time Table of Retail Opportunities," now available to local retailers from the advertising department of The Freeman.

New Tool Insures Better Timing

The new presentation and the revised Annual, Time Table were distributed by the Bureau of Advertising as a specially designed weapon to be used by newspaper staffs in every community in a mass attack on this problem of poor advertising timing.

It marks the first time that any advertising medium has made available to retailers on a nationwide scale and between the covers of a single publication both a presentation which establishes the reliability and importance of seasonal sales patterns as a guide to advertising timing, and a book of statistical facts which enables retailers to pin down these patterns on a regional basis.

Tells Story of Customers

The two-color, illustrated presentation graphically relates the story of how groups of people and entire markets buy merchandise seasonally—on a national and regional basis—and in the whole store, in various departments, and at commodity levels.

On the basis of the buying behavior of masses of people during preceding seasons, the presentation points to ways in which retail advertisers can reasonably forecast what people will buy—and when—in current and future seasons.

The new Annual Time Table marshals between its covers an imposing array of facts about seasonal sales and advertising patterns during the year 1951. These facts will help retailers determine what items to advertise each month, and when to start and peak advertising pressure behind each department and item.

Specifically, these facts include:

A seasonal breakdown of 1951 sales of more than 17 types of stores and 51 departments of department stores, in terms of the per cent of annual sales contributed by each month in the nation as a whole and in the 14th Federal Reserve District.

A breakdown of each month's sales of various commodity groups during 1951.

Data on the seasonal fluctuations in the newspaper advertising of 91 key commodities during 1951.

Tables comparing the relative amounts of advertising given to those key commodities during each month of 1951.

Scare Buying Traced

Another special feature of the new Annual is a section tracing the effects of scare-buying on sales in 12 departments of department stores during January and February of 1951. In this section, 1951 seasonal sales patterns are compared with those of 1949, the last year in which scare buying exerted no influence over retail sales.

Still another feature of the new Annual is a section outlining the four basic steps to be followed by retailers in achieving better-timed, more productive advertising.

Sources of the information published in the Annual include the major fact-finding organizations in the field of retailing today. They include: The Federal Reserve Board's reports of sales in 350 department stores located in all sections of the country; Department of Commerce analyses of seasonal sales in retail stores; and analyses conducted by George Neustadt, Inc., of retail advertising of 91 commodities, by all stores in all newspapers in nine key cities: New York, Chicago, Philadelphia, Detroit, Brooklyn, Cleveland, St. Louis, Pittsburgh and Washington.

Largest recorded hailstone was one that fell at Potter, Nebr., July 6, 1928, and weighed one and one-half pounds.

MOROCCO AND SPAIN LINKED BY URANIUM—The dotted line on the Newsmap above shows areas in Spain and Morocco where deposits of uranium ore have been found. Rich finds of the stuff that makes atom bombs have been found in the Strait of Gibraltar, and zeunerite, a uranium ore, has been found in the Granada-Loja area. According to a German technician, the Spanish Sierra Nevada Mountains hold large deposits of radioactive material. In Morocco the areas around Larache, Petitjean, and further south in the Atlas Mountains and near Ouarzazate all contain radioactive minerals. The Colomb-Bechar region abounds in similar metals and an American geologist thinks that the Timimoun area also contains many such minerals.

Meld Fast if Foe Gets Pile

By OSWALD JACOBY
Written for NEA Service

"What is the best thing to do when the opponents win the first large discard pile?" asks a Long Beach correspondent. "Do we make our initial meld at once, or do we bide our time? And if you recommended biding, how long do we bide?"

In general, don't bide. Make your initial meld as soon as convenient—and maybe a little sooner. But keep the main goal in mind: you are planning to meld out as quickly as possible.

Let's examine the logic of this statement. When an opponent picks up a large discard pile, he will usually keep enough cards in his hand to assure control of the discard pile from then on. If you can't win the pile away from the enemy you'll take a beating unless you can meld out quickly. The longer the hand lasts, the worse beating you'll take.

What can you do to meld out quickly? One of you must make an initial meld in a hurry. Then at least one member of the partnership must get into melding-out position with all possible speed.

In an emergency situation of this kind it's always a sound idea to make the initial meld when you can do so with all natural cards. Even if you have to use one or two wild cards, it still doesn't hurt.

If you have to use several wild cards, however, let one turn or so go by; maybe your partner can make a more convenient initial meld if you give him the chance to do so.

You can't afford to wait very long. Your partner may misguess the cards that you have in your hand, and he may discard the very things that you would like him to save. The greater the chance that he will guess wrong, the more important it is for you to meld in a hurry.

Sometimes there is very little chance for your partner to guess wrong, and then you don't have to put down an initial meld. For example, suppose an opponent picks up a large discard pile and melds aces, kings, queens, and jacks.

Everybody has discarded fives, sixes, and sevens earlier in the hand. It is obvious that you and your partner must hope for the unmelded eights, nines, and tens.

Even in such a situation, however, it wouldn't pay to postpone an initial meld for very long. Your partner may be just short of the count, and he may be desperate for you to make the initial meld so that he can meld out immediately.

Mr. Jacoby is unable to answer individual questions on Canasta from readers. However, he will include the most frequently asked questions in his column.

Boy Scout News

Rabbi Will Make Awards to Scouts

Four Boy Scouts of Troop 5 will receive the Ner-Tamid Award in a service Friday at 8 p. m. in Agudas Achim Synagogue on West Union street.

The Scouts are Robert Weisman, son of Mr. and Mrs. Harry Weisman of Wurts street; Norman Rosenthal, son of Mr. and Mrs. Abe Rosenthal of Hone street; Stanley Parnett, son of Mr. and Mrs. Isadore Parnett of Hone street, and Myron Epstein, son of Mr. and Mrs. Louis Epstein of Clinton avenue.

The public is invited to attend the service, which will be conducted by the boys. Rabbi H. Z. Rappaport will make the presentation on behalf of the congregation. Representatives of Rip Van Winkle Council, B.S.A., are expected to be present.

The award is a part of the Boy Scouts of America program and gives recognition to Scouts for humanitarian and religious service and study. Similar awards are available for Scouts of Protestant and Catholic faiths. Chairman of the Ner-Tamid award committee for Congregation Agudas Achim is Raphael Klein.

To Be at Headquarters

Worcester, Mass., Oct. 21 (AP)—Gen. Dwight D. Eisenhower, Republican presidential nominee, will spend election night, Nov. 4, at his headquarters in the Hotel Commodore, New York, his aides said last night.

Scouts Plan Trip To West Coast for Jamboree in 1953

Raymond Quackenbush, president of Rip Van Winkle Council, Boy Scouts of America, and William S. Keyser, general chairman of the Jamboree committee, today announced the appointment of committees to work on obtaining the local council's goal of 66 boys to attend the National Jamboree at Santa Ana, Calif., July 17 to 23, 1953.

The council, which covers Ulster and Greene counties, has planned a special round trip for its contingent, with the Scouts scheduled to leave Kingston about July 10 and return about July 29. The itinery, subject to approval of the National Association of Railroads, may include stops at Chicago, Glacier National Park, Seattle, a steamer trip to Vancouver, and on the return a stop at Grand Canyon.

Applications to attend must be received at the council office, 260 Fair street, by March 2 next year, it has been announced by George V. Dennis, Scout executive.

Committees Named

Following are the committee appointments:

Advisory—Herbert Bell, Milton; James West, East Jewett; Harry Rigby, Jr., Kingston.

Promotion — William Leehive, Walter T. Tremper, Frank Bourke, all of Kingston.

Publicity—G. Herbert DeKay, Kingston.

Training—William Daum, Ulster Park; Peter K. Rider, Highland; William Plimley, Saugerties; Robert C. Tremper, Kingston.

Ways and Means — Charles Davis, A. J. Burns, George B. Matthews, Walter Foster, Lewis Short, W. W. Brady, Jr., of Kingston, and U. P. Decker of Highland.

Transportation — George Sheldon and Ralph Harper, both of Kingston.

A speakers bureau will be formed of all holders of the Silver Beaver award as well as several of the boys who attended the 1950 National Jamboree at Valley Forge, Pa.

The blue jay often eats the eggs and young from the nests of smaller or weaker birds during the nesting season.

STEPS IN THE RIGHT DIRECTION—Citizens of Claremont, N. H., are constantly reminded to register and vote by these huge footprints and slogans stenciled on pavements throughout the city. The giant-size reminders, which were applied by Claremont's Junior Chamber of Commerce, all lead to registration and polling headquarters. John Hibbard, above, vice president of the JC's, adds an admonishment of his own, to emphasize the unusual voting promotion.

PLATTEKILL

Plattekill, Oct. 21—A report was given at a recent meeting of the Plattekill Grange, that the net returns from the annual Harvest fair totaled $282. Mr. and Mrs. George Daley, Sr., of Pine Plains were received as new members.

Mr. and Mrs. Alfred Harris accompanied by Mr. and Mrs. Walter Harris of Wallkill visited Mr. and Mrs. John Lewis of Danbury, Conn., former residents of Wallkill.

Mr. and Mrs. Solie Bernard and children of Pleasant Valley section, Poughkeepsie, were recent visitors of Mr. and Mrs. Kenneth Paltridge and sons here.

The final lesson in creative stitchery was demonstrated to members of Plattekill Home Bureau Unit at Plattekill school. Receiving instructions were Mrs. Marie Martinez, Mrs. Albert Klein, Mrs. Ruth Mills, Mrs. Jean Kingslev, Mrs. Walter Evans, Mrs. Myron Fosler, Mrs. Miller and Mrs. Lillian Pipkin. Mrs. George Sisti, Sr., was presented with a gift in recognition of her service as chairman of the local unit over a period of five years. Mrs. Sisti, Sr., spoke on Winter Gardens and Mrs. George Sisti, Jr., on Remodeling Homes. Three new members, Mrs. William DePew, Mrs. Joseph Garcia and Mrs. Ray Poole, were welcomed in the unit. Refreshments were served by Mrs. George Sisti, Sr., Mrs. Bruce Huggins and Mrs. Lillian Pipkin.

Mrs. Walter Smith was the chairman of the supper served Saturday evening under the sponsorship of Our Lady of Fatima Chapel.

The Plattekill-Rossville Methodist Youth Fellowship was represented at the Newburgh District youth conference held at the Liberty Methodist Church Friday through Sunday of the past week.

Local leaders of the Ulster County 4-H Club will attend a leaders training school at the YWCA in Kingston Monday, Oct. 27, from 10 a. m. to 3 p. m. Miss Mildred Dunn, specialist from Cornell University, Ithaca, will conduct the workshop session.

Debate Is Demanded

London, Oct. 22 (AP)—Some Labor members of Parliament today demanded a parliamentary debate on an official decision to ban live television broadcasts of Queen Elizabeth's coronation in Westminister Abbey next June. Widespread criticism of the decision followed the announcement by the coronation commission that live TV shots would be restricted to the royal procession before and after the crowning. The reason for the ban was fear that television might show the Queen too candidly—patting her hair-do or mopping her brown. Newsreel and film shots of the ceremony will be permitted but the films will be censored.

Do You Remember

By SOPHIE MILLER

I wonder who can top the following for a YMCA receipt of membership. In the days when there was a Rondout Young Men's Association I have a receipt that reads as following: "Rondout, December 22, 1863, received from William B. Scott, two dollars for regular dues of this society for the year ending on the second Friday of December 1864 . . . William B. Scott is hereby entitled to a lecture ticket, for the course ensuing, upon the further payment of one dollar. The signed secretary's signature is difficult to read. The receipt is printed on good paper in good old fashioned type, and filled in by hand with red ink. This is from the Irving Scott collection. That little piece of paper is nearly 90 years old and certainly deserves to be framed.

I am very gradually going through the box of items left me by the Scott family for use for this column and as I open each one and read it I try to share its interest with my readers. Some items are unexplainable to me. Such as a paper called The Hail Columbia. It seems to be a small four page newspaper, printed well with pictures and good type. It is Volume 1, Number 1, of which Melius and Edinger were publishers, and George C. Esray was editor. The date of the copy I have is July 4, 1876. It seems it was printed in Kingston. I think it is an anniversary number as it has "1776-1876" on top. I will give you the information I find in it as I read it. The size of it is somewhat like our modern tabloid, but much better paper. It has five columns. The front sheet carries a column on each side of illustrated advertisements.

I think advertisements tell the story of days gone by in a more concise way than can be described in long winded write-ups. For instance George W. Dunn has the first advertisement. He was a Dealer in watches, clocks and jewelry, also solid silver and plated ware. Bridal, silver wedding and holiday gifts. Key and stem winders. French and American clocks. John Foley's gold pens. Hair jewelry a specialty. The advertisement also said: "All repairs and engravings appertaining to the business carefully executed." He was at No. 18 Union avenue (called Broadway today) Rondout. That gives you an idea of the type of jewelry used at the time, also what the age may be of key winding watches you may have.

Another name now gone from our business world in Kingston. Hiram Roosa was a general insurance agent. His advertisement said that he had removed his office to the Hasbrouck Building, opposite the Rondout Post Office at 175 Strand. Anyone care to argue where the Rondout Post Office was in 1876 after that.

I do not know just when ice cream came into existence in Kingston or elsewhere, but this paper informs me that it certainly was sold only 100 years after the Revolution right in Rondout at Weaver's Restaurant. Weaver's must have been a well-known place for they say, "The largest, best and oldest established restaurant in the city." Also Weaver's confectionery—wholesale and retail. The restaurant was down at Strand, Hasbrouck avenue and Ferry street in Rondout, and catered to both ladies and gentlemen. More from this paper later.

Cause Known

Frequently, patients will ask their chiropractor the following: "I know, doctor, since being under chiropractic care that I now enjoy better health than ever before and I think its wonderful. But I have a friend who suffers terribly from ailments other than those I had. Can chiropractic correct her conditions?"

W. J. Sussin

The answer, of course is, that chiropractic is not limited as a health service to any particular type of ailment or kind of sickness. It is comprehensive in its scope and has established an impressive record of success in restoring health, even in those diseases that have been called medically incurable and cause unknown.

Why not avail yourself to chiropractic today. You will be agreeably surprised how rapidly your condition responds to chiropractic care.

Boy Scout News

Rabbi Will Make Awards to Scouts

Four Boy Scouts of Troop 5 will receive the Ner-Tamid Award in a service Friday at 8 p. m. in Agudas Achim Synagogue on West Union street.

The Scouts are Robert Weisman, son of Mr. and Mrs. Harry Weisman of Wurts street; Norman Rosenthal, son of Mr. and Mrs. Abe Rosenthal of Hone street; Stanley Parnett, son of Mr. and Mrs. Isadore Parnett of Hone street, and Myron Epstein, son of Mr. and Mrs. Louis Epstein of Clinton avenue.

The public is invited to attend the service, which will be conducted by the boys. Rabbi H. Z. Rappaport will make the presentation on behalf of the congregation. Representatives of Rip Van Winkle Council, B.S.A., are expected to be present.

The award is a part of the Boy Scouts of America program and gives recognition to Scouts for humanitarian and religious service and study. Similar awards are available for Scouts of Protestant and Catholic faiths. Chairman of the Ner-Tamid award committee for Congregation Agudas Achim is Raphael Klein.

To Be at Headquarters

Worcester, Mass., Oct. 21 (AP)—Gen. Dwight D. Eisenhower, Republican presidential nominee, will spend election night, Nov. 4, at his headquarters in the Hotel Commodore, New York, his aides said last night.

Scouts Plan Trip To West Coast for Jamboree in 1953

Raymond Quackenbush, president of Rip Van Winkle Council, Boy Scouts of America, and William S. Keyser, general chairman of the Jamboree committee, today announced the appointment of committees to work on obtaining the local council's goal of 66 boys to attend the National Jamboree at Santa Ana, Calif., July 17 to 23, 1953.

The council, which covers Ulster and Greene counties, has planned a special round trip for its contingent, with the Scouts scheduled to leave Kingston about July 10 and return about July 29. The itinery, subject to approval of the National Association of Railroads, may include stops at Chicago, Glacier National Park, Seattle, a steamer trip to Vancouver, and on the return a stop at Grand Canyon.

Applications to attend must be received at the council office, 260 Fair street, by March 2 next year, it has been announced by George V. Dennis, Scout executive.

Committees Named

Following are the committee appointments:

Advisory—Herbert Bell, Milton; James West, East Jewett; Harry Rigby, Jr., Kingston.

Promotion — William Leehive, Walter T. Tremper, Frank Bourke, all of Kingston.

Publicity—G. Herbert DeKay, Kingston.

Training—William Daum, Ulster Park; Peter K. Rider, Highland; William Plimley, Saugerties; Robert C. Tremper, Kingston.

Ways and Means — Charles Davis, A. J. Burns, George B. Matthews, Walter Foster, Lewis Short, W. W. Brady, Jr., of Kingston, and U. P. Decker of Highland.

Transportation — George Sheldon and Ralph Harper, both of Kingston.

A speakers bureau will be formed of all holders of the Silver Beaver award as well as several of the boys who attended the 1950 National Jamboree at Valley Forge, Pa.

The blue jay often eats the eggs and young from the nests of smaller or weaker birds during the nesting season.

STEPS IN THE RIGHT DIRECTION—Citizens of Claremont, N. H., are constantly reminded to register and vote by these huge footprints and slogans stenciled on pavements throughout the city. The giant-size reminders, which were applied by Claremont's Junior Chamber of Commerce, all lead to registration and polling headquarters. John Hibbard, above, vice president of the JC's, adds an admonishment of his own, to emphasize the unusual voting promotion.

PLATTEKILL

Plattekill, Oct. 21—A report was given at a recent meeting of the Plattekill Grange, that the net returns from the annual Harvest fair totaled $282. Mr. and Mrs. George Daley, Sr., of Pine Plains were received as new members.

Mr. and Mrs. Alfred Harris accompanied by Mr. and Mrs. Walter Harris of Wallkill visited Mr. and Mrs. John Lewis of Danbury, Conn., former residents of Wallkill.

Mr. and Mrs. Solie Bernard and children of Pleasant Valley section, Poughkeepsie, were recent visitors of Mr. and Mrs. Kenneth Paltridge and sons here.

The final lesson in creative stitchery was demonstrated to members of Plattekill Home Bureau Unit at Plattekill school. Receiving instructions were Mrs. Marie Martinez, Mrs. Albert Klein, Mrs. Ruth Mills, Mrs. Jean Kingsley, Mrs. Walter Evans, Mrs. Myron Fosler, Mrs. Miller and Mrs. Lillian Pipkin. Mrs. George Sisti, Sr., was presented with a gift in recognition of her service as chairman of the local unit over a period of five years. Mrs. Sisti, Sr., spoke on Winter Gardens and Mrs. George Sisti, Jr., on Remodeling Homes. Three new members, Mrs. William DePew, Mrs. Joseph Garcia and Mrs. Ray Poole, were welcomed in the unit. Refreshments were served by Mrs. George Sisti, Sr., Mrs. Bruce Huggins and Mrs. Lillian Pipkin.

Mrs. Walter Smith was the chairman of the supper served Saturday evening under the sponsorship of Our Lady of Fatima Chapel.

The Plattekill-Rossville Methodist Youth Fellowship was represented at the Newburgh District youth conference held at the Liberty Methodist Church Friday through Sunday of the past week.

Local leaders of the Ulster County 4-H Club will attend a leaders training school at the YWCA in Kingston Monday, Oct. 27, from 10 a. m. to 3 p. m. Miss Mildred Dunn, specialist from Cornell University, Ithaca, will conduct the workshop session.

Debate Is Demanded

London, Oct. 22 (AP)—Some Labor members of Parliament today demanded a parliamentary debate on an official decision to ban live television broadcasts of Queen Elizabeth's coronation in Westminister Abbey next June. Widespread criticism of the decision followed the announcement by the coronation commission that live TV shots would be restricted to the royal procession before and after the crowning. The reason for the ban was fear that television might show the Queen too candidly—patting her hair-do or mopping her brown. Newsreel and film shots of the ceremony will be permitted but the films will be censored.

Do You Remember

By SOPHIE MILLER

I wonder who can top the following for a YMCA receipt of membership. In the days when there was a Rondout Young Men's Association I have a receipt that reads as following: "Rondout, December 22, 1863, received from William B. Scott, two dollars for regular dues of this society for the year ending on the second Friday of December 1864 . . . William B. Scott is hereby entitled to a lecture ticket, for the course ensuing, upon the further payment of one dollar. The signed secretary's signature is difficult to read. The receipt is printed on good paper in good old fashioned type, and filled in by hand with red ink. This is from the Irving Scott collection. That little piece of paper is nearly 90 years old and certainly deserves to be framed.

I am very gradually going through the box of items left me by the Scott family for use for this column and as I open each one and read it I try to share its interest with my readers. Some items are unexplainable to me. Such as a paper called The Hail Columbia. It seems to be a small four page newspaper, printed well with pictures and good type. It is Volume 1, Number 1, of which Melius and Edinger were publishers, and George C. Esray was editor. The date of the copy I have is July 4, 1876. It seems it was printed in Kingston. I think it is an anniversary number as it has "1776-1876" on top. I will give you the information I find in it as I read it. The size of it is somewhat like our modern tabloid, but much better paper. It has five columns. The front sheet carries a column on each side of illustrated advertisements.

I think advertisements tell the story of days gone by in a more concise way than can be described in long winded write-ups. For instance George W. Dunn has the first advertisement. He was a Dealer in watches, clocks and jewelry, also solid silver and plated ware. Bridal, silver wedding and holiday gifts. Key and stem winders. French and American clocks. John Foley's gold pens. Hair jewelry a specialty. The advertisement also said: "All repairs and engravings appertaining to the business carefully executed." He was at No. 18 Union avenue (called Broadway today) Rondout. That gives you an idea of the type of jewelry used at the time, also what the age may be of key winding watches you may have.

Another name now gone from our business world in Kingston. Hiram Roosa was a general insurance agent. His advertisement said that he had removed his office to the Hasbrouck Building, opposite the Rondout Post Office at 175 Strand. Anyone care to argue where the Rondout Post Office was in 1876 after that.

I do not know just when ice cream came into existence in Kingston or elsewhere, but this paper informs me that it certainly was sold only 100 years after the Revolution right in Rondout at Weaver's Restaurant. Weaver's must have been a well-known place for they say, "The largest, best and oldest established restaurant in the city." Also Weaver's confectionery—wholesale and retail. The restaurant was down at Strand, Hasbrouck avenue and Ferry street in Rondout, and catered to both ladies and gentlemen. More from this paper later.

SOCIAL ACTIVITIES

SOCIETIES • CLUBS • PERSONALS

Junior Marrieds

The Junior Married Women's Club have completed plans for a Halloween square dance to be held at the Alpine on Saturday evening. Music will be furnished by Casper Gerlach. The dancing is scheduled to begin at nine o'clock. Anyone interested in making table reservations, may telephone Mrs. Joseph Scholar, 6965, before Friday.

Members, friends and prospective members are invited. Tickets will also be available at the door.

Immanuel Lutheran Is Host to Annual Teacher's Meeting

The fall teacher's conference of the Atlantic District, Lutheran Church-Missouri Synod will meet Thursday and Friday at Immanuel Lutheran Church. The conference, consisting of Lutheran Christian Day School teachers from New England, New York, and New Jersey, will have on its program two men who are outstanding in their fields.

Dr. Edward Rechlin, organist, will speak on The Musical Heritage of the Lutheran Church. On Thursday at 8 p. m., Dr. Rechlin will present a musical worship service of organ selections from the heritage of Lutheran music. The public is invited to attend this service. There will be no admission, but an offering will be taken to aid the cause of Lutheran music. Dr. Rechlin has dedicated his life to offering the church an appreciation of the great masters of sacred music, particularly Johann Sebastian Bach.

Dr. John W. Klotz, professor at Concordia Teachers College, River Forest, Ill., will speak to the conference on the timely subject, Genes, Genesis, and Evolution.

Blue Barron Signed for Legion Victory Ball

Blue Barron and his orchestra, one of America's outstanding dance orchestras, has been signed to play for the show and dancing at the Kingston Post 150 American Legion's Annual Victory Ball on Monday night, Nov. 10, in the municipal auditorium. The announcement was made today by Andrew J. Murphy 3d, chairman of the entertainment and music committee.

A stylist of Music of Yesterday and Today, Blue Barron has been one of the country's outstanding band leaders for a number of years. His success has been due partially to the distinctive styling of his music, which is soft and sweet and adaptable to dancing of all types, and also to the fact that his organization has been a solid unit, traveling and playing as such, without interruption over a period of years.

Featured with the orchestra will be Betty Clarke and Bob Marshall vocalists, The Three Blue Notes and the famous Barron Glee Club.

This musical organization has appeared at leading hotels and theatres throughout the country. Blue Barron has had extended engagements at the Hotels Statler, Astor, and Edison in New York city as well as appearances at the Paramount, Capitol, and Strand Theatres in New York. He is under contract to MGM Records and is known on the airways for his Sunday Serenade and Treasury Bandstand over NBC, ABC, and MBS.

"The committee is proud to be able to present this outstanding musical organization locally," said Mr. Murphy, who also announced that in addition to this attraction, the Legion will present five outstanding acts from TV and radio, and that these acts will be of the same high standard associated with Legion balls of the past.

Beta Sigma Phi Will Hold Dance Saturday At Wiltwyck Club

The annual fall dance of New York Gamma Chi, Beta Sigma Phi, will be held Saturday from 10 p. m. until 2 a. m. at Wiltwyck Golf Club, Hurley avenue.

This year's dance will be on the costume theme but according to the committee in charge dress is optional.

Music for dancing again will be furnished by Wendell Scherer and his orchestra.

In charge of arrangements for the affair are Mrs. Albert Roosa, chairman and Mrs. Frank Martino, co-chairman. Miss Bernice Pfeiffer and Miss Adaline DeCicco will be in charge of decorations.

New Paltz Riding Club Sets Gymkhana

A riding show of games on horseback will take place at the college riding stables State University Teachers College at New Paltz, Saturday, Nov. 8, from 10 a. m. to 4 p. m. Sponsor of the affair is the New Paltz Riding Club composed of community and college riding enthusiasts.

Known as a gymkhana, the show will consist of games and novelty races executed on horseback, musical chairs, potato race, sew-on-the-button race, Gretna Green race, and others.

Horsemanship competition will also be held in various classes.

The gymkhana is the first informal horse show to be held in New Paltz since management of the college-riding stables was taken over this fall by Al Manganero of Gardiner. Participation in the show is open to the public. Interested contestants should contact Mr. Manganero at the Stables, or one of the officers of the New Paltz Riding Club.

The officers are president, Joan Charles; vice-president, Norman Whitmore; secretary, Carol Stroller; treasurer, Helen Freeman. Chairmen of the show are Donna Beattie, Pat Sauer and Kim Hagberg.

Mrs. Ruth Greenwood Wed to Arch Brown

Mrs. Ruth Greenwood of Woodstock was married to Arch Brown of Cementon Sunday afternoon, Oct. 19, in the home of the Rev. Donald Brown, pastor of the First Baptist Church on Pine street.

A reception was held at the home of the bride's brother and sister-in-law, Mr. and Mrs. Fred W. Allen, Woodstock, who also served as honor attendants. A dinner followed at Holliday Inn.

After a wedding trip to Spokane, Wash., Mr. and Mrs. Brown will return before Thanksgiving Day to Cementon, where they will reside. Mr. Brown is superintendent of the Portland Cement Company.

Personal Notes

Thomas Brower, son of Mr. and Mrs. Calvin Brower, 82 Henry street, who enrolled at Gettysburg College this semester as a freshman, was recently pledged to Phi Delta Theta social fraternity.

GOOD TASTE TODAY

By EMILY POST

(Author of 'Etiquette,' 'Children Are People,' etc.)

SEND THANKS AT ONCE

A reader explains: "I was married six months ago and, a few days afterward, mother was taken very seriously ill. Between looking after her, and trying to get my apartment in order, I neglected to write thank-you notes for my wedding presents. Now that mother is well and I can think sanely again, I am embarrassed at what people think of me for not acknowledging their presents. Is it too late now to write these notes and, if not is it necessary to explain why the notes are so late?"

Only one course is open to you: You must write—but in no more than fewest possible words that "because of your mother's serious illness, you are only now able to write thank-you for the (lovely, or beautiful or useful or whatever) gift sent you.

Who Telephones First

Dear Mrs. Post: I have just returned from a year's trip through Europe, all of my friends think I should have called them upon my return. I think it was their place to call me to say hello and ask about my trip. Will you please let me know who is right?

Answer: There is no question of right or wrong. The impulse to call is a mere question of timing. Those at home would be excused for their annoyance of meeting continuously busy signal on your telephone. For this reason you should call them.

Sterling Silver Goblets

Dear Mrs. Post: For my silver anniversary, I received a set or sterling silver goblets. May they be used as part of my table setting instead of crystal goblets? If not, will you please tell me when this set may be used?

Answer: Although unusual, you can certainly use them. In fact, they would be very interesting. On the other hand, keeping them brilliantly polished both inside and out is a matter for serious consideration.

* * *

Mrs. Post is sorry she cannot answer personal mail, but if you are planning to give a hostess-alone dinner party, she tells what to serve and how to serve it in the simplest manner in her booklet No. 503, "Etiquette of Service." To obtain a copy, send 25 cents in coin to her, in care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

Newcomer Club Plans Supper for Husbands

The Newcomer's Club of the YWCA will hold a covered dish supper Thursday, Nov. 13, for members and their husbands, it was decided at the bi-monthly meeting Tuesday night.

During the meeting, plans were formulated to conduct a welcome newcomer campaign for all new women arriving in the community to reside.

All women of the community are cordially invited to attend meetings of the group which are held the first and third Tuesday of the month at 1:30 p. m. at the YWCA.

SOCIAL ACTIVITIES

SOCIETIES • CLUBS • PERSONALS

Junior Marrieds

The Junior Married Women's Club have completed plans for a Halloween square dance to be held at the Alpine on Saturday evening. Music will be furnished by Casper Gerlach. The dancing is scheduled to begin at nine o'clock. Anyone interested in making table reservations, may telephone Mrs. Joseph Scholar, 6965, before Friday.

Members, friends and prospective members are invited. Tickets will also be available at the door.

Immanuel Lutheran Is Host to Annual Teacher's Meeting

The fall teacher's conference of the Atlantic District, Lutheran Church-Missouri Synod will meet Thursday and Friday at Immanuel Lutheran Church. The conference, consisting of Lutheran Christian Day School teachers from New England, New York, and New Jersey, will have on its program two men who are outstanding in their fields.

Dr. Edward Rechlin, organist, will speak on The Musical Heritage of the Lutheran Church. On Thursday at 8 p. m., Dr. Rechlin will present a musical worship service of organ selections from the heritage of Lutheran music. The public is invited to attend this service. There will be no admission, but an offering will be taken to aid the cause of Lutheran music. Dr. Rechlin has dedicated his life to offering the church an appreciation of the great masters of sacred music, particularly Johann Sebastian Bach.

Dr. John W. Klotz, professor at Concordia Teachers College, River Forest, Ill., will speak to the conference on the timely subject, Genes, Genesis, and Evolution.

The Hudson Valley's Oldest Exclusive Furrier Founded 1900

"I bought my Fur Coat at Leventhal's"

It's a phrase you hear spoken with great pride and deep satisfaction. Its connotation is the assurance of timeless fashion and superb fur craftsmanship in the manipulation of top quality furs. The added knowledge that Leventhal's prices represent sound investment value over the years a fur coat is worn, only further enhances the deep enjoyment one feels in saying—

"I bought my fur coat at Leventhal's..."

whether it be a Dyed Mouton Processed Lamb Coat at $98, or a Natural Mink Coat at $2500!

From Our Small Fur Department:
4 Skins of Natural Mink
$100.00

Blue Barron Signed for Legion Victory Ball

Blue Barron and his orchestra, one of America's outstanding dance orchestras, has been signed to play for the show and dancing at the Kingston Post 150 American Legion's Annual Victory Ball on Monday night, Nov. 10, in the municipal auditorium. The announcement was made today by Andrew J. Murphy 3d, chairman of the entertainment and music committee.

A stylist of Music of Yesterday and Today, Blue Barron has been one of the country's outstanding band leaders for a number of years. His success has been due partially to the distinctive styling of his music, which is soft and sweet and adaptable to dancing of all types, and also to the fact that his organization has been a solid unit, traveling and playing as such, without interruption over a period of years.

Featured with the orchestra will be Betty Clarke and Bob Marshall vocalists, The Three Blue Notes and the famous Barron Glee Club.

This musical organization has appeared at leading hotels and theatres throughout the country. Blue Barron has had extended engagements at the Hotels Statler, Astor, and Edison in New York city as well as appearances at the Paramount, Capitol, and Strand Theatres in New York. He is under contract to MGM Records and is known on the airways for his Sunday Serenade and Treasury Bandstand over NBC, ABC, and MBS.

"The committee is proud to be able to present this outstanding musical organization locally," said Mr. Murphy, who also announced that in addition to this attraction, the Legion will present five outstanding acts from TV and radio, and that these acts will be of the same high standard associated with Legion balls of the past.

Beta Sigma Phi Will Hold Dance Saturday At Wiltwyck Club

The annual fall dance of New York Gamma Chi, Beta Sigma Phi, will be held Saturday from 10 p. m. until 2 a. m. at Wiltwyck Golf Club, Hurley avenue.

This year's dance will be on the costume theme but according to the committee in charge dress is optional.

Music for dancing again will be furnished by Wendell Scherer and his orchestra.

In charge of arrangements for the affair are Mrs. Albert Roosa, chairman and Mrs. Frank Martino, co-chairman. Miss Bernice Pfeiffer and Miss Adaline DeCicco will be in charge of decorations.

New Paltz Riding Club Sets Gymkhana

A riding show of games on horseback will take place at the college riding stables State University Teachers College at New Paltz, Saturday, Nov. 8, from 10 a. m. to 4 p. m. Sponsor of the affair is the New Paltz Riding Club composed of community and college riding enthusiasts.

Known as a gymkhana, the show will consist of games and novelty races executed on horseback, musical chairs, potato race, sew-on-the-button race, Gretna Green race, and others.

Horsemanship competition will also be held in various classes.

The gymkhana is the first informal horse show to be held in New Paltz since management of the college-riding stables was taken over this fall by Al Manganero of Gardiner. Participation in the show is open to the public. Interested contestants should contact Mr. Manganero at the Stables, or one of the officers of the New Paltz Riding Club.

The officers are president, Joan Charles; vice-president, Norman Whitmore; secretary, Carol Stroller; treasurer, Helen Freeman. Chairmen of the show are Donna Beattie, Pat Sauer and Kim Hagberg.

Mrs. Ruth Greenwood Wed to Arch Brown

Mrs. Ruth Greenwood of Woodstock was married to Arch Brown of Cementon Sunday afternoon, Oct. 19, in the home of the Rev. Donald Brown, pastor of the First Baptist Church on Pine street.

A reception was held at the home of the bride's brother and sister-in-law, Mr. and Mrs. Fred W. Allen, Woodstock, who also served as honor attendants. A dinner followed at Holliday Inn.

After a wedding trip to Spokane, Wash., Mr. and Mrs. Brown will return before Thanksgiving Day to Cementon, where they will reside. Mr. Brown is superintendent of the Portland Cement Company.

Card Parties

Maple Hill School

A card party, sponsored by the Maple Hill School Association, will be held at the school on Thursday, at 8 p. m. The public is invited to attend. Refreshments will be served.

Personal Notes

Thomas Brower, son of Mr. and Mrs. Calvin Brower, 82 Henry street, who enrolled at Gettysburg College this semester as a freshman, was recently pledged to Phi Delta Theta social fraternity.

GOOD TASTE TODAY

By EMILY POST

(Author of 'Etiquette,' 'Children Are People,' etc.)

SEND THANKS AT ONCE

A reader explains: "I was married six months ago and, a few days afterward, mother was taken very seriously ill. Between looking after her, and trying to get my apartment in order, I neglected to write thank-you notes for my wedding presents. Now that mother is well and I can think sanely again, I am embarrassed at what people think of me for not acknowledging their presents. Is it too late now to write these notes and, if not is it necessary to explain why the notes are so late?"

Only one course is open to you: You must write—but in no more than fewest possible words that "because of your mother's serious illness, you are only now able to write thank-you for the (lovely, or beautiful or useful or whatever) gift sent you.

Who Telephones First

Dear Mrs. Post: I have just returned from a year's trip through Europe, all of my friends think I should have called them upon my return. I think it was their place to call me to say hello and ask about my trip. Will you please let me know who is right?

Answer: There is no question of right or wrong. The impulse to call is a mere question of timing. Those at home would be excused for their annoyance of meeting continuously busy signal on your telephone. For this reason you should call them.

Sterling Silver Goblets

Dear Mrs. Post: For my silver anniversary, I received a set or sterling silver goblets. May they be used as part of my table setting instead of crystal goblets? If not, will you please tell me when this set may be used?

Answer: Although unusual, you can certainly use them. In fact, they would be very interesting. On the other hand, keeping them brilliantly polished both inside and out is a matter for serious consideration.

* * *

Mrs. Post is sorry she cannot answer personal mail, but if you are planning to give a hostess-alone dinner party, she tells what to serve and how to serve it in the simplest manner in her booklet No. 503, "Etiquette of Service." To obtain a copy, send 25 cents in coin to her, in care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

School 7 P-TA Will Elect New Officers Thursday

The annual meeting of the Parent-Teacher Association of School 7 will be held Thursday at 8 p. m. at the school, it was announced today.

Election of officers will be the main topic of business.

The program also will feature a mental health movie.

Members and their friends are cordially invited to attend.

Heads Teacher Group

JOHN G. VETT

New president of the Southeastern Zone of the New York State Teachers Association is John G. Vett, coordinator of field relations at State University Teachers College, New Paltz.

Mr. Vett was elected to the office at the annual zone business meeting held October 18 in New York city. The term will last for one year. Membership in the Southeastern Zone totals some 7000 public school teachers and administrators.

The New Paltz educator served as an administrator in the school system of Croton-on-Hudson, for two years before coming to the State University Teachers College in 1947. Prior to that he had nine years of experience as teacher and administrator in the consolidated schools of Ohio.

Mr. Vett holds the A.B. degree from Baldwin-Wallace College, the M.A. degree from Teachers College, Columbia University, and has also done considerable advanced study toward the degree of Doctor of Education at the latter institution.

Plaid for Fall

Because the junior crowd adores skirts and sweaters, one manufacturer uses a bright, plaid wool for a skirt with unpressed pleats and adds a stole of the same fabric. Here is a practical answer to the girl who wants a "costume" in a skirt and blouse or skirt and sweater — one that is right for every season.

State Music Program Slated Next Month At Paltz College

New Paltz, Oct. 22 — Miss Marion Harding of New Paltz State Teachers' College announced today that the New York State School Music Association Sectional program would be held here Nov. 7 and 8. This program, the first of its kind to be held in New Paltz, takes the outstanding band, orchestra and chorus members of schools in this area and combines them to produce, after several concentrated rehearsals, a concert of classical, semi-classical and popular music. More than 300 students will participate in the concert that is open to the public.

Frank Bugar, principal of New Paltz Central School and in charge of the NYSSMA sectional program housing facilities, requests that all people able to supply sleeping facilities for the night of Nov. 7 for students participating in the sectional program call the high school at 6211.

Report Cards Issued

Report cards were issued to all members of Kingston High School Tuesday, it was announced today. The report covers the first six weeks of school.

Parchment, used as writing paper during the Middle Ages, is made of sheep or goatskin.

Musical Program Is Presented Sunday by Wesleyan Members

Members of the Wesleyan Service Guild of St. James Methodist Church entertained at a musical program Sunday afternoon.

Honored guests were Miss Marilla Bloom, Mrs. Arthur C. Connelly, Mrs. Cassie Porter, Mrs. O. B. Smith and Mrs. John Van Kleeck.

Gifts of homemade cookies were presented to the guests and also were provided for invited guests unable to be present.

Vocal selections were sung by Richard Bunting and Mrs. Thomas W. Reynolds entertained with dramatic and humorous recitations.

Mrs. Ralph M. Houston accompanied the Guild members and their guests in a hymn sing.

Mrs. Donald E. White, Sr., and Mrs. John D. Waltman, presided at the tea table following the program.

Program Announced For Donation Day At Home for Aged

A musical program will be provided and tea served during the afternoon of Donation Day at the Home for the Aged, 80 Washington avenue, beginning at 3 p. m. on Thursday. The Board of Managers, made up of 35 women in the community, will be in charge. The public is invited to attend.

For those who cannot attend in the afternoon, donations may be left at the Home, any time. There will always be someone there to receive the contributions.

"Any donation of cash or food and other articles, whether large or small, will be greatly appreciated," Mrs. Clyde Wonderly, president, said today. "We want the public to visit the Home," she continued, "and for those who cannot participate in our special donation day, we will welcome the opportunity to enroll them as associate members. The dues are very little, and this particular source of income is used for our good cheer fund at the Home."

Become Associate Member

Information regarding associate membership may be had from Mrs. Clifford Rose, 193 Clinton avenue, or at the Home on Donation Day.

Students at Kingston High School, members of the string section of the orchestra, under the direction of Harry Berchin, will be heard in solo and combination presentations. Among those who will participate are Billie Tellier, pianist; Rocco Autorino, violinist, and Nancy Day, violist.

Mrs. Stanley J. Matthews and Mrs. George V. D. Hutton are co-chairmen for the tea, and will be assisted by Mrs. John L. MacKinnon and Mrs. M. Donald Lane. Mrs. William Frey is press chairman and Mrs. C. J. Heiselman, program chairman.

Women were banned from Mt. Fuji, sacred Japanese mountain, until 1868.

The annual meeting of the Parent-Teacher Association of School 7 will be held Thursday at 8 p. m. at the school, it was announced today.

Election of officers will be the main topic of business.

The program also will feature a mental health movie.

Members and their friends are cordially invited to attend.

Heads Teacher Group

JOHN G. VETT

New president of the Southeastern Zone of the New York State Teachers Association is John G. Vett, coordinator of field relations at State University Teachers College, New Paltz.

Mr. Vett was elected to the office at the annual zone business meeting held October 18 in New York city. The term will last for one year. Membership in the Southeastern Zone totals some 7000 public school teachers and administrators.

The New Paltz educator served as an administrator in the school system of Croton-on-Hudson, for two years before coming to the State University Teachers College in 1947. Prior to that he had nine years of experience as teacher and administrator in the consolidated schools of Ohio.

Mr. Vett holds the A.B. degree from Baldwin-Wallace College, the M.A. degree from Teachers College, Columbia University, and has also done considerable advanced study toward the degree of Doctor of Education at the latter institution.

Plaid for Fall

Because the junior crowd adores skirts and sweaters, one manufacturer uses a bright, plaid wool for a skirt with unpressed pleats and adds a stole of the same fabric. Here is a practical answer to the girl who wants a "costume" in a skirt and blouse or skirt and sweater — one that is right for every season.

State Music Program Slated Next Month At Paltz College

New Paltz, Oct. 22 — Miss Marion Harding of New Paltz State Teachers' College announced today that the New York State School Music Association Sectional program would be held here Nov. 7 and 8. This program, the first of its kind to be held in New Paltz, takes the outstanding band, orchestra and chorus members of schools in this area and combines them to produce, after several concentrated rehearsals, a concert of classical, semi-classical and popular music. More than 300 students will participate in the concert that is open to the public.

Frank Bugar, principal of New Paltz Central School and in charge of the NYSSMA sectional program housing facilities, requests that all people able to supply sleeping facilities for the night of Nov. 7 for students participating in the sectional program call the high school at 6211.

Musical Program Is Presented Sunday by Wesleyan Members

Members of the Wesleyan Service Guild of St. James Methodist Church entertained at a musical program Sunday afternoon.

Honored guests were Miss Marilla Bloom, Mrs. Arthur C. Connelly, Mrs. Cassie Porter, Mrs. O. B. Smith and Mrs. John Van Kleeck.

Gifts of homemade cookies were presented to the guests and also were provided for invited guests unable to be present.

Vocal selections were sung by Richard Bunting and Mrs. Thomas W. Reynolds entertained with dramatic and humorous recitations.

Mrs. Ralph M. Houston accompanied the Guild members and their guests in a hymn sing.

Mrs. Donald E. White, Sr., and Mrs. John D. Waltman, presided at the tea table following the program.

Report Cards Issued

Report cards were issued to all members of Kingston High School Tuesday, it was announced today. The report covers the first six weeks of school.

Parchment, used as writing paper during the Middle Ages, is made of sheep or goatskin.

Joy to Wear!

9271 12—20; 40

by Marian Martin

Six complete, easy-to-make patterns printed right in the exciting Alice Brooks Needlework Book! See 91 illustrations of your favorite needlecraft patterns — all thrifty, useful ideas for your home, your family, yourself. Send Twenty cents for your copy today!

Program Announced For Donation Day At Home for Aged

A musical program will be provided and tea served during the afternoon of Donation Day at the Home for the Aged, 80 Washington avenue, beginning at 3 p. m. on Thursday. The Board of Managers, made up of 35 women in the community, will be in charge. The public is invited to attend.

For those who cannot attend in the afternoon, donations may be left at the Home, any time. There will always be someone there to receive the contributions.

"Any donation of cash or food and other articles, whether large or small, will be greatly appreciated," Mrs. Clyde Wonderly, president, said today. "We want the public to visit the Home," she continued, "and for those who cannot participate in our special donation day, we will welcome the opportunity to enroll them as associate members. The dues are very little, and this particular source of income is used for our good cheer fund at the Home."

Become Associate Member

Information regarding associate membership may be had from Mrs. Clifford Rose, 193 Clinton avenue, or at the Home on Donation Day.

Students at Kingston High School, members of the string section of the orchestra, under the direction of Harry Berchin, will be heard in solo and combination presentations. Among those who will participate are Billie Tellier, pianist; Rocco Autorino, violinist, and Nancy Day, violist.

Mrs. Stanley J. Matthews and Mrs. George V. D. Hutton are co-chairmen for the tea, and will be assisted by Mrs. John L. MacKinnon and Mrs. M. Donald Lane. Mrs. William Frey is press chairman and Mrs. C. J. Heiselman, program chairman.

Women were banned from Mt. Fuji, sacred Japanese mountain, until 1868.

Adlai Aims Barbs

grams of social justice in America is opposition to the building of our strongest defenses against communism," he said.

He said such opposition has been expressed in votes against the Marshall Plan and Foreign Aid program, against the "Point Four" program and other measures.

The Illinois governor left Chicago this morning after an overnight stop. He left Springfield, Ill., yesterday on a 4,221 mile whistle-stop tour which will take him into 12 midwest and eastern states in the next two weeks.

Devil's Delight Cake Is Treat for Halloween

DEVIL'S DELIGHT CAKE is rich with both chocolate and Hallowe'en atmosphere when decorated with wax candle pumpkins.

BY GAYNOR MADDOX
NEA Food and Markets Editor

Apples and spicy sweet gingerbread doughnuts, cider, and, of course, a handsome deep chocolate cake with velvety frosting all go to make your Halloween "goblin" guests happy.

Surround the cake with wax candle pumpkins and trim with a garland of orange-tinted cream cheese.

Devil's Delight Cake

Two cups sifted cake flour, 1 teaspoon baking soda, ½ teaspoon salt, ¼ cup vinegar, ¾ cup milk, 1 teaspoon vanilla, 2 eggs, 1¾ cups sugar, ½ cup shortening, 3 squares chocolate, melted.

Set oven at 350 degrees F. Line two 8-inch layer pans, 1¼ inches deep, with waxed paper. Grease waxed paper lightly. Sift cake flour onto a piece of waxed paper. Measure 2 cups. Place in sifter. Add baking soda and salt. Set aside.

Mix together vinegar, milk and vanilla. Set aside. Put eggs and sugar in large mixing bowl. Beat for one minute, about 125 strokes. Sift in flour mixture. Add shortening and one-half of milk mixture. Stir until flour is moistened. Beat vigorously one minute. Add remaining liquid and chocolate. Beat one minute.

Turn into prepared pans. Bake at 350 degrees F. 30 minutes. Cool in pans on wire rack about 10 minutes. Turn out on cake racks and remove paper. When cold, brush off crumbs.

Place one layer on cake plate bottom side up. Spread with Black Beauty Frosting. Cover with second layer top side up. Frost sides, then top of cake. Decorate with wax candle pumpkins. If desired, make top decoration by forcing orange-tinted sweetened cream cheese through pastry tube.

Black Beauty Frosting

Three squares unsweetened chocolate, 1½ cups sifted confectioners' sugar, 2½ tablespoons hot water, 3 egg yolks, 4 tablespoons butter.

Melt chocolate in double boiler. Remove from boiling water, add sugar and water, and blend. Add egg yolks, one at a time, beating well after each. Add butter, a tablespoon at a time, beating thoroughly after each spoonful.

Raised Gingerbread Doughnuts

One cup milk, ¼ cup sugar, 1 package of cake yeast, active dry or compressed, ¼ cup warm water (lukewarm for compressed yeast), 4¾ cups sifted enriched flour, 1 teaspoon ginger, 1 teaspoon cinnamon, ½ teaspoon nutmeg, ½ teaspoon allspice, ¼ cup shortening, ½ cup New Orleans molasses, ½ teaspoon salt, 2 eggs, beaten.

Scald milk and add sugar. Cool to lukewarm in large bowl. Sprinkle or crumble yeast over the warm water. Stir until dissolved. Add to lukewarm milk.

Sift together flour, ginger, cinnamon, nutmeg and allspice. Add 2 cups to yeast mixture and beat until smooth. Cover and let rise about 1 hour in a warm place.

Cream shortening, gradually adding molasses. Stir in salt and beaten eggs. Stir this into yeast mixture. Stir in remaining flour. Place in greased bowl, cover and let rise until double in bulk. Roll out 1/3-inch thick on floured board and cut with doughnut cutter.

Place doughnuts on floured board or greased baking sheet. Cover with cloth and let rise until double. Drop into hot fat (360 degrees F.) raised side down. Cook 2 or 3 minutes, a few at a time, turning once.

Glaze while warm. Dip into a glaze made by stirring 1 cup confectioners' sugar into 1/3 cup boiling water and ½ teaspoon vanilla. Makes 2 dozen doughnuts.

Tomorrow's Menu

Breakfast: Baked apples, ready-to-eat cereal, soft-cooked eggs, toasted muffins, butter or margarine, coffee, milk.

Luncheon: Potato and onion soup, whole-wheat bread, butter or margarine, fruit and cottage cheese salad, raised gingerbread doughnuts, tea, milk.

Dinner: Stuffed flank steak "birds," mushroom gravy, baked potatoes, buttered kale, enriched bread, butter or margarine, raw carrot sticks, sliced oranges, Devil's Delight cake, coffee, milk.

Diners Get Calory Info

New York (AP)—Persons on a diet who dine out will no longer have to get themselves in a dither over whether the food on the hotel menu is fattening—at least not at the Hotel Edison. Next to each dish on the menu will be listed the number of calories it contains. In addition, a note at the top of the menu will give the dieting women the advice that they limit themselves to 800 calories for the meal, while dieting men shouldn't have more than 1,200.

Tomato District

The region about Jacksonville, Texas, ships 4000 carloads of tomatoes annually. Tomatoes have been grown commercially in that district for more than 50 years.

ULSTER PARK

Ulster Park, Oct. 21—Ulster Park Reformed Church, the Rev. Harry E. Christiana in charge—Preaching at 9:45 a. m. Sunday school at 11 a. m. Religious instructions in the church Thursday afternoons from 2:30 to 3:30.

The officers of Ulster Grange 969 were installed last Wednesday at the regular session by Past Master Raphael Klein of Kingston, assisted by a special staff.

The grange will hold a cafeteria supper and Halloween party in the hall Saturday, Nov. 1. Supper will be at 5:30. All are welcome.

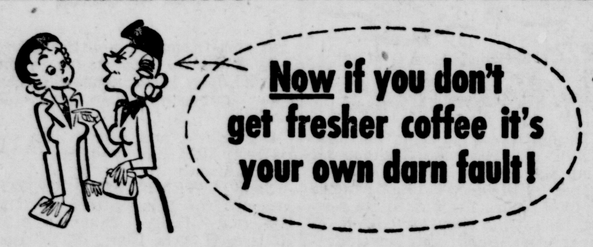

Mr. and Mrs. Ed McBroom will represent Ulster Grange at the state session in Saratoga, October 28 to 31.

A special session of Ulster Pomona Grange will be held in Stone Ridge Wednesday at 8 p. m. for conferring the Fifth degree.

Mrs. J. Hudson Cole, Miss Helen Eigo and Mrs. Mabel Coons, local teachers, attended the meeting of New York State Teachers Association Friday last week. Mrs. Cole and Miss Eigo went to New York and Mrs. Coons to Albany.

Mrs. Leslie Herring has returned from a visit of several months with her daughter and family in Kingston.

Mrs. Clarence Wells has had her house, garage and store painted.

It used to be that you had an excuse. You bought coffee in a "flat-top" can expecting that can would be fresh. But there was no way to guard against disappointment! The "leaker" can that had let air in to steal the freshness—looked and felt the same as the good cans.

But no excuse now! This wonderful Chase & Sanborn is pressure-packed to stay fresher! The pressure-packed can has a firm, rounded Dome Top. There's your assurance! Press the top with your thumbs. If it's firm you know the coffee's fresh. If it's not firm, take another. See how simple to have fresher coffee every time!

You test for pressure to be sure it's fresher

Hamilton Is Found Guilty by Jury

A city court jury last night brought in a verdict of guilty following trial of Duane Hamilton, 17, of 177 Murray street, on a petit larceny charge arising out of the theft of a coin collection valued at $90 from Walter Glennon, of Abeel street.

Hamilton was one of four charged with the theft. Two of them, Richard Bell, 17, of 61 Broadway, and Victor J. Komasa, Jr., of 47 Murray street, pleaded guilty, made restitution, and their cases were disposed of. The other defendant, Lorin Clearwater 18, of Brook street, was found guilty after city court trial Oct. 7.

Assistant City Judge Harry Gold, who heard that trial, however, upheld a motion of Clearwater's counsel to dismiss the verdict, and a similar motion for Hamilton was made by his counsel following the trial before City Judge Raymond J. Mino last night. The judge reserved decision and postponed sentence until Oct. 25.

Witnesses for the People included Mr. and Mrs. Glennon and two of the other defendants. Hamilton did not take the stand in his own behalf. Attorney Joseph Saccoman, with Charles Saccoman, of counsel, appeared for Hamilton and John Larkin appeared for the district attorney's office. Charles Saccoman was Clearwater's attorney in the other trial.

Counsel for the defendant moved before the trial started to dismiss the information on the grounds that it was a statement not sworn to. This was renewed at the end of the trial and the motion to dismiss the verdict argued that the information was hearsay and contrary to law.

Eisenhower, Stevenson Are Heard at New York Forum

New York, Oct. 22 (AP)—The two major party presidential candidates say the United States must continue to help the free nations—and lead them—in the struggle against communism.

Gen. Dwight D. Eisenhower, Republican, and Gov. Adlai E. Stevenson, the Democratic candidate, addressed the New York Herald Tribune annual forum last night. Their speeches were carried nationally by the NBC radio and television networks.

Eisenhower, who spoke directly to the forum session here, urged "a new economic alliance of free nations" to confound Kremlin predictions of economic doom for the free world.

Stevenson, who delivered his address from Chicago, said America should lead in developing a "coalition of free nations strong enough to remain the masters of their destiny" and meet communism's threat. He said such a coalition could not be built without full-time American participation.

Free of Politics

The two candidates' 15-minute talks were relatively free of campaign politics. These comments were the nearest approaches to party campaigning:

By Eisenhower—"We must get our own administrative house in order" to better handle foreign economic cooperation. Various government agencies involved now "go their several, uncoordinated, though well-meaning ways."

By Stevenson—"We cannot set . . . an example (for other countries) if we succumb to the economic reactionaries and to the hate and hysteria mongers. The things they stand for do not represent America at its best."

Calls for Substitute

Eisenhower called for "a substitute for the purely temporary business of bolstering the free nation through annual handouts" which get "neither permanent results nor real friends."

The theme of the forum was "Building Leadership for Peace," and both candidates saw communism as the challenge to peace.

"With experienced and dedicated leadership, we shall meet this new challenge of Godless tyranny," said Eisenhower. "Then and then only can we look forward to an enduring peace and a great destiny."

Stevenson said leadership must be borne by the U. S. and added: "We must be strong until the enemies of freedom are ready and willing to join the free nations in honest disarmament."

Both Ask Example

Both men called on the U. S. to set an example for the world.

Said Eisenhower: "We must show what spirit, incentive, and reward have accomplished here and what they can accomplish elsewhere."

And Stevenson: "We want that image (we reflect to the world) to be an image of sanity, serenity and moral as well as economic and military strength of freedom and justice and confidence."

Together with our closest allies, Eisenhower said, a long-term consistent program must be produced "directing all of our economic power toward reviving free world economies and trade as a whole instead of restricting our concern to emergency relief and isolated piece-meal actions."

Stevenson cautioned that the free nation's efforts must be kept in balance. "There would be no point in setting a pace so fast," Stevenson said, "that we or our allies would exhaust ourselves."

Late Bulletin

Gets Rousing Welcome

Hartford, Conn., Oct. 22 (AP)—This heavily Democratic city gave Dwight D. Eisenhower a rousing welcome today as he brought forth a new slogan for his presidential campaign—"Prosperity without war—peace in the world."

A crowd estimated by police at 50,000 jammed into the plaza before the Hartford Times and other thousands lined the streets to applaud the GOP presidential candidate. State Police Commissioner Edward J. Hickey said it was the biggest crowd he had ever seen on the plaza.

Eisenhower flew here from New York city and got his first ovation in East Hartford where he stopped briefly for a talk to a small crowd.

ROKs Recapture Crest of Ridge

Seoul, Oct. 22 (AP)—South Korean soldiers, scorning a deadly rain of Communist mortar shells, recaptured the bloody crest of Sniper Ridge today in a fierce battle with Chinese Reds.

They battled back to the top of the central front hill nine hours after being chased off by about 1,500 Chinese.

The Reds seized the peak just after daybreak. At 8 a. m. they attacked the remnants of the South Korean defenders dug in on the south slope. The South Koreans held, and at 9 a. m. began their counterattack.

For more than six hours they battled slowly up the muddy, shell-scarred slopes. The Reds pounded them with shattering barrages of mortar and artillery fire, but still they inched forward.

Then, in a final charge, the ROK troops poured over the top and drove the Chinese back with showers of hand grenades.

Smaller Crops Are

upstate has fallen from 54,000 to 52,000.

An onion crop of 6,674,000 sacks is forecast—a drop from 6,908,000 sacks in 1951. Onion acreage is down from 15,700 to 14,200.

Long Island cauliflower production is expected to total 1,786,000 crates, slight increase over 1951, despite an estimated 6 per cent fewer acres.

The smallest celery crop in many years is forecast. Production is expected to total 870,000 crates. This would be 10 per cent below 1951, with acreage down from 2,100 to 2,000

The crop of lima beans for processing probably will reach 3,580 tons, a rise of about 1/3 over last year. Acreage is up 23 per cent.

Production of a record 52,800 tons of snap beans for processing is foreseen. This would be 15 per cent more than in 1951. Acreage has increased from 27,000 to 33,000.

The upstate crop of domestic-type cabbage for fresh market and kraut is expected to total 108,000 tons—a drop of 14 per cent under last year. Upstate cabbage acreage fell from 9,500 to 9,000.

The Long Island cabbage crop probably will reach 11,600 tons. This would be 2,200 tons more than last year, on an increase from 900 to 1,100 acres.

A crop of 86,400 tons of sweet corn for processing is indicated. Acreage is up 16 per cent and the crop is expected to be 38 per cent above last year's.

A high-altitude balloon released in New Mexico traveled 7,000 miles and landed in Norway 48 hours later.

Dewey Assails 'Vulture' Party

Mahopac, Oct. 22 (AP)—Gov. Thomas E. Dewey, calling the Democratic party a "vulture," says it "claims credit for blood-stained prosperity."

"They tell you 'you never had it so good'," the governor quoted at a Republican rally last night, adding:

"When the domestic policies of a party have been a total failure for 20 years and the only way they can bring about full employment is by the dead and mangled bodies of young Americans, that party is a vulture and it should be cast into outer darkness.

"The Democrats rely exclusively in this campaign on blood-stained prosperity. By contrast, the Republicans offer you a sound economic progress with the wisdom and strength to avoid war."

Dewey charged that "the Democrats have bungled us into a war in Korea" and "the appearance of prosperity in this country has been brought about by war instead of sound domestic policies."

Are Playing Politics

"When they say 'you never had it so good,' they are playing politics with the whole future of the free world and are doing it out of the blood of young Americans," the governor said.

Dewey, a leading pre-convention backer of Gen. Dwight D. Eisenhower, said Gov. Adlai E. Stevenson "embraces Trumanism with gusto and enthusiasm."

"This country," the 1944 and 1948 GOP presidential nominee said, "cannot stand four more years of Trumanism, inflation, corruption, hate and division.

"The hope of the nation rests in the world vision, the clean leadership, the wisdom and the strength of Dwight Eisenhower."

The party rally was sponsored by the Putnam County Republican Committee.

General Tells . . .

given big and noisy receptions wherever he appeared.

At Cambridge, Harvard students turned out in such a surge of enthusiasm that security guards were fearful for a time that the general might be harmed. No one was injured, although police and guards had a bad time of it getting the Eisenhower motorcade safely through the student crush.

While the emotional content of the welcomes reached a peak at Cambridge, there was a noticeable emotional strain running through all of Eisenhower's receptions.

Some of it appeared attributable to excitable 'teen-age youngsters just having a fine time—but this did not account for all of it. And some onlookers remarked they had seen nothing quite like it since the campaigning days of Franklin D. Roosevelt.

Johnson Held on Assault

James M. Johnson, 41, of 208 Greenkill avenue, was arrested yesterday on a third degree assault charge, by his wife. City Judge Raymond J. Mino today put the case over until Nov. 1 when Johnson appeared before him. Attorney Robert M. Ortale appeared for the defendant.

Hamilton Is Found Guilty by Jury

A city court jury last night brought in a verdict of guilty following trial of Duane Hamilton, 17, of 177 Murray street, on a petit larceny charge arising out of the theft of a coin collection valued at $90 from Walter Glennon, of Abeel street.

Hamilton was one of four charged with the theft. Two of them, Richard Bell, 17, of 61 Broadway, and Victor J. Komasa, Jr., of 47 Murray street, pleaded guilty, made restitution, and their cases were disposed of. The other defendant, Lorin Clearwater 18, of Brook street, was found guilty after city court trial Oct. 7.

Assistant City Judge Harry Gold, who heard that trial, however, upheld a motion of Clearwater's counsel to dismiss the verdict, and a similar motion for Hamilton was made by his counsel following the trial before City Judge Raymond J. Mino last night. The judge reserved decision and postponed sentence until Oct. 25.

Witnesses for the People included Mr. and Mrs. Glennon and two of the other defendants. Hamilton did not take the stand in his own behalf. Attorney Joseph Saccoman, with Charles Saccoman, of counsel, appeared for Hamilton and John Larkin appeared for the district attorney's office. Charles Saccoman was Clearwater's attorney in the other trial.

Counsel for the defendant moved before the trial started to dismiss the information on the grounds that it was a statement not sworn to. This was renewed at the end of the trial and the motion to dismiss the verdict argued that the information was hearsay and contrary to law.

Eisenhower, Stevenson Are Heard at New York Forum

New York, Oct. 22 (AP)—The two major party presidential candidates say the United States must continue to help the free nations—and lead them—in the struggle against communism.

Gen. Dwight D. Eisenhower, Republican, and Gov. Adlai E. Stevenson, the Democratic candidate, addressed the New York Herald Tribune annual forum last night. Their speeches were carried nationally by the NBC radio and television networks.

Eisenhower, who spoke directly to the forum session here, urged "a new economic alliance of free nations" to confound Kremlin predictions of economic doom for the free world.

Stevenson, who delivered his address from Chicago, said America should lead in developing a "coalition of free nations strong enough to remain the masters of their destiny" and meet communism's threat. He said such a coalition could not be built without full-time American participation.

Free of Politics

The two candidates' 15-minute talks were relatively free of campaign politics. These comments were the nearest approaches to party campaigning:

By Eisenhower—"We must get our own administrative house in order" to better handle foreign economic cooperation. Various government agencies involved now "go their several, uncoordinated, though well-meaning ways."

By Stevenson—"We cannot set . . . an example (for other countries) if we succumb to the economic reactionaries and to the hate and hysteria mongers. The things they stand for do not represent America at its best."

Calls for Substitute

Eisenhower called for "a substitute for the purely temporary business of bolstering the free nation through annual handouts" which get "neither permanent results nor real friends."

The theme of the forum was "Building Leadership for Peace," and both candidates saw communism as the challenge to peace.

"With experienced and dedicated leadership, we shall meet this new challenge of Godless tyranny," said Eisenhower. "Then and then only can we look forward to an enduring peace and a great destiny."

Stevenson said leadership must be borne by the U. S. and added: "We must be strong until the enemies of freedom are ready and willing to join the free nations in honest disarmament."

Both Ask Example

Both men called on the U. S. to set an example for the world.

Said Eisenhower: "We must show what spirit, incentive, and reward have accomplished here and what they can accomplish elsewhere."

And Stevenson: "We want that image (we reflect to the world) to be an image of sanity, serenity and moral as well as economic and military strength of freedom and justice and confidence."

Together with our closest allies, Eisenhower said, a long-term consistent program must be produced "directing all of our economic power toward reviving free world economies and trade as a whole instead of restricting our concern to emergency relief and isolated piece-meal actions."

Stevenson cautioned that the free nation's efforts must be kept in balance. "There would be no point in setting a pace so fast," Stevenson said, "that we or our allies would exhaust ourselves."

High School Seeks 5th Straight In Saturday Game With Oneonta

Only Port and NFA Remain After That

Kingston High takes off for the friendly hills of Otsego county to meet Oneonta High in the last non-conference game of the season on Saturday.

The Maroon won the series opener last year and goes into Saturday's contest with a winning streak of four straight after the opening 6-6 deadlock with Mont Pleasant.

Oneonta's Yellow Jackets have improved somewhat over their bedraggled record of 1951 and will be much tougher this time. Still, Kingston figures to annex its fifth straight and then settle back for the crucial DUSO League contests with Port Jervis and Newburgh.

Saturday's contest also breaks up the continuity of the Kingston schedule. After Oneonta there is a two-weeks lapse before Port Jervis comes into municipal stadium on Nov. 8. Then another 19-day break before the Thanksgiving Day climax against Newburgh Free Academy.

Seek Fresh Start

The Oneonta skirmish affords Coach Bill Burke's Maroons a chance to shake off the lethargy that enveloped them against Middletown's outclassed but stubborn Middies last Saturday.

Although Kingston outgained the opposition, 15 first downs to 4 (211 yards rushing to 26), the Maroons still had to rely on a couple of passes for its TD. One of them was fourth-down aerial from Gene Massa to Bob Kozlowski. A long pass from Roger Billings to Ronnie Crispino set up the second TD from the one-yard line. Pat Manfro bucked over for the score.

Kingston went to the pass eight times against Middletown, the highest total this season, and completed two for a .250 average. But both completions figured in TDs and anybody will settle for that.

The tremendous punting of Dick Mills, who averaged 46 yards from the line of scrimmage, a phenomenal performance for a high school kicker, also played a part in squelching Kingston threats.

The Maroons figure to rebound with a good performance against Oneonta. Orville Giles figures to be back in the starting lineup and there is a bracing tonic about Otsego fall afternoons.

WHAT THEY'LL DO in '52

Oklahoma A. and M. Runs or Passes From Optional Spread Formation

By Famous Coaches Diagramed and Written for NEA Service

By J. B. WHITWORTH

Oklahoma A. and M. Coach

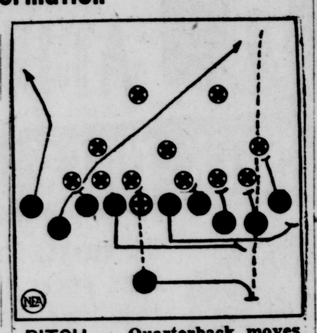

Stillwater, Okla.—(NEA)—The Oklahoma A. and M. spread is often referred to as the Cimarron Spread by area journalists because, like the river, it is a foot deep and a mile wide.

J. B. Whitworth

I like the optional run-pass features of the spread and the Aggies employ it frequently.

As you will note in the diagramed play here, the guards both pull. The left end is in position for a diagonal pass unless covered closely, and a fast left halfback, with good faking, can break clear as the secondary hesitates protecting against the developing run.

PITCH — Quarterback moves to right on fake run, fades and passes to either left halfback or left end in clear. (NEA)

Sometimes, we deploy the ends as much as 15 yards wide, but the interval distance varies and occasionally is much less.

This particular play clicked against Washington State in 1951. Quarterback Don Babers moved right on a fake run, then faded and passed to Left Halfback Dean Seeman for a touchdown.

Angels Trounce Wiltwyck Motors, 91-68; Three Brothers Trip 50 Club in Overtime

Powered by two 20-plus shooters in Andy Juhl and Ward Dunham, Harry's Angels set a seasonal scoring record in crashing Wiltwyck Motors, 91-68, last night in the Y Autumn League.

In the companion feature, the Three Bros. Farm quintet (formerly Esopus Firemen) shaded The 50 Club, 64-61, in overtime.

Juhl unloaded 27 points with a dozen fields and Dunham hit for 21 as the Angels led 21-12 at the quarter and 46-29 at halftime. Bill East contributed 18 points and Lafayette Holstein 14 to the Angels' total.

Big Bill Kleine held off the two Angel sharpshooters with a 22-point barrage. Vince Peck holed 14, while Ferrell McElrath and Percy Greene drilled 10 apiece.

Terrific Battle

The Three Bros. and 50 Club waged a spirited battle with the losers leading 33-31 at the break. The Farmers sliced the lead to a point in the third quarter and ground out a 17-16 edge in the fourth period to deadlock the score at 59-59 in regulation time.

Frank Fiore slipped in a set shot from sidecourt at least 35 feet out and followed with a free throw to put the Farmers in front, 62-59. Ronnie Brandt followed with a shot from sidecourt for a 62-61 count but with 25 seconds remaining Big Jack Doyle converted two fouls to put the game on ice.

The clubs were tied up four times in the fourth period at 47-47, 51-51, 56-56 and 59-59. Three fast points by John Burris in the last 10 seconds of the regulation set up the tie.

Big Jack was high scorer with 16 points. Frank Fiore drilled 13 and Chink Ferraro had 15. Three of the 50 Club players—John Burris, Don Smith and Ronnie Diamond—hit with 11 points.

The boxscores:

9-1 Shot Captures Yonkers Feature

Yonkers, Oct. 22 (AP)—Ogden Hanover, a 9-to-1 shot, came with a stretch burst to pass other horses as though they were standing still for a two-length victory in the feature race at Yonkers Raceway last night before 12,055 harness racing fans.

Frank Safford kept Ogden Hanover well behind the pace as Stanton, Hal and Scottish Chief vied for the lead with a fast 30 second first quarter. Noble Dean had a turn at the lead at the five-eighths marker, but is was short lived, Scottish Chief coming to life again momentarily to pass him. As the field spread out on the straightaway, however Ogden Hanover made his winning move and it was all over.

AT PRESIDENT'S DINNER OF WOODSTOCK CLUB

Among some of the Woodstock Country Club notables at the speaker's table for the annual President's Dinner were, left to right: Mike Taradash, toastmaster; Frank McCahill, vice-president; Tony DeLisio, president; Allen Waterous and Walter Seaton, members of the Board of Governors and Golf Committee. DeLisio was recently elected to his fifth consecutive term as club president. (Freeman Photo)

Movie Career Appeals to Leo

Hollywood, Oct. 22 (AP)—Leo Durocher is thinking of following his wife, Laraine Day, into the motion picture field.

The manager of the New York Giants says he has some proposals from the movie industry and that after the 1953 season he may give up baseball and become a movie producer.

"I'm giving the matter very serious consideration," Durocher told a newsman yesterday. He said he would like to be able to spend more time with his family in California.

Durocher and the attractive Laraine, whom he married in 1947, maintain a home on four and one-half acres near the Riviera Country Club in Santa Monica. She has two children by a previous marriage.

"The children are getting to the age where we hate to move them about from California to New York," said the Giant boss. "We like California and would like to spend more time here.

"Baseball has been very good to me, and certainly I can't say enough about the wonderful organization I work for, the New York Giants.

"Of course, it may be that I'll find I'm not capable of handling this proposed venture into the movies. But I might. I might give it a try, anyhow."

Right now, Durocher is rehearsing for a role in a movie with Tallulah Bankhead. Miss Day is active both in movies and television.

Jayvees Play

Sporting a 1-1 record, the Kingston High School Jayvee football squad meets Tannersville High School Friday at 4 p. m. at the municipal stadium. Kingston tied Newburgh 6-6 the last time out.

Huskies' Heinrich Leads Passers

New York, Oct. 22 (AP)—Every time that Washington's Don Heinrich completes a pass he's taking care of two birds with one throw.

According to statistics released today by the N.C.A.A. Service Bureau today, Heinrich leads the nation in yards gained passing and in total offense, as well.

The Huskies' quarterback, sidelined all last season with a shoulder separation, has taken up where he left off in 1950 when he topped the country's passers with a record-breaking total of 134 completions.

In five games Heinrich has completed 72 out of 141 for 919 yards and a completion average of 51.1 per cent. He has amassed a total offense figure of 916 yards for 158 plays, having lost three yards rushing.

4th Best Passer

Heinrich boasts a lifetime mark of 270 completions to rank as the fourth best passer in collegiate history.

Runnerup to Heinrich for total offense honors is Lynn Aplanalp of San Jose, who has run and passed for an aggregate of 876 yards. Columbia's Mitch Price is third with a combined total of 871 yards obtained through the air and on the ground.

Gene Filipski of Villanova, hoping to become the first easterner to win the individual rushing title since Fordham's Len Eshmont turned the trick in 1938, is the leader in that department with 592 yards. Johnny Olszewski of California is second with 536 yards rushing, followed by Arizona's Don Beasley in third with 509 yards.

Gene Rossi of Cincinnati is second in total passing yardage with 832 yards, while Boston University's Harry Agganis ranks as runnerup to Heinrich for completion honors with 58.

All Star Hosts

Boston, Oct. 22 (AP)—The Boston Braves have been designated as the host club for the 1953 All-Star game on July 14, according to an announcement by National League President Warren C. Giles.

American Basketball League at Crisis In Battle Over Signing Pre-Scandal Stars

New York, Oct. 22 (AP)—The American Professional Basketball League, which has been in operation since 1928, was at the crossroads today.

The venerable loop will decide at its annual meeting of the owners tomorrow whether to permit some of the players who have been involved in the college basketball scandals to play for its teams.

But no matter what is decided, John J. O'Brien, the wealthy businessman who has been president all through the years, will step down. O'Brien was upset—and he admitted it—over the thought of the league permitting the players to join.

Some of the members have been reported in favor of opening the doors and Elmira signed Bill Spivey, a former All-America at the University of Kentucky.

Three Others Involved

Three others—Alex Groza and Ralph Beard, also of Kentucky and who played with the Indianapolis Olympians of the National Basketball Association, and former Long Island University star Sherman White—have been signed by Jersey City, which hopes to land a franchise.

"It would not be fair for me to say that my resigning has anything to do with the action of the owners in debating whether to hire these players," O'Brien said. "But in all its history our league never has been tainted and I wouldn't want it to start now....

"I think perhaps the Elmira team was misguided in signing Spivey. He is under indictment but has not been found guilty of anything. In my opinion he still should be barred. I am not being unkind where these boys are concerned. I would certainly help them get jobs and become rehabilitated—but not in basketball."

Members of the league this year are Wilkes-Barre, Scranton, Bridgeport, Elmira and Saratoga with Paterson, N. J., and Jersey City, N. J., bidding for franchises, but still listed as "indefinite."

St. Louis Brawl

St. Louis, Oct. 22 (AP) — Wes Bascom, a hometown boy who has shown promise, and Jimmy Bivins, a ring veteran from Cleveland, tangle in the Arena tonight in a scheduled 10-round heavyweight match that offers a unique situation for St. Louis fight fans. The bout will be telecast and broadcast (CBS-TV, CBS) nationally at 10 p. m.

Miami Beach, Fla.—Larry Mujica, 135¾, New York, outpointed Diego Sosa, 136, Havana, 10.

Get Anti-Stalling Esso Extra Gasoline

FOR FAST STARTS... QUICK WARM-UP

Anti-Stalling is another big reason Esso Extra performs best in 9 out of 10 cars all year 'round

Stalling in cool, damp weather is caused by carburetor icing. You don't have to put up with this annoyance. For starting power that gets your engine going at a touch and keeps it going, try Anti-Stalling Esso Extra . . . the only gasoline that effectively combats cold engine stalling.

It's another big extra for your money in Esso Extra — the premium gasoline long famous for quick starting, fast warm-up, high anti-knock power, and long mileage! No wonder more motorists buy Esso Extra than any other premium gasoline in the area served by Esso Dealers.

Don't stall another day—try a tankful right away—enjoy Happy Motoring!

While you're at your Esso Dealer's there's certainly no better time to let him give your car a complete lubrication and careful check-up for the cold weather driving you'll be doing.

Detroit's Automotive Engineers say that cold-engine stalling has been a persistent problem for years. Under certain conditions, powerful gasolines required for today's high-compression engines evaporate and freeze moisture out of the air, "icing up" the carburetor and causing temporary stalling. This stalling is practically eliminated by the new Esso Extra Gasoline. (No gasoline, of course, can correct stalling caused by mechanical faults or electrical failure.)

Esso

Oklahoma A. and M. Runs or Passes From Optional Spread Formation

By Famous Coaches Diagramed and Written for NEA Service
By J. B. WHITWORTH
Oklahoma A. and M. Coach

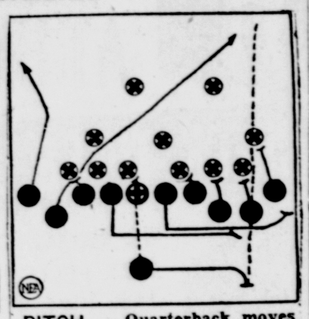

Stillwater, Okla.—(NEA)—The Oklahoma A. and M. spread is often referred to as the Cimarron Spread by area journalists because, like the river, it is a foot deep and a mile wide.

J. B. Whitworth

I like the optional run-pass features of the spread and the Aggies employ it frequently.

As you will note in the diagramed play here, the guards both pull. The left end is in position for a diagonal pass unless covered closely, and a fast left halfback, with good faking, can break clear as the secondary hesitates protecting against the developing run.

PITCH — Quarterback moves to right on fake run, fades and passes to either left halfback or left end in clear. (NEA)

Sometimes, we deploy the ends as much as 15 yards wide, but the interval distance varies and occasionally is much less.

This particular play clicked against Washington State in 1951. Quarterback Don Babers moved right on a fake run, then faded and passed to Left Halfback Dean Seeman for a touchdown.

Only Port and NFA Remain After That

Kingston High takes off for the friendly hills of Otsego county to meet Oneonta High in the last non-conference game of the season on Saturday.

The Maroon won the series opener last year and goes into Saturday's contest with a winning streak of four straight after the opening 6-6 deadlock with Mont Pleasant.

Oneonta's Yellow Jackets have improved somewhat over their bedraggled record of 1951 and will be much tougher this time. Still, Kingston figures to annex its fifth straight and then settle back for the crucial DUSO League contests with Port Jervis and Newburgh.

Saturday's contest also breaks up the continuity of the Kingston schedule. After Oneonta there is a two-weeks lapse before Port Jervis comes into municipal stadium on Nov. 8. Then another 19-day break before the Thanksgiving Day climax against Newburgh Free Academy.

Seek Fresh Start

The Oneonta skirmish affords Coach Bill Burke's Maroons a chance to shake off the lethargy that enveloped them against Middletown's outclassed but stubborn Middies last Saturday.

Although Kingston outgained the opposition, 15 first downs to 4 (211 yards rushing to 26), the Maroons still had to rely on a couple of passes for its TD. One of them was fourth-down aerial from Gene Massa to Bob Kozlowski. A long pass from Roger Billings to Ronnie Crispino set up the second TD from the one-yard line. Pat Manfro bucked over for the score.

Kingston went to the pass eight times against Middletown, the highest total this season, and completed two for a .250 average. But both completions figured in TDs and anybody will settle for that.

The tremendous punting of Dick Mills, who averaged 46 yards from the line of scrimmage, a phenomenal performance for a high school kicker, also played a part in squelching Kingston threats.

The Maroons figure to rebound with a good performance against Oneonta. Orville Giles figures to be back in the starting lineup and there is a bracing tonic about Otsego fall afternoons.

St. Louis Brawl

St. Louis, Oct. 22 (AP) — Wes Bascom, a hometown boy who has shown promise, and Jimmy Bivins, a ring veteran from Cleveland, tangle in the Arena tonight in a scheduled 10-round heavyweight match that offers a unique situation for St. Louis fight fans. The bout will be telecast and broadcast (CBS-TV, CBS) nationally at 10 p. m.

Miami Beach, Fla.—Larry Mujica, 135¾, New York, outpointed Diego Sosa, 136, Havana, 10.

Angels Trounce Wiltwyck Motors, 91-68; Three Brothers Trip 50 Club in Overtime

Powered by two 20-plus shooters in Andy Juhl and Ward Dunham, Harry's Angels set a seasonal scoring record in crashing Wiltwyck Motors, 91-68, last night in the Y Autumn League.

In the companion feature, the Three Bros. Farm quintet (formerly Esopus Firemen) shaded The 50 Club, 64-61, in overtime.

Juhl unloaded 27 points with a dozen fields and Dunham hit for 21 as the Angels led 21-12 at the quarter and 46-29 at halftime. Bill East contributed 18 points and Lafayette Holstein 14 to the Angels' total.

Big Bill Kleine held off the two Angel sharpshooters with a 22-point barrage. Vince Peck holed 14, while Ferrell McElrath and Percy Greene drilled 10 apiece.

Terrific Battle

The Three Bros. and 50 Club waged a spirited battle with the losers leading 33-31 at the break. The Farmers sliced the lead to a point in the third quarter and ground out a 17-16 edge in the fourth period to deadlock the score at 59-59 in regulation time.

Frank Fiore slipped in a set shot from sidecourt at least 35 feet out and followed with a free throw to put the Farmers in front, 62-59. Ronnie Brandt followed with a shot from sidecourt for a 62-61 count but with 25 seconds remaining Big Jack Doyle converted two fouls to put the game on ice.

The clubs were tied up four times in the fourth period at 47-47, 51-51, 56-56 and 59-59. Three fast points by John Burris in the last 10 seconds of the regulation set up the tie.

Big Jack was high scorer with 16 points. Frank Fiore drilled 13 and Chink Ferraro had 15. Three of the 50 Club players—John Burris, Don Smith and Ronnie Diamond—hit with 11 points.

Get Anti-Stalling Esso Extra Gasoline

FOR FAST STARTS... QUICK WARM-UP

Anti-Stalling is another big reason Esso Extra performs best in 9 out of 10 cars all year 'round

Stalling in cool, damp weather is caused by carburetor icing. You don't have to put up with this annoyance. For starting power that gets your engine going at a touch and keeps it going, try Anti-Stalling Esso Extra . . . the only gasoline that effectively combats cold engine stalling.

It's another big extra for your money in Esso Extra — the premium gasoline long famous for quick starting, fast warm-up, high anti-knock power, and long mileage! No wonder more motorists buy Esso Extra than any other premium gasoline in the area served by Esso Dealers.

Don't stall another day—try a tankful right away—enjoy Happy Motoring!

While you're at your Esso Dealer's there's certainly no better time to let him give your car a complete lubrication and careful check-up for the cold weather driving you'll be doing.

Detroit's Automotive Engineers say that cold-engine stalling has been a persistent problem for years. Under certain conditions, powerful gasolines required for today's high-compression engines evaporate and freeze moisture out of the air, "icing up" the carburetor and causing temporary stalling. This stalling is practically eliminated by the new Esso Extra Gasoline. (No gasoline, of course, can correct stalling caused by mechanical faults or electrical failure.)

KHS Frosh Win, 13-0

Two long gainers involving forward passes enabled the Kingston High School freshman football squad to defeat the Poughkeepsie yearling, 13 to 0, Saturday at Poughkeepsie.

Don Ashdown, the young baseball star, figured in both scores.

First he fired a 20-yard TD pass to Nippy Mannello to climax a 70-yard march by Kingston in the second period and then raced nearly 70 yards after taking a lateral from Bob Johnson in the fourth quarter.

Johnson intercepted a Poughkeepsie pass near the Kingston 30 and then lateralled to Ashdown who went all the way for the second Maroon touchdown.

The teams played regulation 12-minute quarters.

Kingston's win evened its seasonal record at one victory and one setback.

Coach John Gilligan's charges meet the Port Jervis frosh next Saturday at Port Jervis and wind up the four-game schedule in Kingston on Nov. 1 against Newburgh.

The Kingston lineup:

Left end, Reppert; left tackle, Gallo; left guard, Saluste; center, Godwin; right guard, DeCicco; right tackle, Neil; right end, Johnson; quarterback, Ashdown; left half, Mannello; right half, Anderson; fullback, Keiser.

London — Randolph Turpin, 158¼, London, outpointed George Angelo, 157¾, South Africa, 15 (for British Empire middleweight title). Terry Allen, 111½, London, stopped Eric Marsden, 110½, Lancashire, 6. (For British flyweight title).

Beshore Launches Comeback on Coast

Los Angeles, Oct. 22 (AP)—Heavyweight Freddie Beshore of El Monte, Calif., took a second successful step on his comeback trail last night by decisioning Abel Fernandez in 10 bruising rounds at the Olympic Auditorium. Recently he stopped Joe Kahut at Portland, Ore., in his first bout in 18 months.

A veteran of 46 fights, Beshore, 196½, nearly closed the left eye of his 22-year-old opponent. Beshore is 29. Fernandez, of Los Angeles, scaled 194. There were no knockdowns.

SPORTS

By CHARLES J. TIANO
Freeman Sports Editor

DUSO football has reached an all-time low in morale and attendance at Middletown High.

As one Middletown cynic observed last Saturday: "We have about 500 people here today, counting the two football squads, the two bands, the cheerleaders and the officials."

Jack Hughes, the Middies' athletic director who has watched Middletown fortunes disintegrate steadily under the pressure of Saturday TV, refusal of many "big boys" to report for football and other factors, viewed the future with a philosophic calm.

"We're at the fag end of a poor cycle," he said, "but we'll come back. All schools get hit that way and Middletown is no exception."

The situation looked worse than it did two years ago, a guy told Hughes.

"TV hurts, there is no doubt about that," Hughes admitted, "but there are a lot of other factors. And there is nothing so desperate about the situation that a winning team wouldn't cure."

Hughes was talking from the records. It is a matter of fact that Middletown High has experienced several lean and disastrous seasons in succession. It's been a long time since a major DUSO trophy came to rest in the halls of Middletown High.

The huge wooden scoreboard at the south end of the field seemed symbolic of the Middletown decline. It looked hollow and mocking, with gaping holes in the openings where huge numerals once proudly displayed the progress of triumphant Middie squads. It now seemed weary, battle-scarred and tired. It needed a fresh paint job, somebody to take over and a new lease on life.

Perhaps the new football field at Middletown will speed up a Blue and White sports resurgence. We never cared much for the present setup, a couple of miles south of the city in a drab setting. The automobile, of course, is supposed to overcome such obstacles but sometimes it fails in its mission.

There is strong talk in Middletown about a new coach to succeed Ed Rodiek. When all other desperate measures have failed, this is the time-honored solution—fire the football coach. Still there are a host of Middie alumni who feel the hiring of a professional coach might revive Middletown football.

A Middletown alumnus who asked that his name be withheld told us he had no complaint about Rodiek's work.

"Take a look out on the field," he said, "aren't those kids pitifully small. I can point out a half dozen in the stands right now who should be in football uniform, but they just won't come out. I feel that maybe a new coach might stir some interest and the new field could help."

Hughes, who is athletic director at the Middletown institution, was inclined to be sympathetic with Rodiek. "He's doing a good job under the circumstances. We like his work and his spirit."

The other Middletown graduate reminded this observer of the pre-Bill Burke days in Kingston.

"You should remember what the situation was in Kingston before Bill Burke came up there," he said. "You people were experiencing pretty much the same thing we're going through now. Burke lifted Kingston football from the bottom to the top in a hurry. That might happen down here."

TV is a real monster to Saturday afternoon football in Middletown. Reception is good there and hundreds of fans who normally might be sitting in Wilson Field are home beside the TV set. Others are in taverns and restaurants enjoying refreshments along with their football.

Middletown has a proud background in DUSO athletics and a resurgence is inevitable. Jack Hughes will see to that.

Meanwhile the components of the Saturday crowd told the story. Adults on the Middletown side of the field were conspicuous by their absence. There was the usual smattering of kids and male students. The girls were out in good number, cheering faithfully and exhorting their football heroes. The spirit of the lassies is wonderful and while cheering and rooting is often a strong psychological factor in victories, they still pay off in the win column.

And let's not be too smug here in Kingston. If you'll just look around, you can't miss noting that football crowds have been steadily declining at municipal stadium. Why?

SPORTSMAN'S DIGEST By Hal Sharp

MAKE A CORNCOB TURKEY CALLER!

THIS CALLER WAS ORIGINATED BY THE CHEROKEE INDIANS. IT'S SIMPLY A SHARP POINTED SLIVER OF BONE DRIVEN TIGHTLY INTO AN OLD DRIED CORNCOB FOR A HANDLE AND A CONVENIENT FLAT STONE. TRY USING DIFFERENT STONE SURFACES TO FIND ONE THAT IMITATES A TURKEY CALL. SLATE USUALLY SOUNDS WELL. A POINTED CEDAR STICK CAN BE USED IN A COB INSTEAD OF BONE WHEN SLATE IS USED.

New Eastern Names For All-America

New York, Oct. 22 (AP) — Two all-purpose linemen — Jesse Arnelle, Penn State end, and Victor Rimkus, Holy Cross tackle — headed a list of all-America football nominees this week for the Eastern region.

They were newcomers, along with guard Len D'Errico of Boston University, in a second call-over of talent which included seven repeaters from a week ago.

Harry Agganis, Boston University's sensational lefthanded quarterback, and Gene Filipski, Villanova's speedy ball-carrier, again were given special mention by the Associated Press' board of experts.

The board consists of Arthur Sampson of the Boston Herald, Ed Pollock of the Philadelphia Bulletin and Barney Madden of the Providence Journal.

Others named for the second time were three ends, Ed Woodsum of Yale, Frank McPhee of Princeton and Ed Bell of Pennsylvania; John Nichols, Harvard tackle, and Chester Millett, Holy Cross guard.

Oklahoma Captain Lineman of Week

New York, Oct. 22 (AP)—Tom Catlin, 20-year-old senior center for the University of Oklahoma, is the lineman of the week.

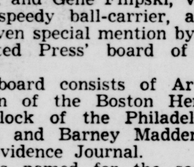

The co-captain of the Sooners today was named the winner of the Associated Press poll because of his play that proved the turning point in the Oklahoma-Kansas game last Saturday.

Oklahoma won, 42-20, but the Sooners led by only 21-20 in the second half with Kansas on the Sooner five yard line when Catlin made his key play.

On third down, 2 to go, Catlin smashed through to throw Jerry Robertson, Kansas quarterback, for a five-yard loss. Kansas lost the ball on downs on the next play.

As Bud Wilkinson, Oklahoma coach, said later "that shook Kansas' confidence and we were able to win."

BASEMENT FLOODED?
GET A KENCO SUBMERSIBLE PUMP

KENCO sump pump operates on an amazing new principle . . . no floats, electrodes, weights to cause trouble. Absolutely foolproof. The only completely submersible pump with these outstanding features:
• Motor and switch hermetically sealed.
• Never requires lubrication.
• Automatic "Liquid level" Control Switch — an exclusive Kenco feature.
• Ask us for a demonstration.

PGA Brass Backs Tourney Change

New York, Oct. 22 (AP)—Although the PGA convention doesn't get underway until November 10th, it appeared today that the proposal for changing the playing format of the famed championship has an excellent chance for survival.

The plan, presented by the Birmingham (Mich.) Country Club, site of the 1953 tournament, would go a long way toward supplanting match play with medal play.

PGA President Horton Smith and Fred Corcoran, representative of the PGA tournament committee, both were enthusiastic in their support of the planned move.

Smith, although explaining that the decision is up to the PGA membership, went on record with, "I personally favor the change."

Medal Play Favored

Corcoran, long a supporter of replacing match play golf with medal play, declared:

"Even in matches it would be better for the match to be determined on a medal score rather than on a hole-by-hole basis."

In match play the contest ends at any point that one player has won more holes than there are holes remaining to play. In medal golf, the golfer must complete the total number of holes designated for each round.

Should the proposal gain the support of the membership, the setup for the next year's PGA tourney, July 1 through July 7, would go something like this: The defending champion and 15-low scorers in four days of medal play covering 72 holes compete in four rounds of match play in the final three days.

Under the present procedure, 36 holes of qualifying reduces the field to 64 players who compete in five days of match play golf for the championship.

The increase of medal play would lessen the possibility of eliminating many of the "named" golfers in the early rounds. Thereby increasing the box office take.

KHS Frosh Win, 13-0

Two long gainers involving forward passes enabled the Kingston High School freshman football squad to defeat the Poughkeepsie yearling, 13 to 0, Saturday at Poughkeepsie.

Don Ashdown, the young baseball star, figured in both scores.

First he fired a 20-yard TD pass to Nippy Mannello to climax a 70-yard march by Kingston in the second period and then raced nearly 70 yards after taking a lateral from Bob Johnson in the fourth quarter.

Johnson intercepted a Poughkeepsie pass near the Kingston 30 and then lateralled to Ashdown who went all the way for the second Maroon touchdown.

The teams played regulation 12-minute quarters.

Kingston's win evened its seasonal record at one victory and one setback.

Coach John Gilligan's charges meet the Port Jervis frosh next Saturday at Port Jervis and wind up the four-game schedule in Kingston on Nov. 1 against Newburgh.

The Kingston lineup:

Left end, Reppert; left tackle, Gallo; left guard, Saluste; center, Godwin; right guard, DeCicco; right tackle, Neil; right end, Johnson; quarterback, Ashdown; left half, Mannello; right half, Anderson; fullback, Keiser.

London — Randolph Turpin, 158¼, London, outpointed George Angelo, 157¾, South Africa, 15 (for British Empire middleweight title). Terry Allen, 111½, London, stopped Eric Marsden, 110½, Lancashire, 6. (For British flyweight title).

Beshore Launches Comeback on Coast

Los Angeles, Oct. 22 (AP)—Heavyweight Freddie Beshore of El Monte, Calif., took a second successful step on his comeback trail last night by decisioning Abel Fernandez in 10 bruising rounds at the Olympic Auditorium. Recently he stopped Joe Kahut at Portland, Ore., in his first bout in 18 months.

A veteran of 46 fights, Beshore, 196½, nearly closed the left eye of his 22-year-old opponent. Beshore is 29. Fernandez, of Los Angeles, scaled 194. There were no knockdowns.

DUSO football has reached an all-time low in morale and attendance at Middletown High.

As one Middletown cynic observed last Saturday: "We have about 500 people here today, counting the two football squads, the two bands, the cheerleaders and the officials."

Jack Hughes, the Middies' athletic director who has watched Middletown fortunes disintegrate steadily under the pressure of Saturday TV, refusal of many "big boys" to report for football and other factors, viewed the future with a philosophic calm.

"We're at the fag end of a poor cycle," he said, "but we'll come back. All schools get hit that way and Middletown is no exception."

The situation looked worse than it did two years ago, a guy told Hughes.

"TV hurts, there is no doubt about that," Hughes admitted, "but there are a lot of other factors. And there is nothing so desperate about the situation that a winning team wouldn't cure."

Hughes was talking from the records. It is a matter of fact that Middletown High has experienced several lean and disastrous seasons in succession. It's been a long time since a major DUSO trophy came to rest in the halls of Middletown High.

The huge wooden scoreboard at the south end of the field seemed symbolic of the Middletown decline. It looked hollow and mocking, with gaping holes in the openings where huge numerals once proudly displayed the progress of triumphant Middie squads. It now seemed weary, battle-scarred and tired. It needed a fresh paint job, somebody to take over and a new lease on life.

Perhaps the new football field at Middletown will speed up a Blue and White sports resurgence. We never cared much for the present setup, a couple of miles south of the city in a drab setting. The automobile, of course, is supposed to overcome such obstacles but sometimes it fails in its mission.

There is strong talk in Middletown about a new coach to succeed Ed Rodiek. When all other desperate measures have failed, this is the time-honored solution—fire the football coach. Still there are a host of Middie alumni who feel the hiring of a professional coach might revive Middletown football.

A Middletown alumnus who asked that his name be withheld told us he had no complaint about Rodiek's work.

"Take a look out on the field," he said, "aren't those kids pitifully small. I can point out a half dozen in the stands right now who should be in football uniform but they just won't come out. I feel that maybe a new coach might stir some interest and the new field could help."

Hughes, who is athletic director at the Middletown institution, was inclined to be sympathetic with Rodiek. "He's doing a good job under the circumstances. We like his work and his spirit."

The other Middletown graduate reminded this observer of the pre-Bill Burke days in Kingston.

"You should remember what the situation was in Kingston before Bill Burke came up there," he said. "You people were experiencing pretty much the same thing we're going through now. Burke lifted Kingston football from the bottom to the top in a hurry. That might happen down here."

TV is a real monster to Saturday afternoon football in Middletown. Reception is good there and hundreds of fans who normally might be sitting in Wilson Field are home beside the TV set. Others are in taverns and restaurants enjoying refreshments along with their football.

Middletown has a proud background in DUSO athletics and a resurgence is inevitable. Jack Hughes will see to that.

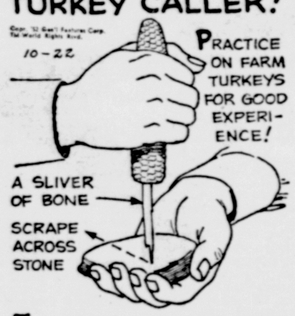

Meanwhile the components of the Saturday crowd told the story. Adults on the Middletown side of the field were conspicuous by their absence. There was the usual smattering of kids and male students. The girls were out in good number, cheering faithfully and exhorting their football heroes. The spirit of the lassies is wonderful and while cheering and rooting is often a strong psychological factor in victories, they still pay off in the win column.

And let's not be too smug here in Kingston. If you'll just look around, you can't miss noting that football crowds have been steadily declining at municipal stadium. Why?

SPORTSMAN'S DIGEST

By Hal Sharp

MAKE A CORNCOB TURKEY CALLER!

THIS CALLER WAS ORIGINATED BY THE CHEROKEE INDIANS. IT'S SIMPLY A SHARP POINTED SLIVER OF BONE DRIVEN TIGHTLY INTO AN OLD DRIED CORNCOB FOR A HANDLE AND A CONVENIENT FLAT STONE. TRY USING DIFFERENT STONE SURFACES TO FIND ONE THAT IMITATES A TURKEY CALL. SLATE USUALLY SOUNDS WELL. A POINTED CEDAR STICK CAN BE USED IN A COB INSTEAD OF BONE WHEN SLATE IS USED.

Fights Last Night

(By The Associated Press)

Los Angeles—Freddie Beshore, 196½, Los Angeles, outpointed Abel Fernandez, 194, Los Angeles, 10.

Newark, N. J.—Marcelino Armenteros, 153, Havana, knocked out Leonard Ingram, 145, Philadelphia, 3.

White Plains, N. Y.—Irving Palefsky, 155¼, New York, outpointed Pete Arebalo, 155¾, Brooklyn, 8.

New Eastern Names For All-America

New York, Oct. 22 (AP) — Two all-purpose linemen — Jesse Arnelle, Penn State end, and Victor Rimkus, Holy Cross tackle — headed a list of all-America football nominees this week for the Eastern region.

They were newcomers, along with guard Len D'Errico of Boston University, in a second call-over of talent which included seven repeaters from a week ago.

Harry Agganis, Boston University's sensational lefthanded quarterback, and Gene Filipski, Villanova's speedy ball-carrier, again were given special mention by the Associated Press' board of experts.

The board consists of Arthur Sampson of the Boston Herald, Ed Pollock of the Philadelphia Bulletin and Barney Madden of the Providence Journal.

Others named for the second time were three ends, Ed Woodsum of Yale, Frank McPhee of Princeton and Ed Bell of Pennsylvania; John Nichols, Harvard tackle, and Chester Millett, Holy Cross guard.

Oklahoma Captain Lineman of Week

New York, Oct. 22 (AP)—Tom Catlin, 20-year-old senior center for the University of Oklahoma, is the lineman of the week.

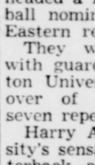

The co-captain of the Sooners today was named the winner of the Associated Press poll because of his play that proved the turning point in the Oklahoma-Kansas game last Saturday.

Oklahoma won, 42-20, but the Sooners led by only 21-20 in the second half with Kansas on the Sooner five yard line when Catlin made his key play.

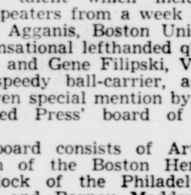

On third down, 2 to go, Catlin smashed through to throw Jerry Robertson, Kansas quarterback, for a five-yard loss. Kansas lost the ball on downs on the next play.

As Bud Wilkinson, Oklahoma coach, said later "that shook Kansas' confidence and we were able to win."

BASEMENT FLOODED?

GET A KENCO SUBMERSIBLE PUMP

KENCO sump pump operates on an amazing new principle . . . no floats, electrodes, weights to cause trouble. Absolutely foolproof. The only completely submersible pump with these outstanding features:

• Motor and switch hermetically sealed.
• Never requires lubrication.
• Automatic "Liquid level" Control Switch — an exclusive Kenco feature.
• Ask us for a demonstration.

PGA Brass Backs Tourney Change

New York, Oct. 22 (AP)—Although the PGA convention doesn't get underway until November 10th, it appeared today that the proposal for changing the playing format of the famed championship has an excellent chance for survival.

The plan, presented by the Birmingham (Mich.) Country Club, site of the 1953 tournament, would go a long way toward supplanting match play with medal play.

PGA President Horton Smith and Fred Corcoran, representative of the PGA tournament committee, both were enthusiastic in their support of the planned move.

Smith, although explaining that the decision is up to the PGA membership, went on record with, "I personally favor the change."

Medal Play Favored

Corcoran, long a supporter of replacing match play golf with medal play, declared:

"Even in matches it would be better for the match to be determined on a medal score rather than on a hole-by-hole basis."

In match play the contest ends at any point that one player has won more holes than there are holes remaining to play. In medal golf, the golfer must complete the total number of holes designated for each round.

Should the proposal gain the support of the membership, the setup for the next year's PGA tourney, July 1 through July 7, would go something like this: The defending champion and 15-low scorers in four days of medal play covering 72 holes compete in four rounds of match play in the final three days.

Under the present procedure, 36 holes of qualifying reduces the field to 64 players who compete in five days of match play golf for the championship.

The increase of medal play would lessen the possibility of eliminating many of the "named" golfers in the early rounds. Thereby increasing the box office take.

NEW! TWIN H-POWER

...EXTRA PUNCH from every drop of gas

SENSATIONAL ENGINE DEVELOPMENT
gives you complete command throughout your driving range

Take fair warning: Once you try new Twin H-Power in a Hudson, you'll be spoiled for any other car!

This sensational new engine advance features a multiple-fueling system that enables Hudson's great high-compression engines to develop more power from every drop of gas . . . premium-grade fuel is *not* required!

In the city or on the highway, at the speeds *you* use most in *your* daily driving, Twin H-Power gives you lightning-like getaway and tremendous reserve power. *You must try Twin H-Power yourself to believe it!*

Twin H-Power teams up with Hudson's exclusive "step-down" design (which provides the lowest center of gravity in any American car) to bring you the liveliest, yet safest and steadiest, ride ever known. You can handle a Hudson with perfect assurance and ease on the roughest roads and in the sharpest curves.

Performance plus when you need it most—that's Hudson's amazing new Twin H-Power. Come in, try it today. Or phone us and a Twin H-Powered Hudson will be brought to your door. Twin H-Power is available at slight extra cost on the Hudson Hornet, Hudson Wasp and Commodore Six.

New Dual-Range Hydra-Matic Drive or Overdrive and Solex Safety Glass (tinted, anti-glare) optional at extra cost on all Hudson models for '52, which include the Hudson Hornet, Hudson Wasp, Commodores Six and Eight, and the thrifty Pacemaker.

IN THE FABULOUS HUDSON HORNET
SPECTACULAR HUDSON WASP, LUXURIOUS COMMODORE SIX

EMPLOYMENT

NOTICE TO JOB APPLICANTS

The Kingston Daily Freeman does not knowingly accept Help Wanted advertisements from firms covered by the federal Wage and Hour Law if they offer less than the legal minimum wage. Firms engaged in interstate commerce or in the production of goods for commerce must now pay at least 75 cents an hour and time and one-half for overtime under the federal Wage and Hour Law. Job-seekers offered less by covered firms should notify the Wage and Hour Division, U. S. Department of Labor, at 325 Federal Bldg., Albany, N. Y., phone AL-6-7611.

BOWLING

Don McConnell's 641 New Central Record; Max Chirlin's 638 Sets GNL New High

Don McConnell of the Central Rec League and Max Chirlin of the Good Neighbor wheel came up with record-breaking performances in last night's round of bowling.

McConnell rattled the Railroad avenue planks with scores of 210, 221 and 210 for a 641 series. The total eclipsed the former individual series record of 626 held by Big Bill Johnson.

Chirlin's 200-255-183-638 was a new seasonal record in the Good Neighbor League.

Riding on McConnell's big blast, the Haber's Grill squad set a new team series record of 2748 in the Central Rec. The old mark of 2712 was held by Hamburger Paradise.

Johnson Shoots 584

Bill Johnson's 222-221 gave him a fast start toward a good chance to raise his own personal record but he slumped to 141 in the third game and settled for 584. It was still good enough for the runner-up spot.

Harry Hines bowled 225-579 and Earl Sleight tied that figure with a 200 tops. Jack Haber hit 572; Eddie Heins rolled 204-571; F. Bruno 220-562; Bill Hornbeck 204-553; Ray Houghtaling 231-535; Carl Bowser 531 and Bilf Pieper 530. Emil Jordan socked a 224 solo.

Two big singles highlighted the runnerup action in the Good Neighbor circuit. Moe Lazarowitz fired 243 in his third game and totalled 565. Seymour Halpern had a 237 and 553. Jake Chichelsky (208) shot 548 and Eddie Bahl posted 538. Herm Kreppel reeled off 220-527; Murray Greene 525; Dave Mendel 519 and George Goldfarb 513.

Dayton Tops Federation

E. Dayton's 563 on consistent shooting of 186-189-188 emerged as the highest series in the International division of the Federation Church League. G. Boice and J. Steele shot 496 and 494. R. Fatum, G. Howland (208) and B. Hyatt (201) were deadlocked at 479s and D. Donaldson fired a 482.

Leading the National firing was Jack Garon with 163-213-141-517. H. Smith shot 511; Bill MacElveen 505; J. Foster 499; Irving Kotrady 495; A. Thiel 476; Ferd Short 470.

George Shufeldt was the scoring leader in the Ferraro Mixed League with a 574 series. Games of 191, 161 and 222 accounted for the big series.

Runnerup Bill Lawrence fashioned 221-545 and F. Zimmerman tossed 534; Eddie Auclair 530; Bob Gorsline 511 and John North 501. John Covey shot 487 and Marie Bechtold led the distaff department with 474.

Sam Turck's 578, with 209-170-199, led the Junior Major League this week with Ernie Bartroff firing 203-211-574 and Paul Trodler tieing that mark with a 216 solo. Paul Khederian rolled 555, Herb Sleight 202-550; Hans Maylahn 513; Howard Minard 236-512; Joe Markle 504; Herbie Williams 498 and B. Conlin 495.

Hartwick Cagers Face Heavy Slate

Oneonta — Home attractions with top-notch intersectional opponents each month highlight the 23-game Hartwick College varsity basketball schedule released today by athletic director Thomas H. Greene.

Regarded by Coach Greene as "as tough a schedule as we've ever played," the slate includes seven newcomers. They are: Hillyer College of Hartford, Conn.; Tufts College; Worcester Polytechnic; Memphis State College; Roberts Wesleyan; Clark University and Bucknell University.

Opening game is slated for December 4 when Arnold College faces the Iroquois in the Hartwick fieldhouse, site of all home contests this season.

Stellar attractions which await Central New York fans include: Maryland State College, December 12; Sampson Air Base, January 9; Memphis State College, January 20; Quantico Marines, February 21; and Bucknell, March 6.

Three Fined $165 For Early Shooting

Three men were arrested early Monday morning at the East Kingston Rod and Gun Club for shooting pheasants before the season officially opened.

The men, apprehended by Game Protectors Henry Bernstein and James Overbaugh, were arraigned before Justice of the Peace Harold Macholdt of the Town of Ulster and fined a total of $165. Bernstein said the men were arrested at 6:45 a. m., whereas shooting hour on Monday, opening day for pheasants, didn't begin until 9 a. m.

John Tiano of East Kingston who, Bernstein reported, had a pheasant when apprehended, pleaded guilty and was fined $85. Nuncio Avella of 179 Abeel street was found guilty after trial and fined $50. Christian Lindhurst of 6 Charlotte Place pleaded guilty and was fined $30.

Glass Fact

The Roman historian, Pliny, believed that the first man-made glass was the accidental result of a fire built on the beach by Phoenician mariners (about 10,000 B.C.). The terrific heat of the fire had caused sand, soda and potash (from burned wood) to blend into a substance which was found hard and sparkling in the sand.

Injured in Hunting Accident Monday

Arthur Barley of Marlborough suffered a serious accident Monday morning while hunting near Mt. St. Alphonsus at Esopus when a stray shot from a shotgun struck him in the eye.

With his two sons, George and Richard Barley, and another companion, he was hunting rabbits when the accident happened.

It is assumed that a shot from a gun struck a rock and caromed off striking him in the eye. He was taken to Medical Center in New York city where yesterday efforts were being made to eliminate the necessity of removal of the eye. Sight in the eye is reported to have been lost.

Would Repeal Taxes

Los Angeles, Oct. 22 (AP)—Former actress Corinne Griffith, actor Charles Coburn and others are listed as proponents of a national campaign to repeal federal income taxes. The group will seek repeal of the 16th or federal income tax amendment to the Constitution.

BOWLING

Don McConnell's 641 New Central Record; Max Chirlin's 638 Sets GNL New High

Don McConnell of the Central Rec League and Max Chirlin of the Good Neighbor wheel came up with record-breaking performances in last night's round of bowling.

McConnell rattled the Railroad avenue planks with scores of 210, 221 and 210 for a 641 series. The total eclipsed the former individual series record of 626 held by Big Bill Johnson.

Chirlin's 200-255-183-638 was a new seasonal record in the Good Neighbor League.

Riding on McConnell's big blast, the Haber's Grill squad set a new team series record of 2748 in the Central Rec. The old mark of 2712 was held by Hamburger Paradise.

Johnson Shoots 584

Bill Johnson's 222-221 gave him a fast start toward a good chance to raise his own personal record but he slumped to 141 in the third game and settled for 584. It was still good enough for the runner-up spot.

Harry Hines bowled 225-579 and Earl Sleight tied that figure with a 200 tops. Jack Haber hit 572; Eddie Heins rolled 204-571; F. Bruno 220-562; Bill Hornbeck 204-553; Ray Houghtaling 231-535; Carl Bowser 531 and Bill Pieper 530. Emil Jordan socked a 224 solo.

Two big singles highlighted the runnerup action in the Good Neighbor circuit. Moe Lazarowitz fired 243 in his third game and totalled 565. Seymour Halpern had a 237 and 553. Jake Chichelsky (208) shot 548 and Eddie Bahl posted 538. Herm Kreppel reeled off 220-527; Murray Greene 525; Dave Mendel 519 and George Goldfarb 513.

Dayton Tops Federation

E. Dayton's 563 on consistent shooting of 186-189-188 emerged as the highest series in the International division of the Federation Church League. G. Boice and J. Steele shot 496 and 494. R. Fatum, G. Howland (208) and B. Hyatt (201) were deadlocked at 479s and D. Donaldson fired a 482.

Leading the National firing was Jack Garon with 163-213-141-517. H. Smith shot 511; Bill MacElveen 505; J. Foster 499; Irving Kotrady 495; A. Thiel 476; Ferd Short 470.

George Shufeldt was the scoring leader in the Ferraro Mixed League with a 574 series. Games of 191, 161 and 222 accounted for the big series.

Runnerup Bill Lawrence fashioned 221-545 and F. Zimmerman tossed 534; Eddie Auclair 530; Bob Gorsline 511 and John North 501. John Covey shot 487 and Marie Bechtold led the distaff department with 474.

Sam Turck's 578, with 209-170-199 led the Junior Major League this week with Ernie Bartroff firing 203-211-574 and Paul Trodler tieing that mark with a 216 solo. Paul Khederian rolled 555, Herb Sleight 202-550; Hans Maylahn 513; Howard Minard 236-512; Joe Markle 504; Herbie Williams 498 and B. Conlin 495.

Hartwick Cagers Face Heavy Slate

Oneonta — Home attractions with top-notch intersectional opponents each month highlight the 23-game Hartwick College varsity basketball schedule released today by athletic director Thomas H. Greene.

Regarded by Coach Greene as "as tough a schedule as we've ever played," the slate includes seven newcomers. They are: Hillyer College of Hartford, Conn.; Tufts College; Worcester Polytechnic; Memphis State College; Roberts Wesleyan; Clark University and Bucknell University.

Opening game is slated for December 4 when Arnold College faces the Iroquois in the Hartwick fieldhouse, site of all home contests this season.

Stellar attractions which await Central New York fans include: Maryland State College, December 12; Sampson Air Base, January 9; Memphis State College, January 20; Quantico Marines, February 21; and Bucknell, March 6.

Three Fined $165 For Early Shooting

Three men were arrested early Monday morning at the East Kingston Rod and Gun Club for shooting pheasants before the season officially opened.

The men, apprehended by Game Protectors Henry Bernstein and James Overbaugh, were arraigned before Justice of the Peace Harold Macholdt of the Town of Ulster and fined a total of $165. Bernstein said the men were arrested at 6:45 a. m., whereas shooting hour on Monday, opening day for pheasants, didn't begin until 9 a. m.

John Tiano of East Kingston who, Bernstein reported, had a pheasant when apprehended, pleaded guilty and was fined $85. Nuncio Avella of 179 Abeel street was found guilty after trial and fined $50. Christian Lindhurst of 6 Charlotte Place pleaded guilty and was fined $30.

Glass Fact

The Roman historian, Pliny, believed that the first man-made glass was the accidental result of a fire built on the beach by Phoenician mariners (about 10,000 B.C.). The terrific heat of the fire had caused sand, soda and potash (from burned wood) to blend into a substance which was found hard and sparkling in the sand.

Answer to Previous Puzzle

Injured in Hunting Accident Monday

Arthur Barley of Marlborough suffered a serious accident Monday morning while hunting near Mt. St. Alphonsus at Esopus when a stray shot from a shotgun struck him in the eye.

With his two sons, George and Richard Barley, and another companion, he was hunting rabbits when the accident happened.

It is assumed that a shot from a gun struck a rock and caromed off striking him in the eye. He was taken to Medical Center in New York city where yesterday efforts were being made to eliminate the necessity of removal of the eye. Sight in the eye is reported to have been lost.

The Weather

WEDNESDAY, OCT. 22, 1952

Sun rises at 6:05 a. m.; sun sets at 4:52 p. m., E.S.T.
Weather, clear.

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 38 degrees. The highest figure recorded up to noon today was 58 degrees.

Weather Forecast

New York city and vicinity: Sunny and warmer today than

yesterday, high in the low 60s. Fair and not quite so cool tonight, low in the mid-40s, except 35 to 40 in the northern suburbs. Thursday fair and pleasant.

Eastern New York: Clear, rather windy and not quite as cold tonight, lowest 38 to 44. Thursday sunny and mild.

The city engineer's weather records today showed a temperature of 51 degrees at 10 a. m., a barometric pressure of 29.80 inches, a humidity of 72 per cent, and a southwest wind with a velocity of eight miles an hour. The high temperature yesterday was 55 at 3 p. m., and the low 29 at 6 a. m. The mean temperature was 42 and the normal is 52. The humidity was 82 at 7 a. m., and 32 at 4 p. m. The barometric pressure was 29.85 at 9 a. m., and 29.72 at 4 p. m. The top velocity of a northwest wind was 42 miles

Trooper Exams Are Announced

An open competitive examination of candidates for trooper, executive department, Division of State Police, will be held Dec. 4 at various places throughout the state.

Exams are now scheduled for Albany, Binghamton, Buffalo, Malone, Syracuse, White Plains and at such other places as may be designated.

Salary for the position ranges from $2,370 to $4,270.08 per annum, plus lodging, food or allowance in lieu thereof and all service clothing and equipment.

Application must be submitted on blanks provided by the superintendent and may be obtained in person or by mail from the Division of State Police, Capitol, Albany. Applications must be filed with the department before midnight, Nov. 28.

Bigger Vote . . .

publican strongpoint, had 374,438 registrations. This gain, of nearly 18 per cent, is 53,531-more than four years ago.

Increased registrations also were recorded in three upstate counties which gave President Truman slender margins over Gov. Dewey in 1948. They are Erie (Buffalo), Monroe (Rochester), and Oneida (Utica).

Erie is Biggest

The biggest increase was in Erie, where 493,357 are on the rolls, 62,480 more than the 430,877 of four years ago. The jump is approximately 14½ per cent.

Oneida county registered 130,509, compared with 117,558 in 1948, an increase of 12,951, or about 11 per cent.

Onondaga county, a Republican controlled area, reported 203,450 registrations, 21,827 more than in 1948, a gain of 12 per cent. Syracuse is the county seat.

Officials registration figures are expected late this week from the State Election Board, which also uses figures from the County Election Boards.

The number of election districts, the 1952 registration, and the 1948 registration, includes:

Dutchess	96	79,897	68,193
Nassau	509	512,112	332,469
Orange	115	87,865	79,706
Putnam	19	24,332	20,883
Suffolk	216	198,457	154,077
Sullivan	48	32,748	31,030
Ulster	91	66,509	61,001
Westchester .	466	374,438	320,907

Tobin Denies . . .

ington "in the midst of prosperity" and Tobin charged that it was the ensuing isolation policy of the Republican party that "led us to war."

Tobin referred to the 1929 depression, the many bank failures and the recession in business which he charged had been halted by the "administrative ingenuity" of the Democratic party and which he said had brought great prosperity to the country. Legislation which brought about this prosperity, including the National Recovery Act, Social Security program and many others, Tobin said was the result of Democratic policies. He charged that for 20 years the Republican party had not proposed any constructive ideas but had been "obstructionists." He called them a party of "no vision."

Touching on controls, Tobin said in 1946 the Republican law makers had urged that controls be eliminated so that supply and demand could correct prices. He charged that within 18 months after controls were off the cost of living rose 25 per cent. This increased cost of living he charged could be laid to the Republican Congress and he said that in spite of the increased cost of living the increase in income to the worker was still one half of one per cent above the cost of living. Inflation cannot be avoided without controls, Tobin said.

Tobin credited the Truman administration with stamping out Communism in Greece and Turkey where our Marshall aid money, he said, was responsible for strengthening both countries and aligning them strongly with us.

Stevenson does not want war but his policy will be one of spending money to halt war. The opposition party, Tobin charged, was unwilling to spend money to halt Communism.

Talk of infiltration of Communists in the government, Tobin said was not true. There was some infiltration but he denied any large amount and said under the Truman administration Communism had been cut down in this country and there were fewer "card carrying" Communists now in this country than in 1948. He warned that the philosophy of Communism can interest people with empty stomachs far better than our own philosophy unless we continue to give aid to the needy.

In closing Tobin said it was folly when Senator Nixon stated that Selective Service would be abolished if Eisenhower were elected and he urged for "less politics in foreign policy."

Presentations Made

Prior to Secretary Tobin being introduced by Chairman Plunket, Larry Quilty, chairman of the dinner program, presented William A. Kelly, secretary of the Democratic County Committee, who acted as toastmaster and presented the following candidates who gave brief talks: Walter Donnaruma, candidate for Congress; Judge Russell Hunt, Supreme Court candidate; William F. Hagan, candidate for state senator; John L. Schoonmaker, member of Assembly; Fred C. Harder, candidate for county treasurer; Thomas J. Plunket, candidate for district attorney. Democratic State Committeeman William Bennett was also presented as was Richard McSpevon, surveyor of the Port of New York.

Mrs. Raymond McAndrew, president of the Ulster County Democratic Women's Club, was also introduced and Chairman Quilty also introduced the two daughters of Secretary of Labor Tobin, who accompanied their father to Kingston from a Westchester county school which they attend.

Home Bureau

Bloomingdale Unit

The Bloomingdale unit of the Home Bureau will meet Tuesday, Oct. 28, in the Bloomingdale Reformed Church. The final lesson on chair caning will be given in the morning by Mrs. Fatum and Mrs. Hilterbrandt. At noon, there will be a covered dish luncheon. Place settings should be brought by those attending. In the afternoon, orders will be taken for aluminum trays. All members and those interested in the Home Bureau are invited.

Chair Caning Class

A planning class in chair caning under the leadership of the Mmes. Jacob Myers, Francis Bongartz and William Lawless will be held Oct. 29 from 2 to 4 p. m. at 410 Broadway. Those interested may call Mrs. Myers, 776.

Smith Still Leading

The surnames Johnson, Brown, Williams, Jones and Miller have been among the leaders in popularity in the United States but ranking behind the name Smith.

About 1,055 boys are born for every thousand girls.

For the past 11 years church membership in the United States has increased about 2 per cent a year.

Now you Know!
The answers to everyday insurance problems
By HERMAN J. EATON

QUESTION: My sister had a valuable ring stolen. She had it insured for $1000.00 and the insurance Company paid her. Since the ring is worth considerably more to her for sentimental reasons I would like to know if she can get it back if the insurance people ever recover it.
ANSWER: Yes, if the Company recovers the ring she can get it by returning the money the insurance Company paid her.
•If you'll address your own insurance questions to this office we'll try to give you the correct answers and there will be NO CHARGE OR OBLIGATION OF ANY KIND.

High-Tax Harry may be dwarfed by the stature of previous presidents—but his merry tax collectors have raised a monument to Insatiable Greed that tops anything ever known to Americans.

If you'd like to know what this $310 billion means to you as, say, a married person with 2 children, here's the score.

If you earned $2,000 in 1940, you need $4,165 today to "have it so good" after swollen taxes and attendant inflation! $3,000 earnings in 1940 matched $6,595 today—and if you earned $4,000 then, you need $9,010 now, to be as good a breadwinner.

So it's not your fault if you have to scramble like mad to make both ends meet.

But it IS your fault if you let this continue. It IS your fault if you believe the Tax-and-Spend Boys will ever reform.

Come Election Day, you'll have your last chance in 4 long years to keep a fairer share of your earnings. Don't miss that chance.

Vote for EISENHOWER and NIXON
and a Republican Congress!

ULSTER COUNTY REPUBLICAN COMMITTEE

The Weather

WEDNESDAY, OCT. 22, 1952

Sun rises at 6:05 a. m.; sun sets at 4:52 p. m., E.S.T.

Weather, clear.

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 38 degrees. The highest figure recorded up to noon today was 58 degrees.

Weather Forecast

New York city and vicinity: Sunny and warmer today than

yesterday, high in the low 60s. Fair and not quite so cool tonight, low in the mid-40s, except 35 to 40 in the northern suburbs. Thursday fair and pleasant.

Eastern New York: Clear, rather windy and not quite as cold tonight, lowest 38 to 44. Thursday sunny and mild.

The city engineer's weather records today showed a temperature of 51 degrees at 10 a. m., a barometric pressure of 29.80 inches, a humidity of 72 per cent, and a southwest wind with a velocity of eight miles an hour. The high temperature yesterday was 55 at 3 p. m., and the low 29 at 6 a. m. The mean temperature was 42 and the normal is 52. The humidity was 82 at 7 a. m., and 32 at 4 p. m. The barometric pressure was 29.85 at 9 a. m., and 29.72 at 4 p. m. The top velocity of a northwest wind was 42 miles

Trooper Exams Are Announced

An open competitive examination of candidates for trooper, executive department, Division of State Police, will be held Dec. 4 at various places throughout the state.

Exams are now scheduled for Albany, Binghamton, Buffalo, Malone, Syracuse, White Plains and at such other places as may be designated.

Salary for the position ranges from $2,370 to $4,270.08 per annum, plus lodging, food or allowance in lieu thereof and all service clothing and equipment.

Application must be submitted on blanks provided by the superintendent and may be obtained in person or by mail from the Division of State Police, Capitol, Albany. Applications must be filed with the department before midnight, Nov. 28.

Bigger Vote . . .

publican strongpoint, had 374,438 registrations. This gain, of nearly 18 per cent, is 53,531-more than four years ago.

Increased registrations also were recorded in three upstate counties which gave President Truman slender margins over Gov. Dewey in 1948. They are Erie (Buffalo), Monroe (Rochester), and Oneida (Utica).
